OLIVIA MANNING

The well-known Authoress writes

"I enjoyed your book very much and am sure it will be welcomed by all Cat lovers. It seems to tell one all one would wish to know, really to be quite conclusive. I have read other Cat books but none approaches the standard of information in your book, nor have they the atmosphere of human warmth and reassurance which makes so much difference."

KIT WILSON

International Judge, Journalist and Editor of "Cat Fancy," writes

"Those who read this book should, if they follow its teaching, find that the Siamese cat is by no means the complex creature many suppose it to be. Mrs K. R. Williams' book is a worthy successor to Phyl Wade's book and should find a place on every cat lover's bookshelf."

It is indexed for easy reference and illustrated with 11 line drawings and sketches, and upwards of 60 photographs.
