THE KENTISH CAT SOCIETY

Founded in 1931 by the Misses Peake and Ridley of Smarden, its first Summer Show was held in 1932 and became an annual event until the war.

The first post-war Show was held in Tunbridge Wells in 1952, and the Society's All Breed Show is now again an annual event.

The Society offers to its Members: —

Advice on the management of cats, both pedigree and domestic pets.

Numerous Trophies for competition at its own All Breed Show.

Guaranteed Classes at all leading Shows in the South of England.

A Points Cup to be won outright during the 1961-62 Show season.

Subscription: 5/- a year. Life Membership: £3 3s. 0d.

Enquiries will be welcomed by the Hon. Secretary: —

MRS. H. G. PHILPOT,

Four Seasons,

BITCHET GREEN,

Near Sevenoaks, Kent.

Telephone: Sevenoaks 61310.

Every effort will be made at this Show to minimise the spread of disease. Exhibitors are particularly requested to co-operate, and during the Show to assist by ensuring that the public do not touch the exhibits.

*Direct trains from Charing Cross to Maidstone West station, 1½ hours.
From Victoria to Maidstone East, 1 hour.*

Exhibitors are warned that as Market Buildings is a one-way street no parking outside the Corn Exchange is permitted by the Police, and waiting is forbidden except for putting down passengers and unloading. There are several Car Parks within a short distance of the Show Hall, and parking is allowed in Earl Street for not longer than 30 minutes.

No stud advertisement or written or printed matter of any kind, other than the official award cards, may be put on the pens. Exhibitors wishing to advertise for sale a Cat or Kitten which is not priced in the catalogue must apply at the Secretary's table for an official "For Sale" card.

No queen in kitten nor any nursing queen may be exhibited. A nursing queen may, however, accompany her litter.

A litter may not be shown or a kitten or kittens sold under the age of two calendar months.

TWEEDLEDUM

Bred by Mrs. Ashford, and now owned by Mrs. Lowcock.

Mrs. A. E. Ashford, S.R.N., of Roundwell, Bearsted, Nr. Maidstone, Kent, owner-breeder of the Annelida Siamese, writes:—

"All my kittens are very enthusiastic about your wonderful Kit-zyme Tablets which I have used since I first started to keep Siamese. They are given half a tablet with their first solid food and are soon demanding an increased ration. It is amusing to see the older cats show the youngsters how to help themselves from the jar. Tweedledum, who has won many prizes at Shows, is giving a demonstration in the photograph! Incidentally, his new owner, Mrs. Lowcock, also owns the prize-winning Nefertiti whose dam is Annelida Juno.

"I have had the good fortune to breed several cats who have since distinguished themselves at Shows and I attribute their good health and lovely coats to the regular use of Kit-zyme and Kenadex. My brood Queens also have Stress throughout pregnancy and when nursing their kittens. Indeed, I feel sure that if all cat owners would regularly use your products and also have their cats and kittens vaccinated against the dreaded infectious enteritis we would soon reduce the mortality rate of both pedigree and pet cats."

KIT-ZYME WILL BENEFIT YOUR CAT TOO
It is a natural Tonic and Conditioner - NOT a purgative

Keep them in PRIZE CONDITION

Many of the Country's leading breeders have adopted the simple, efficient ENTEROFAGOS method for the regular protection of their stock against the risk of microbic intestinal infection.

ENTERITIS • DISTEMPER SHOW-FEVER

ENTEROFAGOS Polyvalent Bacteriophage is supplied in glass ampoules, each containing one dose, which is given by mouth. ENTEROFAGOS is administered each week, with additional dosages immediately prior to Showing.

The product is completely harmless and safe to give at the first sign of trouble, even before the exact cause of infection has been diagnosed. Therefore, when in doubt, give ENTEROFAGOS immediately—freely and frequently. ENTEROFAGOS destroys the specific microbes that may be present, thus allowing the infected condition to clear up rapidly. If the infection has some other cause, ENTEROFAGOS prevents the microbic development which so often causes secondary complications.

For the treatment of associated conditions which show themselves in skin troubles, eye infections and catarrh, ANTIPEOL Ointment, OPHTHALMO-ANTIPEOL and RHINO-ANTIPEOL have an impressive reputation with many of Britain's foremost breeders.
