SHOW RULES

1.—Exhibitors are responsible for the correct description of their cats, and if dispute arises after purchase shall (on proof of false or erroneous entry) receive back the exhibit, and refund to the purchaser the full amount paid, and shall forfeit the commission charged on the sale by the Committee.

2.—**Sale of Exhibits** must be made at the Secretary's table ONLY, and payment made at the time they are claimed. Ten per cent. will be deducted from all catalogue prices on sales made at or through the Show, and no deduction can be made during the Exhibition except by payment of 2s. per cat. Price of cat does not include basket or blanket. All cats and kittens are examined by a Veterinary Surgeon and passed as free from all disease before admission to the Show, but the Siamese Cat Club cannot hold themselves responsible for cats or kittens bought at the Show.

3.—Judges are empowered to withhold any prize or championships in any class if the exhibits do not in their opinion possess sufficient merit.

4.—Prizes will be paid from the judges' award slips and not from the catalogue, and cats will be sold from the entry forms and not from the catalogue.

Special Prizes. It will be noticed that all Club Specials are confined to fully paid up members. Members exhibiting should make sure that they have paid their subscriptions for 1950 to avoid disappointment.

5.—No interior or exterior decorations or distinguishing objects such as coloured blankets, water pots, food pots, white or coloured cushions, playthings, etc. will be allowed in or on the pens in any circumstances whatever, and it will be an instruction to the Judges to pass any pen so distinguished. Plain white blankets only without markings and small sanitary tins are allowed. Hot water bottles in plain white covers with no distinguishing mark will be allowed in the pen during the Show.

No stud advertisements or written or printed matter of any kind, other than the official award cards, may be put on the pens. Exhibitors wishing to advertise for sale a cat or kittens which are not priced in the catalogue must apply at the Secretary's table for an official "For Sale" card.

6.—Should any judges be prevented from fulfilling their engagements, the Committee reserve to themselves the right of appointing other judges in their stead.

7.—Entries unaccompanied by the proper amount of fees will not be accepted.

8.—Exhibits actually received in the Show Hall cannot be withdrawn from competition.

9.—The Committee reserve to themselves the right to refuse any entry without giving a reason.

10.—An announcement in "Fur and Feather" of any alteration or addition made in the Schedule or in these Regulations shall be deemed sufficient notice thereof.

11.—All correspondence must be accompanied by a **stamped addressed envelope** if a reply is desired.

12.—The Committee will be most anxious for the care and safety of the cats sent for exhibition; but it must be distinctly understood by Exhibitors and all other persons that the Committee will not be responsible for the loss, detention of, or damage to any cats or other property, whether arising from accident or any other causes whatsoever, or from any act or omission of themselves, their officers, agents, servants, or others.

13.—ALL COMPLAINTS must be made in WRITING WITHIN SEVEN DAYS to the SHOW MANAGER.

14.—Every Exhibit should be properly and comfortably packed. Any exhibitor not fulfilling this condition, the Committee reserve the right to take such action as they think fit.

Early Removals.—No early removals will be allowed except exhibits which have been sold. These may be removed at 4 p.m.

STUDY OF CAT NUTRITION YIELDS IMPORTANT FEEDING FACTS

Relatively little research has been done until recently on the complete nutrition of the cat. It has now been shown, however, that a large percentage of cats kept in the home are fed on a diet which is definitely deficient in essential nutrients.

It is good to be able to report, therefore, that a chemical analysis of Kit-E-Kat has shown this well known food to contain every nutrition element that cats need, in what our present knowledge indicates as the right proportion.

Kit-E-Kat is made basically from fish and liver and contains the essential 'B' vitamins and amino acids. It is, of course, very tasty from a cat's point of view and is now being widely used by breeders to maintain good condition.

The proximate analysis of Kit-E-Kat is: Protein 10.1%, Carbohydrate 17.5%, Fat 3.5%, Moisture 65.6%, Ash 2.9% and in addition significant amounts of Vitamin B₁, Riboflavin, Amino Acids and the important Trace Minerals. Tins of Kit-E-Kat, ready cooked and easily stored, cost 10½d.
