# **CATS OF THE YEAR, 1967 - EXHIBITION RULES**

**IMPORTANT—Please read these rules carefully. They will be strictly adhered to.**

1. The Cats of the Year will be run in accordance with the G.C.C.F. Exemption Show Rules with the exception of Rule 9.
2. The Hon. Veterinary Surgeons will refuse entry to any cat or kitten in poor general condition, with dirty ears or with verminous coat. This rule will be strictly adhered to and the Hon. Veterinary Surgeons' decision will be final.
3. The Hon. Veterinary Surgeons will refuse entry to any cat or kitten whose claws have been removed.
4. Any cat found to be suffering from the effects of drugs on entry or at any time during the exhibition will be subject to expulsion from the exhibition on the authority of the Hon. Veterinary Surgeons.
5. No cat or kitten may be exhibited from any Cattery that has exhibited cats or kittens at any Show or Exhibition within 14 days of the 19th August.
6. A list of cats and kittens present will be sent to the Secretary of the G.C.C.F., together with reports in respect of any cats disqualified or refused entry by the Hon. Veterinary Surgeons.
7. Exhibitors whose cats have been refused entry or disqualified by the Hon. Veterinary Surgeons at any Show or Exhibition within three months of the date of the Cats of the Year must send a clearance certificate or a letter from the Secretary of the G.C.C.F. stating that such a certificate has been received at least one week before the Cats of the Year Exhibition.
8. Exhibitors may not remove cats from the Hall during the Exhibition without the consent of the Organisers.
9. No cat will be allowed to leave the hall at the end of the Exhibition without the surrender by the exhibitor of its Pass-Out Card to an Official appointed by the Organisers to receive it and no cat or kitten sold at the exhibition may leave without its Pass-Out Card signed by the exhibitor and surrendered to the said Official.
10. No exhibit may be removed from its pen except by the owner or an Exhibition Official given special authority by the Organisers.
11. The penalty for the contravention of Rules 8, 9 or 10 will be £5.
12. Exhibitors may only exhibit cats or kittens invited by the Organisers and no substitutes will be accepted.
13. Any cat invited may be accompanied by its kittens provided that (a) the kittens are owned by the exhibitor; (b) the kittens are over 2 calendar months at the time of the Exhibition (Exemption Show Rules); (c) that the exhibitor has the consent of the Organisers to exhibit the kittens and has previously received Vetting-In and Pass-Out Cards in respect of the said kittens, and (d) that entry forms in respect of the kittens have previously been completed and returned to the Organisers.
14. Exhibitors living at a distance of 100 miles or over from the Exhibition Hall may apply for passes to remove their exhibits at 5 p.m. No others may leave until 5.30 p.m. Applications for early removals must be made to the Organisers with the entry forms.
15. Exhibitors are responsible for the correctness of the details given in respect of exhibits.
16. Vetting-In and Pass-Out Cards will be sent to each exhibitor before the Exhibition.
17. All exhibits must arrive and leave in baskets or suitable containers. No exhibit will be accepted on lead only.
18. The cats will be received at the Vetting-In tables on Saturday, 19th August, from 8.30 a.m.—9.30 a.m.
19. The Exhibition will be open to the public from 11 a.m.—5.30 p.m.
20. Cups, trophies and special prizes may be displayed providing they relate to the cat owned by the exhibitor and invited to occupy the pen where the said trophies may be displayed. Cups or trophies won by two or more cats jointly should not be displayed unless both or all the cats concerned have been invited to be present under the ownership of the holder of the cup or trophy.
21. The Organisers are most anxious for the care and safety of the cats exhibited and these Rules have been formulated for that reason, but it must be understood by Exhibitors and all other persons that the Organisers will not be responsible for the loss, detention of, or damage to any cats, baskets or other property, whether arising from accident or any other causes whatsoever or from any act or omission of themselves, their Officers, agents, servants or others and exhibits are only received on this condition.

## THE CAT FANCY

To the average person, a cat is just a pet which is either decorative or useful about the place, so it may come as a surprise to know that the breeding of and exhibiting pedigree cats is a growing and very "with it" fancy not only in this country but all over the world. Cat shows in some form or another have been in existence for something like eighty years, but in those days the whole thing was rather haphazard and was indulged in by ladies and a few rather eccentric gentlemen with money and leisure. There were even a few cat clubs and registrations kept by the two leading clubs, The National Cat Club (still in existence and the premier club) and The Cat Club. There was a great deal of rivalry between these two clubs and by 1909 the situation had become almost Gilbertian. In 1910 it was decided that this state of affairs was most unsatisfactory, so a meeting of interested breeders was called. At this meeting it was decided to wind up the Cat Club and leave the National Cat Club as the sole registering body. At a further meeting it was agreed to follow the lead of the Kennel Club and form a governing body. To this the National agreed and the Governing Council of the Cat Fancy was born. This body, as its name implies, governs the destiny of the Fancy. It is the registering body for all cats, it grants licences for shows, which can be either Exemption, Sanction or Championship events. No new variety of cat can be recognised until it is sanctioned by the Council. It arbitrates in any dispute which may arise within the Fancy and acts as a disciplinary body should any member of the Fancy digress. It also issues export certificates for cats leaving the country. The Council consists of delegates democratically elected by the various breed and regional clubs, if the club is affiliated to the Council. Any club properly constituted may be affiliated, but only those with a membership of 100 or over may have a delegate. Championship shows are only granted to clubs which have run two or more sanction shows successfully. A kitten may only compete in kitten classes until it is nine months old, when it is deemed to have become a cat and, if of a recognised breed or variety, may compete for a challenge certificate. To become a full champion a cat must win three challenge certificates under three different judges. Neutered cats may also be exhibited; however, they can only be shown in neuter classes and may not compete for challenge certificates; they have their own called 'Premiers' and the awarding of these follows the pattern of the entries. The Officers of the Council consist of a Chairman (who need not be a delegate), Vice-Chairman, who must be a delegate, and Treasurer. The Council also employs a paid Secretary and two Registrars, one for Siamese and the other for all other breeds and varieties. The Council meets four times a year, and has an Executive Committee which meets monthly. This Committee is elected by the delegates at the April meeting each year. The Council is governed by a Constitution which sets out its powers. Members of other Committees are also elected at the April meeting, as is the Chairman, Vice-Chairman and Treasurer. Registrations run into thousands in a year. Judges are elected by the breed Clubs, which submit their list to the Council for approval, but newly-elected judges cannot award challenge certificates until they have proved their ability in kitten and side classes. During judging, exhibits are handled by the judges and stewards only, the number on their pen tallying with that in the judge's book. No exhibitor may handle his/her own cat. The largest Cat Show is the National, held at Olympia (London) in December of each year. At this show not only are cats competing for prizes in the pedigree classes exhibited, but there is also a large section devoted to new varieties of cats not as yet recognised. There is a huge section devoted to the ordinary household pet.

**ENTEROFAGOS**

Mrs. J. Hickton, owner of Minlo Goldlay, winner of the Muriel Fazary Trophy, 1965-66, writes :

"Having used **ENTEROFAGOS** regularly for some years, I can thoroughly recommend this preparation to all cat owners and breeders.

"Regular use of **ENTEROFAGOS**, particularly before and after exhibiting at shows, or at any time when your cat must go away from home, eliminates the worry of Enteritis."

Like Mrs. Hickton, many of the country's leading breeders have adopted this simple, efficient **ENTEROFAGOS** method for the regular protection of their stock against the risk of microbic intestinal infection. **ENTEROFAGOS** is administered, by mouth, each week, with the additional dosages immediately prior to showing. The product is completely harmless and safe to give at the first sign of trouble, even before the exact cause of infection has been diagnosed.

For the treatment of associated conditions which show themselves in skin troubles, eye infections and catarrh, **ANTIPEOL** Ointment, **OPHTHALMO-ANTIPEOL** and **RHINO-ANTIPEOL** have an impressive reputation with many of Britain's foremost breeders.

### DENISLA SNOWDRIFT

DENISLA SNOWDRIFT, bred by Mr. Ross, of Scotland, is one of a strain of lop-eared cats that made their appearance in 1961, when a lop-eared kitten was noticed in a farm litter. When this kitten became adult she produced two kittens to an unknown sire, both these also being lop-eared. One of these kittens, a female, was acquired by Mr. Ross and in due course she, too, had a litter of kittens. This litter was also to an unregistered male (Red Tabby) and one kitten, a male lop ear, was kept. Mr. Ross then set about acquiring a white Short-Hair queen and through a conversation at a Cat Show was put in touch with Mrs. Hyde, from whom he was able to acquire a non-pedigree white queen that she was caring for pending a good home. This queen was registered as Lady May and mated to the lop-eared male. The resultant litter comprised five kittens, all with

lop-ears. It was after the birth of these kittens that Mr. Ross discussed their possible future with Mrs. Ruffell, who advised him to get in touch with Miss Turner. After a great deal of correspondence Miss Turner visited the Denislacats and after examining all the cats, brought one south in order that it could be seen by experts.

Various genetical, veterinary and zoological authorities were consulted on behalf of Mr. Ross, as it was felt inadvisable to continue breeding if it was likely to be a lethal gene involved. While all agreed that nothing similar was known to them, there was no indication that any unwelcome element was involved and it appears that the cats are simply different to the usual in much the same way as the Rex or the Long-Hair is different to the original Short-Haired cat. It was pointed out that there are both lop and prick ears in other species. Therefore it was agreed that breeding under controlled conditions would be undertaken and accordingly a very few responsible breeders were approached to help Mr. Ross in this plan. The stock is now divided amongst them and Snowdrift, who is the male showing best type, will be mated to British Short-Hair. In the early stages matings were made between lop-eared cats and Siamese—and through Lady May Snowdrift has a brother with long hair! However, it is generally agreed that the massive cobby type and short coat are far more attractive than a snipey-headed look or the "earless" look which appears when the ears are surrounded by long fur. Accordingly, all matings will be made to British cats.

The ears are not the only unusual characteristic. Snowdrift and all his lop-eared relatives have particularly short, thick tails, similar to those of the wild cat. While it is impossible for the ears to be held upright, since they are folded flat, they are otherwise particularly mobile and Snowdrift can conduct long conversations in semaphore!

Cats such as Snowdrift are mentioned in Frances Simpson's Book of the Cat and described as a Chinese variety. It seems that a class was once put on for them at a Continental Cat Show at the turn of the century.

Snowdrift is a particularly lovable and loving cat, with about the most wonderful temperament one could find. He has appeared twice on television—once with his owner and Mr. John Steele, President of the Scottish Cat Club, and later in London, with Jason, who is in the next pen. His picture has appeared in many national papers, together with reports widely varying in their accuracy. Snowdrift will not be going back to Scotland, but will stay in the Eastbourne vicinity for a short time before going to live in London in the near future, and visitors who feel they would like to see him again are welcome to visit him at Gibby's Tea Cottage, Jevington.

### JASON OF "BLUE PETER"

PLAINSONG JASON is a Seal-point Siamese, bred by Mrs. Sylvia Scott and owned by Miss Valerie Singleton. His Sire is Whiteoaks Malahide and his Dam Victoria Dimity. He has also had quite a successful career as a Show cat and is from the same "stable" as Plainsong Gilliflower of the National Daily, "The Sun." However, his real fame lies in his weekly appearances in B.B.C. Television's Blue Peter. He is now a seasoned performer and has an ever-growing fan club.

### **CH. COYLUM MARCUS**

MARCUS is a male White Long-Hair with golden eyes. He was born at the beginning of 1965 and was bred by his owner, Miss Sellar. Both his sire and dam are Champions and he followed in their illustrious footsteps by becoming a Champion himself in 1966. He was voted Best Long-Hair Kitten at the Harrogate Show and later went on to win, at Wessex and Edinburgh respectively, Best Long-Hair Cat and Best L.H. Exhibit.

His most recent and noteworthy success was when he was chosen to be the British "Ambassador" to the American White Persian Society as winner of the International Award Golden Rosette for Great Britain. He is also the winner—with the photograph heading the breed in this catalogue—of the Catography Award.

## **The Top Cats of the Year**

Of all the cats in this Exhibition, there are eight in particular who can truly be described as the TOP CATS of the YEAR. These cats have won their Open Class and Challenge Certificates every time they have been exhibited and there has been no doubt in the minds of their judges and other exhibitors that these honours were truly deserved. They have all won the honour of Best in Show at a Championship Show on at least one occasion during the year and are all in the newly-released list of Champions for 1966/67.

They are penned separately from the other cats and visitors to the Exhibition will have the opportunity of voting for one of them to become the public's choice of CAT OF THE YEAR. Votes should be cast on the cats without regard for their pen decorations and voting boxes are provided.

### **(A) CHAMPION SNOWHITE HERALD. WHITE LONG-HAIR**

Owner: MRS. HOGAN.

HERALD became a Champion at the Cheshire Area Cat Club Championship Show in January this year. He was exhibited three times during the season, winning his Open Class and the Challenge Certificate on each occasion. He topped this achievement by becoming Best Long-Hair Exhibit on each occasion. Further details of his pedigree and Show career are listed in the section of this catalogue relating to his breed.

### **(B) CHAMPION DEEBANK CASSIUS. BLACK LONG-HAIR.**

Owner: MRS. TAPP.

CASSIUS became a Champion at the West of England and South Wales Cat Club Championship Show in the autumn of last year. He has only been shown at four Championship Shows and on each occasion he has won first place and Challenge Certificate. He also attended one Sanction Show, when he became Best Long-Hair Cat. He also has a Best in Show win at a Championship Show to his credit—Herts. and Middlesex Cat Club Championship Show in September last year.

**(C) CHAMPION TEIGN TAMMY. BLACK SHORT-HAIR.**

Owner: MRS. SILCOCK.

TAMMY became a Champion at the National Cat Club Championship Show held at Olympia last year. She was shown three times last season, winning her Open Class and the Challenge Certificate each time. She became Best Short-Hair Exhibit at the National C.C. Championship Show on the occasion of her reaching Championship status. She has since celebrated her Championship by becoming the mother of a fine British litter to another Champion of the year. Her kittens are at this Exhibition and can be seen in pen 53a.

**(D) CHAMPION KILLINGHALL RED BONBON. RED TABBY SHORTHAIR.** Owner: MISS HARDMAN.

BONBON, like his seven TOP CAT companions, has won his Open Class and Challenge Certificate every time shown this season. He became a Champion at the Suffolk and Norfolk Cat Club Championship Show in Norwich last spring, where he was also voted Best in Show. He then went on to repeat his success at the Croydon Cat Club Championship Show in London. He has proved unbeatable in Open Classes.

**(E) CHAMPION SYLPHIDES MARYINSKA. RUSSIAN BLUE.**

Owner: MRS. FISKE.

CHAMPION SYLPHIDES MARYINSKA was one of the best Russian Blues ever seen in England. She died of a suspected inter-uterine haemorrhage after her owner had accepted the invitation to exhibit her as one of the TOP CATS. Her pen is therefore only occupied by her picture and an appeal from her owner for cat lovers to support the efforts being made to finance research into cat diseases and disorders, in order that other cats may, in the future, be more lucky. Maryinska was absolutely unbeatable—she attended only five Championship Shows and won five Challenge Certificates. She was awarded the honour of Best Short-Hair Exhibit at the Cheshire Area Championship Show last January—the first time such an honour had gone to a Russian Blue for about fifteen years. It was at this Show that she became a Champion. Three months later she was dead. Full details of her show career and pedigree are given in the Russian Blue section of this catalogue. She leaves behind her progeny with great potential, but is irreplaceable in the lives of her owners.

**(F) CHAMPION TAISHUN SOLO. ABYSSINIAN.**

Owner: MISS WISEMAN.

SOLO became a Champion at the last Championship Show of the season—his first season as an adult. He had previously been noticed as a kitten with great promise, so it was, perhaps, no surprise to his owner when he rocketed to his Championship without any apparent effort. He attended three Shows as an adult, winning three Challenge Certificates and three times being Best in Show. He was under a year old when he became a Champion.

**(G) CHAMPION ROUNDWAY JONQUIL.**

**SEAL-POINT SIAMESE.** Owner: MRS. MACONOCHIE.

JONQUIL reached Championship status in three consecutive wins, getting her final Certificate at the Cheshire Area Cat Club Championship Show, where she also became Best in Show. She has celebrated the occasion by a litter to a Champion of a previous season and the kittens are here today.

**(H) CHAMPION SAMSARA DANTE. CHOCOLATE-POINT SIAMESE.** Owner: MRS. DENNY.

DANTE became a Champion at the National Cat Club Championship Show at Olympia last winter. He later won a further Certificate, also becoming Best Siamese Cat in Show. Altogether, he has become Best in Show three times. He became a Champion at 14 months.

Sire: Ch. Orion of Pensford. Breed No. 3.

Owner of Sire, Mrs. Burrows. Breeder of Sire, Mrs. Thompson.

Dam: Ch. Borrowdale Susette. Breed No. 3.

Owner of Dam, Mrs. Burrows. Breeder of Dam, Mrs. Burrows.

Six Challenge Certificates, six times Best in Show, Playgirl has proved to be a worthy successor to her record-breaking sire.

## BLUE LONG-HAIR :

The Blue Long-Hair should be cobby in type and low on the legs. It should have a short, full tail, not tapering. A kink is regarded as a fault. The head should be broad and round with width between the ears. The face and nose should be short, the ears small and well tufted and the cheeks well developed. The eyes should be deep orange or copper, large, round and full without trace of green. Any shade of blue is allowable, but should be sound and even in colour, free from markings or any white hairs. The fur should be long, thick and soft in texture and the frill full.

## BLUE LONG-HAIR

- 7 Mrs. R. Richardson, CHAMPION LOMOND LUCKY. Male. Born 30.4.61. Breeder, Exhibitor. Sire, Ch. Bluemine Morrison Busty (owner of Sire, Miss Lewis). Dam, Bluehaze of Kenton.

## SMOKE LONG-HAIR

The Smoke should be a cat of cobby type with short legs and a broad, round head. The ears should be set well apart and the nose should be short. The eyes should be copper or orange in colour, large and round in shape and of a pleasing expression. The tail should be short and bushy. The coat should be of a silky texture, long and dense. The colour and shading are most important—the Smoke is a cat of contrasts, the undercolour being as white as possible, with the tips shading to black (or in the case of a Blue Smoke, to blue). The dark points should be most defined on the back, head and feet and the light points on the frill, flanks and ear tufts.

- 17 Mrs. F. Roden, SMOKE KITTENS Sired BY CHAMPION SONATA TESORO (Pen No. 1). Born 17.5.67 and 31.5.67. Dams, Sonata Innocenza and Sonata Carezza. Breeder, Exhibitor.

## BI-COLOUR LONG-HAIR

### **GREENWOOD GERTIE. Breed No. 12a.**

Owner-Breeder: MRS. KNIGHT

Sire: Champion Cherry of Carne. Breeder: Mrs. Newton.

Dam: Bobbie Dazzler. Owner: Mrs. Knight.

### **BI-COLOUR LONG-HAIR :**

The Bi-Colour Long-Hair should be similar in type to the Blue Long-Hair, while the markings should ideally follow the pattern seen on the Dutch Rabbit. The colours may be any of those recognised in Long-Hairs combined with white. There should be no tabby or other markings in the coloured portion. Bi-Colours have been used for many years in breeding Tortie-and-Whites. Since the colour allocation in the Tortie-and-White is not so rigidly laid down there has not been a particular emphasis in breeding to the patterns now required. Therefore there are, as yet, few cats who conform exactly to the standards which are laid down as a guide for breeders to work towards.

### **BI-COLOUR LONG-HAIR**

- 29 Miss N. Woodfield, CHAMPION PATHFINDERS SUNRAY. Male. Born 12.5.63. Breeder, Exhibitor. Sire, Pathfinders Trail (owner of Sire, Exhibitor). Dam, Ch. Pathfinders Sunbeam. Sunray is Britain's first Bi-Colour Champion. He is sired by a Bi-Colour Trail, who was exhibited for the first time at the 1966 Cats of the Year. His dam is a Tortie-and-White.
- 30 Mrs. Gutheridge, PATHFINDERS VIOLA. Female. Born 20.7.66. Breeder, Miss Woodfield. Sire, Pathfinders Trail (owner of Sire, Miss Woodfield). Dam, Ch. Pathfinders Crocus. Viola is a Blue and White Bi-Colour. She is sired by a Bi-Colour and is out of a Tortie-and-White.

Sire: Ch. Mingchiu Polo. Breed No. 13b.

Owner of Sire, Mrs. Harding. Breeder of Sire, Mrs. Harding.

Dam: Ch. Mingchiu Gala. Breed No. 13b.

Owner of Dam, Mrs. Harding. Breeder of Dam, Mrs. Harding.

Five Challenge Certificates. Winner of Champion of Champions, Croydon 1967.

### **COLOURPOINT :**

The Colourpoint Cat should be cobby in type and its body should be low on the legs. The head should be broad and round with good width between the ears. The face and nose should be short, the ears should be small and tufted, and the cheeks should be well developed. The eyes should be large, round and full and their colour should be clear bright blue, although the actual depth of tone will vary with the points colour. The tail should be short and fully furred. It should

not give the impression of tapering to a point and any kink is considered a fault. Any similarity in type to a Siamese is most undesirable. The Colourpoint should have long, thick, soft fur and should show a particularly full frill. The present standards call for Seal, Blue, or Chocolate points, but recently some breeders have been exhibiting Lilac Colourpoints and the standards will now be amended accordingly. The body colour and shading, if any, should tone with the points colour. During the summer months Colourpoints tend to be rather short of coat.

## COLOURPOINT

- 33 Mrs. S. M. Harding, BRIARRY IBERIS. Female. Born 11.9.65. Breeder, Mr. Stirling-Webb. Sire, Ch. Briarry Euan (owner of Sire, Mr. Stirling-Webb). Dam, Briarry Larkspur.  
Two Challenge Certificates (West of England & S. Wales 1966, Suffolk & Norfolk 1967).  
Iberis was awarded the Challenge Certificate by Mrs. Brunton and Mrs. Pond respectively. Her sire, Champion Briarry Euan, is now with Mrs. Ross. Iberis is a Seal Colourpoint, and was awarded a win on the Broughton Cup for the best eye colour at the National 1965 when under the ownership of Mr. Stirling-Webb.
- 34 Mrs. Harding, CHAMPION MINGCHIU KAMET. Male. Born 28.10.65. Breeder, Exhibitor. Sire, Champion Mingchiu Polo (owner of Sire, Exhibitor). Dam, Mingchiu Souk.  
Three Challenge Certificates (Nottingham 1967, West of England 1966, National 1966).  
Kamet became a Champion at the Notts. & Derbys. Show this year. He was also awarded the Challenge Certificate at the National Cat Club Show last year, when there were a record number of Colourpoint entries. Kamet has won the East Coast Himalayan Society Rosette for the Best Colourpoint Cat in Show every time exhibited. He was awarded a win on the Sherwood Trophy for the Best Male Cat and the Ronada Trophy for the Best Type in Male or Female Colourpoint at the Notts. & Derbys. Show, and a win on the Brigadier Mavrogordato Trophy for the Best Seal Colourpoint Male Cat at the Herts. & Middlesex Championship Show in 1966.
- 35 Mrs. S. M. Harding, CHAMPION MINGCHIU CHOC. Male. Born 18.3.64. Breeder, Exhibitor. Sire, Briarry Tromo (owner of Sire, Exhibitor). Dam, Mingchiu Snuff.  
Three Challenge Certificates (Lancs. & N.W. 1964, Chester 1965, Preston 1966).  
Choc. is a Seal Colourpoint and became a Champion at the Preston Cat Club Show last autumn. He has absolutely outstanding eye colour and since he carries blue and chocolate he is particularly valuable for breeding Chocolate and Lilac Colourpoints.
- 36 Mrs. S. M. Harding, MINGCHIU MOPPETTE. Female. Born 21.5.66. Breeder, Exhibitor. Sire, Ch. Mingchiu Polo (owner of Sire, Exhibitor). Dam, Woods Amber.  
Two Challenge Certificates (Coventry 1967, Croydon).  
Moppette is a Blue Colourpoint and was awarded her Challenge Certificates by Mrs. Hancox and Mrs. Cook-Radmore respectively, the latter in a class of SEVEN. She has recently produced a litter to Ch. Mingchiu Ghunti.
- 37 Mrs. S. M. Harding, CHAMPION MINGCHIU GHUNTI. Male. Born 3.12.65. Breeder, Exhibitor. Sire, Ch. Mingchiu Polo (owner of Sire, Exhibitor). Dam, Ch. Mingchiu Gala.  
Five Challenge Certificates (Coventry 1967, S. Counties 1967, Yorks, 1966, Wessex 1966, S.W. Counties 1966).  
Ghunti became a Champion at the Wessex Cat Club Show in October last year. He became Champion of Champions at the Southern Counties Show this year, the first time this honour has gone to a Colourpoint and in which he won over two of the outstanding Blues of the year.
- 38 Mrs. S. M. Harding, CHAMPION MINGCHIU MONIQUE. Female. Born 1.11.62. Breeder, Exhibitor. Sire, Briarry Shamus (owner of Sire, Mr. Stirling-Webb). Dam, Ch. Briarry Suzannah.  
Monique became a Champion at the Yorkshire Show in 1963. She has been awarded second and third places when competing amongst mixed breeds in Champion of Champion Classes.  
Merle is a Blue Colourpoint.

## COLOURPOINT—continued

- 39 Mrs. S. M. Harding, MINGCHIU PTAN. Male. Born 16.5.66. Breeder, Exhibitor. Sire, Ch. Mingchiu Choc (owner of Sire, Exhibitor). Dam, Mingchiu Tiece.

One Challenge Certificate (Croydon 1967).

Ptan is one of the first few Choc.-Pointed Colourpoints obtained by planned breeding, starting some ten years ago. He was not shown as a kitten and celebrated his debut and only appearance on the Show Bench by winning the Open Class and the Challenge Certificate.

- 40 Mrs. S. M. Harding, MINGCHIU SULA THREE. Female. Born 29.7.66. Breeder, Exhibitor. Sire, Ch. Mingchiu Choc (owner of Sire, Exhibitor). Dam, Mingchiu Snuff.

Sula Three was the first adult Lilac-Pointed Colourpoint to be exhibited and has been invited as a representative of this new variety. She is the result of a planned breeding programme over ten years.

- 41 Mrs. J. Crockart, TWO SISTERS WANDA CAPRICE. Female. Born 30.6.65. Breeders, Mrs. Lester and Mrs. Riding. Sire, Amaska Little Charmer (owner of Sire, Miss Watts). Dam, Ch. Malverna Snowbelle.

Two Challenge Certificates (Lancs. & N.W. Counties 1966, Edinburgh 1966). Four Open Class wins (N.E. Cheshire 1966, Macclesfield 1966, Lancs. 1966, Edinburgh 1966). Best L.H. in Show, Lancs. & N.W. Counties Championship Show 1966, N.E. Cheshire 1966, Macclesfield 1966).

Wanda was also nominated for Best in Show at the Edinburgh Championship Show. She is a Seal Colourpoint.

- 42 Mr. and Mrs. Dykes, KARUNDA BINGHI. Male. Born 15.1.67. Breeder, Exhibitor. Sire, Beverley Merlin (owner of Sire, Miss Joslin). Dam, Beverley Sally.

Binghi has been invited as a representative of the Lilac Colourpoints which are now beginning to appear more frequently. He is sired by a Colourpoint and is out of a Blue carrying restricted coat pattern from her own dam.

## TURKISH CATS

**VAN ATILLA STAMBUL**

Owner-Breeder: MISS L. LUSHINGTON

### **THE TURKISH CAT:**

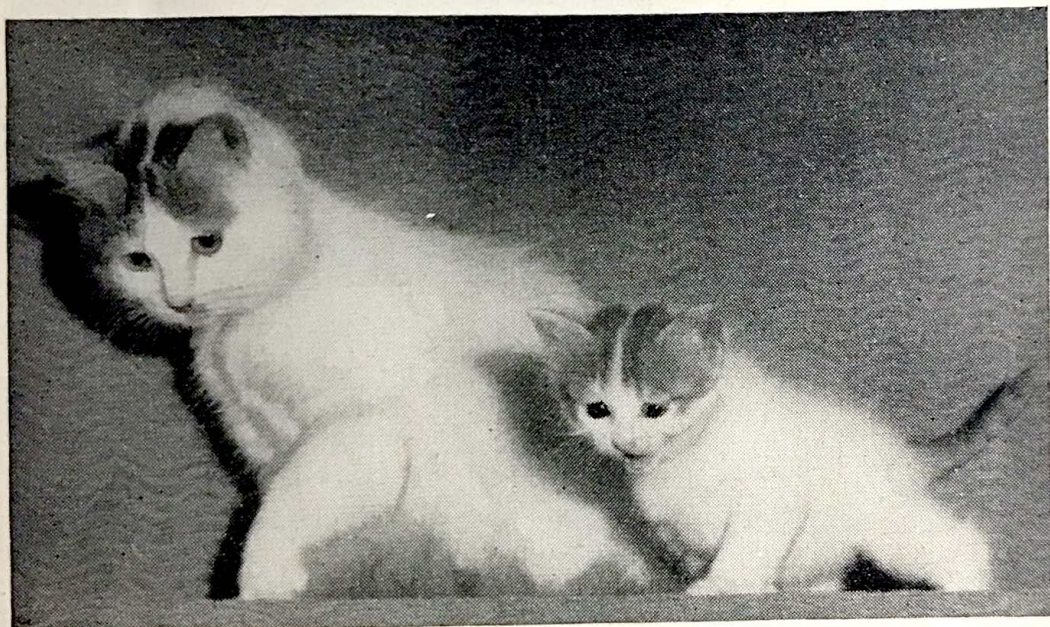

The Turkish Cat has been known for several generations in the country of its origin. It was imported to Great Britain by a perceptive fancier, who saw that its attractive appearance and unusual habits would be of great interest. The provisional standards of points have now been accepted by the G.C.C.F. and it is hoped that more of this lovely variety will be exhibited in 1967-68. The coat is quite unusual, being silky right down to the roots. There is no woolly undercoat at any time. Like most Long-Hairs, it loses its coat in the summer but carries the moult even further than most, often ending up by appearing almost Short-Hair. This excessive coat loss may be environmental and perhaps in ten or twenty cat generations the loss may be less noticeable. Another unusual feature is the colour and marking. The description of auburn for a cat has never previously been allowed, but after discussion with G.C.C.F. it was agreed that this was the only possible word to use. In type, the Turkish Cat is fairly foreign, being long in the body. Another departure from the more usual Long-Hair standards are the ears, which should be large, upright and set fairly close together.

The Turkish Cat has a sweet musical voice and is very fond of water, liking nothing better than a swim in the nearest stream or a dip in the washing-up water! The Turkish Cat is registered as Any Other Colour.

## THE TURKISH CAT

- 43 Miss L. Lushington, VAN TAURUS. Male. Breeder, Exhibitor. Sire, Van Atilla Stambul (owner of Sire, Exhibitor). Dam, Van Artes. Taurus is a British-bred Turkish Cat and has never been exhibited for competition.
- 44 Miss L. Lushington, VAN RAFIA. Female. Breeder, Exhibitor. Sire, Van Celik Burdur (owner of Sire, Exhibitor). Dam, Van Kehribar.
- 45 Mrs. W. D. Chisolm, VAN NUKRE. Born 29.5.66. Breeder, Miss Lushington. Sire, Van Taurus (owner of Sire, Miss Lushington). Dam, Van Artea.

## CHOCOLATE LONG-HAIRS

### GADEFORD HEATHER

Owner and Breeder: MRS. ALLEN SMITH

### CHOCOLATE LONG-HAIR :

Breeders are aiming to produce a cat of Long-Hair type and with long hair of a chocolate-brown colour as seen in the Chocolate Colourpoint or the Chestnut Brown Foreign Short-Hair. Breeding programmes were started by the late Brian Stirling-Webb about ten years ago and he exhibited some lovely specimens at the National Cat Club Show in 1965. Chocolate Long-Hairs are registered in Any Other Colour.

### CHOCOLATE LONG-HAIR

- 46 Mrs. S. M. Harding, MINGCHIU KOHCOH (Male), and MINGCHIU KAFFY (Female). Born 16.5.67. Breeder, Exhibitor. Sire, Mingchiu Rome (owner of Sire, Exhibitor). Dam, Mingchiu Tiree.
- 47 Mrs. E. Allen Smith, GADEFORD HEATHER. Female. Born 9.5.66. Breeder, Exhibitor. Sire, Ch. Dalin Sabin (owner of Sire, Mrs. Barron). Dam, Gadeford Colleen.

Heather has orange eyes. She is out of a Black carrying blue and chocolate from her self-lilac dam and is sired by a Cream carrying blue.

## LILAC LONG-HAIRS

The Lilac Long-Hair is an even newer variety than its chocolate counterpart. The aim is for the type and coat quality of the more usual colours in Long-Hair, but at the same time achieving the lilac colouration seen in the Lilac-Point Siamese and, more recently, the Lilac Colourpoint.

- 48 Mrs. S. M. Harding, MINGCHIU LILAK. Female. Born 25.11.64. Breeder, Exhibitor. Sire, Briarry Bruno (owner of Sire, Mr. Stirling-Webb). Dam, Mingchiu Snuff.

Lilak is the first Lilac Long-Hair and is the result of a ten-year breeding programme. She is dam of Chocolate Long-Hairs and Chocolate Colourpoint by the young Chocolate Colourpoint Mingchiu Romeo. Her sire is a Chocolate Long-Hair.

## CAMEO CHINCHILLA

Cameos are new breeds to Great Britain, although they are recognised varieties in other parts of the world. The American standards are very detailed, listing SHELL CAMEO, SHADED CAMEO and CAMEO SMOKE. In Britain, the aim has been to consolidate on type before breeding the variety of colours and patterns within it. Shell Cameo corresponds to the Chinchilla and it is a Cameo Chinchilla that is on exhibition today. Shaded Cameo corresponds to Shaded Silver, while Cameo Smoke corresponds to Black or Blue Smoke.

The American Standards for Shell Cameo are as follows :

Undercoat white, the coat on the flanks, head and tail to be sufficiently tipped with red to give the characteristic sparkling cameo appearance. Face and legs may be very slightly shaded with tipping. Chin, ear tufts, stomach and chest white. Nose leather and rims of eyes rose. Eye colour brilliant copper.

In England, Cameos are registered as Any Other Colour L.H.

- 48a Miss E. Sellar, BROCTON'S CHRISTABEL. Female, and Kittens. Born 30.4.65. Breeder, Mrs. Calder. Sire, Ch. Paul of Pensford (owner of Sire, Mrs. Barron). Dam, Ch. Brocton's Anna.

Christabel is sired by a Cream carrying blue out of a Chinchilla. She conforms exactly to the American standards of markings for Shell Cameo, although in England we call her a Cameo Chinchilla. The first few generations in a Cameo programme are invariably more cream than pink.

# BRYNBUBOO BROWN PETER

BROWN TABBY SHORTHAIRED STUD

This excellent type, beautifully marked male is now At Stud. He is exceptionally gentle with a marvellous disposition, and although not yet exhibited as an adult, did tremendously well as a kitten. In his very first show at the age of three months, he was Best Shorthaired Exhibit. This was at the Midland Counties at Smethwick, 1966. He also won his Open Class at every show exhibited, and many other firsts. He has a very nice stud house, and visiting queens receive individual care and attention.

## BRITISH TORTIE-AND-WHITE (continued)

The colours should be brilliant and absolutely free from brindling or tabby markings. The tri-colour patches should cover the top of the head, ears and cheeks, back and tail, and part of flanks. The patches should be clear and defined and a white blaze is desirable. White should never predominate. No hard and fast rule can be laid down for the patching of Tortie-and-Whites. The eyes should be orange, copper or hazel.

- 67 Miss N. Woodifield, CHAMPION PATHFINDERS SARAH. Female. Born 26.4.64. Breeder, Exhibitor. Sire, Littlewickers Linsey Woolsey (owner of Sire, Miss Chatterton). Dam, Pathfinders Suki.

Five Challenge Certificates (Southern 1965, Glasgow 1965, Lancs. & N.W. Counties 1965, Leicester 1965, Southern 1967). Best S.H. Kitten in Show, Croydon Cat Club 1964.

Sarah became a Champion at the Lancashire & N.W. Counties Show in 1965. She recently repeated her earlier successes by winning a further Challenge Certificate at the Southern Show. She has won a total of 18 firsts, 11 seconds and 15 thirds.

- 68 Miss N. Woodifield, PATHFINDERS RITA. Female. Born 28.5.66. Breeder, Exhibitor. Sire, Ch. Killinghall Red Pyrene (owner of Sire, Exhibitor). Dam, Pathfinders Molly.

One Challenge Certificate, Croydon 1967.

Rita has only been exhibited once as an adult. Her previous Show career, as a kitten, had been remarkably successful. She won Open Classes at the Midland and Preston, as well as at the National, where she was nominated for Best in Show.

Sire: Ch. Jezreel Jake. Breed 16.

Owner of Sire, Mrs. Johnson. Breeder of Sire, Mrs. Johnson.

Dam: Champion Broughton Jane. Breed 28.

Owner of Dam, Mrs. Richards. Breeder of Dam, Mrs. Hughes.

Eighteen Challenge Certificates. Dam of Champion Pensylva Pinkerton (11 C.C.), Champion Pensylva Mirus (4 C.C.s), Champion Pensylva Timothy of Sidlo (U.S.).

### BRITISH SHORT-HAIR BLUE-CREAM :

The British Blue-Cream should be similar in type to the British Blue. The colour should consist of blue and cream, softly intermingled and of patches. The eyes may be deep copper or orange.

### BRITISH SHORT-HAIR BLUE-CREAM

69 Mrs. J. Richards, CHAMPION PENSYLVA PANSY. Female. Born 1.11. Breeder, Exhibitor. Sire, Ch. Jezreel Jake (owner of Sire, Mrs. Johnson). Dam, Ch. Broughton Jane.

Eighteen Challenge Certificates, seven this last season (Midland, W. of England, Notts., Chester, National, Norwich). Best S.H. Adult, National 1963. Pansy has been nominated for Best in Show on five occasions as an adult and on one occasion as a kitten. She became a Champion at the Herts. & Middlesex Show in 1963. She has won Open Classes under at least 14 different judges and as well as keeping up this brilliant Show career she has found time to produce some outstanding progeny, including Ch. Pensylva Pinkerton (here today), Ch. Pensylva Mirus, and Pensylva Singing Bamboo, who was nominated for Best in Show at the 1965 National. Bamboo now resides at the Dove Pottery with his owner, Miss Kit Wilson.

## BRITISH BLUE-CREAM (continued)

- 70 Mrs. J. Richards, CHAMPION PENSYLVA MASQUERADE. Female. Born 4.10.64. Breeder, Exhibitor. Sire, Ch. Pensylva Pinkerton (owner of Sire, Exhibitor). Dam, Ch. Pensylva Fantasia.

Five Challenge Certificates (Herts. & Middlesex 1965, Preston 1965, National 1965, Coventry 1966, Wessex 1966).

Masquerade became a Champion at the National Cat Club Show in 1965. She is dam of Pensylva Fascination, the first Blue-Cream British to reach first register status. Her other progeny includes Pensylva Prince D'Or, holder of two Challenge Certificates and here today.

## BRITISH SPOTTED CAT (continued)

- 71 Mrs. J. Richards, PENSYLVA MACULA BARNIE. Male. Born 25.3.65. Breeder. Exhibitor. Sire, Ch. Pensylva Pinkerton (owner of Sire, Exhibitor). Dam, Pensylva Jungle Princess.  
Barnie was only exhibited once this last season. He is sire of Red Spotted Cats, Red Tabbies and Blacks.
- 72 Mrs. J. Richards, PENSYLVA JUNGLE PRINCESS. Female. Born 28.10.63. Breeder, Exhibitor Sire unregistered (owner of Sire unknown). Dam, Ch. Broughton Jane.  
One Challenge Certificate (Norwich). Three Open Class wins (Herts. & Middlesex 1966, Midland Counties 1966, Norwich 1967). Best in Show Siamese Cat Association and Short-Hair Cat Society Joint Show, 1964.  
Princess is thought to be the daughter of a wild cat from a colony founded in Surrey when a pair of Scottish Wild Cats were brought to the Surrey/Hants. borders. This could account for the spotting characteristics, although she has certainly not inherited any of the Wild Cat temperament. Princess was one of a litter of seven and has well proved herself as a brood queen. She is accompanied today by four kittens sired by Champion Trailpark Ambrose. Three of the kittens are in the next pen and the other—a Blue-Cream Tabby—is in the A.O.V. Section. She is also dam of Pensylva Macula Barnie.
- 73 Mrs. J. Richards, PENSYLVA TANGLEWOOD, PENSYLVA ZINGARO, PENSYLVA FIREKING. Sire, Ch. Trailpark Ambrose (owner of Sire, Exhibitor). Dam, Pensylva Jungle Princess.  
These kittens are part of a wonderfully varied litter. Tanglewood, a female, is spotted in blue on a cream ground. She has eyes turning to copper. Zingaro is a male and is spotted in black on a ground colour of cream. Fireking is a red Spottie.

## Spotted Cats and Kittens

(BRITISH BREED No. 30) in unbelievably exotic colourings

**PENSYLVA JUNGLE PRINCESS** (of half-wild origin) is accompanied today by her litter of **SPOTTED KITTENS** (all different colours)  
This is the first litter of Spotties ever to be exhibited

One two tones of Red, with no White anywhere, or even a lighter chin.  
One Black Spots on Cream, similar to Princess's colouring.

One Blue Spots on Cream, and quite the most fascinating of the litter.

(This colouration has never before been produced in this coat pattern, the two colours being quite distinct and not intermingled).

A Lilac/Cream Mackerel Tabby also in the same litter; the tabby markings being Lilac and the ground colour distinctly Cream. The coat pattern shows possibilities of it "breaking down" into spots eventually. See exhibited in A.O.V. Section.

## BRITISH BI-COLOURS

The Bi-Colour S.H. should be British in type and fifty points are allocated in this respect. The remaining points are awarded on coat pattern and colour. The colours follow those of the other British S.H. and therefore can be Black and White, Blue and White, Red and White, or Cream and White. Tabby and White is not allowed. The colour should start immediately behind the shoulders, round the legs and leaving the hind feet white. The ears and mask should also be coloured. The shoulders, neck, forelegs and feet and chin should be white. There should be a blaze up the face and over the top of the head, joining or running into the white at the back of the skull, thus dividing the mask exactly in half. The markings should be similar to those of a Dutch Rabbit. The eyes should be copper or amber.

### BRITISH BI-COLOURS

74 Mrs. Biswell, TOBIOUS. Male. Born 17.5.65. Breeder and all other details unknown.

Tobious is a Black and White Bi-Colour.

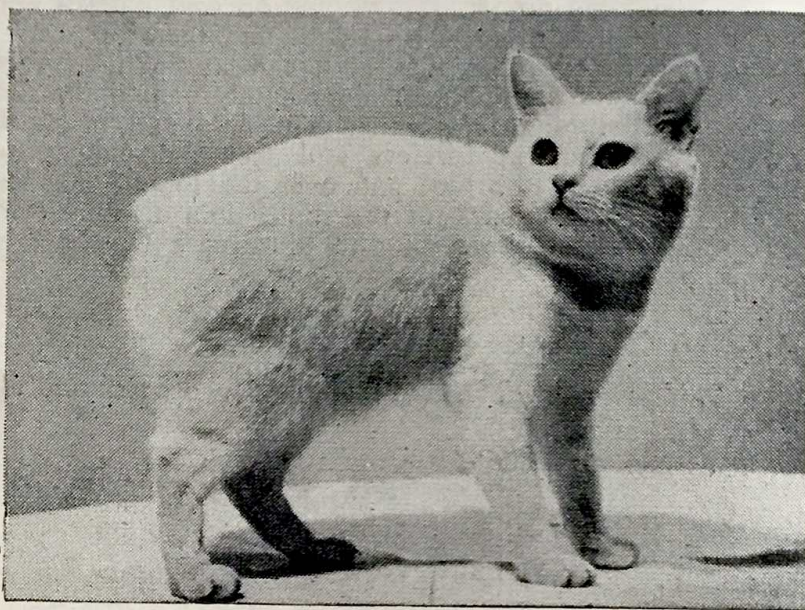

# CATS OF THE YEAR 1968

Breeders and Exhibitors are requested to inform the Exhibition Organisers of Championship or Premier Status during 1967-68 as early as possible, in order that the lists may be compiled and completed in good time.

## MANX

### **CHAMPION NOEND WHITE BRUMAS. Breed No. 25.**

Owner: MRS. COLVILLE. Breeder: MISS AITKEN

Sire: Ch. Noend Snowman. Breed 25.

Owner of Sire, Miss Aitken. Breeder of Sire, Miss Aitken.

Dam: G.eeba White Iris. Breed No. 25.

Owner of Dam, Miss Aitken. Breeder of Dam unknown.

Three Challenge Certificates, one Premier Certificate. Three times Best in Show. Brumas was neutered after reaching Championship status and has since become a film and television star.

### **MANX :**

The essential qualities in the Manx Cat are taillessness, height of hindquarters, shortness of back and depth of flank, as only the combination of all these qualities can produce the characteristic hopping gait. The coat is what is termed "Double," namely, soft and open like that of a rabbit, with a soft, thick undercoat. Great attention must also be paid to roundness of rump—as round as an orange being the ideal. Taillessness should be absolutely complete and there should be a decided hollow at the end of the spine, where in the tailed cat the tail would begin. The hindquarters cannot be too high and the back cannot be too short. The head should be round and large, but the nose should be longer than in the British Cat. The cheeks are required to be prominent, thus avoiding any impression of snipiness, which would be a bad fault. The ears are rather wide at the base, tapering slightly off to a point. Eye and coat colour are of secondary consideration and are only taken into account when all other points are equal. Gait is of primary importance.

## MANX (continued)

- 75 Mr. F. Russell, CHAMPION TIGER BOY. Male Neuter. Born June, 1964. Breeder, Mr. Cave. Sire and Dam unregistered.  
Six Challenge Certificates (Herts. & Middlesex 1966, Midland 1966, West of England 1966, National 1966, Chester 1967, Suffolk & Norfolk 1967).  
Best S.H. Kitten, Kentish Cat Society Exemption Show 1965.  
Tiger Boy became a Champion at the West of England & S. Wales Championship Show last year. He was nominated for Best in Show at the Herts. & Middlesex Show 1966 and the Midland Counties Show 1966. He has now been neutered.
- 76 Mrs. C. S. Colville, CHAMPION EASTERN PRINCESS. Female. Born 30.10.59. Breeder, Mrs. Bend. Sire and Dam unregistered.  
Nine Challenge Certificates (Jubilee Show 1960, Croydon 1960, Herts. & Middlesex 1960, Southern 1961, Coventry 1961, Southern 1961, Croydon 1961, Southern 1967, Croydon 1967).  
Eastern Princess became a full Champion at the Herts. & Middlesex Show in 1960. She has been in retirement for five years and made a wonderful "comeback" at the Southern Counties Show this year, where at the age of seven she beat all comers to the Challenge Certificate. She then went on to repeat her success by winning a further Challenge Certificate at the next Show. She won the Champion of Champions Class at the National in 1966 and at the Croydon C.C. Show this year. She was the winner of the G.C.C.F. Cup and the National Cat Club Cup at the Jubilee Show in 1960, where she was also Best of Breed. She has been Best Manx eleven times, having been exhibited on thirteen occasions. Altogether she has won a total of 54 first prizes. She is accompanied today by one of her white kittens.
- 77 Mrs. C. S. Colville, CHAMPION NOEND WHITE BRUMAS. Male Neuter. Born 13.5.58. Breeder, Mrs. A. Aitken. Sire, Ch. Noend Snowman. Dam, Greeba White Iris.  
Three Challenge Certificates (Champion), one Challenge Certificate (Premier).  
Brumas has twice been Best Exhibit in Show as a full male and once Best S.H. Adult. He has now consolidated his earlier successes by winning the Challenge Certificate (Premier) at the Kensington Kitten & Neuter Cat Club Show, where he was also Best S.H. Neuter in Show. He is the latest winner of the Rosenthal Snow Prince Memorial Cup for the Best Manx Neuter at that Show.

Five Challenge Certificates. Best S.H. Cat, Chester 1967.

### **RUSSIAN BLUE :**

The Russian Blue is a long-bodied graceful cat with long legs and tail and small oval feet. The head should exhibit a short wedge with a flat skull, while the forehead and nose should be straight. The eyes should be a bright, particu-

## RUSSIAN BLUE (continued)

larly vivid green, set rather wide apart and almond in shape. The coat colour should be truly blue without shading or ghost tabby markings once the cat is adult. Medium blue is preferred. In texture, the coat should be short, thick and very fine, standing up soft and silky as does the fur on a seal skin and in direct contrast to that of the other Foreign Breeds, where the coat is required to be flat lying. The coat should be double and show a definite silvery sheen.

\*E Mrs. N. J. Fiske, CHAMPION SYLPHIDES MARYINSKA. Female. Born 14.7.64. Breeder, Mrs. Read. Sire, Jennymay Einar (owner of Sire, Miss Lee-Meade). Dam, Ch. Sylphides Mavilova.

Five Challenge Certificates (Yorks. 1966, Midland 1966, Chester 1967, Coventry 1967, Croydon 1967). Six Open Class wins—as above and at Three Counties Sanction Show 1966. Best in Show, Chester 1967.

Maryinska was also Best Russian Blue Exhibit at Croydon and winner of the Darlington Manchy Trophy and the Ch. Stephanie of Cadonmuir Cup. She was absolutely unbeatable in Open Classes. Her Best in Show win was a notable step forward for Russian Blues and is thought to be the first time such an honour was accorded to the breed at a Championship Show for fifteen years.

**She died suddenly on 22.4.67 of a suspected inter-uterine haemorrhage. Her pen today is occupied only by her photograph and her owners wish those who sympathise with them to do so in a practical way by supporting the Central Fund for Feline Research in its efforts to support research into the reproductive and other disorders of cats, about which so little is known.**

\* Her pen is at the front of the Hall as one of the season's eight Top Cats.

78 Mrs. N. J. Fiske, HENGIST STROGANOFF. Male. Born 28.11.66. Breeder, Exhibitor. Sire, Ch. Petrovna Nilgiri Boy (owner of Sire, Exhibitor). Dam, Ch. Sylphides Maryinska.

Stroganoff is here today as progeny of both Champion Sylphides Maryinska and of Champion Petrovna Nilgiri Boy, who were invited in respect of their Show successes. He has been exhibited three times, once as a member of the winning litter at Suffolk & Norfolk, where they were awarded the Orwell Cup, once at Croydon, where he won first place, and lastly at Kensington, where he was just beaten by his brother (another member of the winning litter).

79 Mrs. N. J. Fiske, CHAMPION PETROVNA NILGIRI BOY. Male. Born 10.8.65. Breeder, Mrs. Petre. Sire, Michifer Nginski (owner of Sire, Mrs. Cowen). Dam, Ch. Petrovna Blue Rose.

Three Challenge Certificates (National 1966, Scottish 1967, Suffolk & Norfolk 1967).

Nilgiri Boy became a Champion at the Suffolk & Norfolk Championship Show this year. He was the Best Russian Blue Exhibit at the National Cat Club Show, where he won the Club's Spoon in that capacity. His litter from Maryinska won the Orwell Cup at the Suffolk & Norfolk Show.

80 Mrs. P. Kirby, CRUMBER HILL VASHKA. Male. Born 9.9.65. Breeder, Exhibitor. Sire, Champion Harvees Antimony (owner of Sire, Exhibitor). Dam, Crumber Hill Jemima.

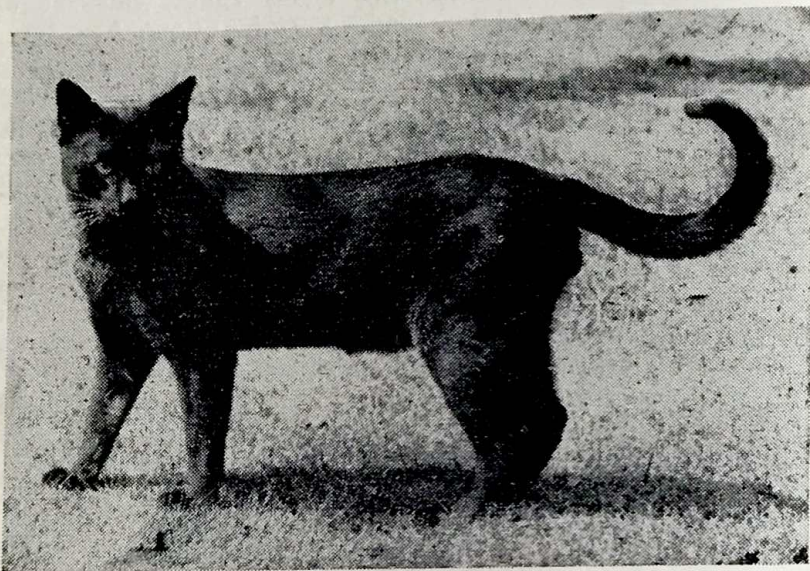

Two Challenge Certificates (Lancs. & N.W. Counties 1967, Notts. & Derbys. 1967). Four Open Class wins (as above and at Halifax 1966, Chester 1967). Vashka was not shown as a kitten and made his debut this season.

81 Mrs. Petre, CHAMPION PETROVNA BLUE HYACINTH. Female. Born 10.8.65. Breeder, Exhibitor. Sire, Michifer Nginski (owner of Sire, Mrs. Cowan). Dam, Ch. Petrovna Blue Rose.

Three Challenge Certificates (Herts. & Middlesex 1966, Wessex 1966, Southern 1965). Five Open Class wins (Wessex 1966 as kitten, Notts. 1967 and as above).

Hyacinth was nominated for Best in Show at the Southern, when she became a fully-fledged Champion. Her dam and grand dam—Champion Petrovna Blue Rose and Ch Blue Willow—were invited to the 1966 Cats of the Year.

## BURMESE

### CHAMPION COPPLESTONE LUN-THA

Owner: MRS. BENTINCK

#### BURMESE :

The Burmese is a medium sized cat of long svelte appearance. The neck is long and slender, the legs proportionately slim, and the feet small and oval in shape. The hind legs should be slightly higher than the front ones. The tail should be long and tapering and a kink is only permissible at the extreme tip. The head should be short wedged with a slight rounding at the top of the skull. The ears should be pricked and relatively large and wide at the base. The eyes should be almond in shape and slanting towards the nose in true Oriental fashion. Blue eyes and squints are inadmissible. The coat should be glossy, short and fine in texture and should lie close to the body. In colour it should be brown (Breed 27) or blue (Breed 27a).

#### BURMESE

- 82 Mr. A. Mounsey, CHAMPION KASI MIDNIGHT VELVET. Male. Born 8.2.65. Breeder, Exhibitor. Sire, Santhone Brown Puck (owner of Sire, Exhibitor). Dam, Ch. Santhone Blue Briony. Six Challenge Certificates (Chester 1965, Notts. 1966, Coventry 1966, Lancs. 1966, Yorks. 1966, Chester 1967). Six Best in Show wins as kitten (Hazel Grove 1965, Liverpool 1965, Halifax 1965, Macclesfield 1965, Yorks. 1965, Preston 1965). Velvet became a Full Champion at the Coventry & Leics. Championship Show in 1966, where he was also nominated for Best in Show. He has been nominated for Best in Show on five occasions in all since he became adult. He became a Champion at 12 months and 2 weeks.
- 83 Miss I. M. B. O'Neill, CHAMPION JAMAL LUNG CHAO. Female. Born 6.11.65. Breeder, Mrs. Capewell. Sire, Ch. Copplestone Lun-Tha (owner of Sire, Mrs. Bentinck). Dam, Kathoodu Sapphire Karsena. Four Challenge Certificates (Yorks. 1966, Midland 1966, National 1966, Notts. 1967).

## BURMESE (continued)

- Lung Chao became a Champion at the National Cat Club Show last year. She was nominated for Best in Show at the Midland Counties Championship Show in 1966 and later at the National. She is winner of the Burmese Cat Club Kyneton Points Cup for the Best Brown Adult .
- 84 Miss M. Mack, BELCANTO NABUCCO. Male. Born 3.11.67. Breeder, Exhibitor.  
Nabucco is invited as progeny of Champion Arboreal Blue Leala in the next pen. He has been exhibited once, winning his Open Class and the Sablesilk Cup for the Best Kitten.
- 85 Miss M. Mack, CHAMPION ARBOREAL BLUE LEALA. Female. Born 3.11.66. Breeder, Mrs. J. Dyte. Sire, Pussinboots Blue Moon (owner of Sire, Mrs. Poynder). Dam, Kudos Natacha.  
Four Challenge Certificates (Southern Counties 1966, Croydon 1966, Southern Counties 1967, Croydon 1967).  
Leala has been exhibited six times in all, winning her Open Class and the Challenge Certificate on four occasions. She attended the National Cat Club Show in 1966, but the Class for Blue Burmese was combined Male and Female, and although the judge requested the award of a second Challenge Certificate this was not allowed. She became a Champion at the Croydon Cat Club Show this year. She is accompanied today by her kittens sired by Arboreal Blue Sitta. Four of these kittens were born in June this year, while Nabucco, in the next pen, was born last November.
- 86 Mrs. Burton, CHAMPION KATHOODU SAPPHIRE KILVI. Male. Born 15.1.62. Breeder, Mrs. Hooper. Sire, Kathoodu Kimi (owner of Sire, Mrs. Hooper). Dam, Pussinboots Sapphire Bibi.  
Three Challenge Certificates (Herts. & Middlesex 1964, 1965, 1966).  
Kilvi became a Champion at the Herts. & Middlesex Show last year. He has only been shown six times in all, winning four first prizes and two seconds. One of his first Open Class wins was at the Suffolk & Norfolk Cat Club Exemption Show in 1966, and therefore no Challenge Certificate was given.

Dam: Nigella Faith. Breed 23.

Owner of Dam, Mrs. Bullock. Breeder of Dam, Miss Bone.

Four Challenge Certificates. Championship status reached at Chester 1965.

### **ABYSSINIAN :**

The Abyssinian should be ruddy brown, ticked with black or dark brown. The ticking can be double or treble, i.e., two or three bands of colour on each hair. This is preferable to single ticking. There should be no bars or other markings other than a dark spine line. The inside of the forelegs and belly should be of a tint to harmonise well with the main colour, the preference being given to orange less markings visible the better. The head should be long and pointed, the ears sharp and comparatively large and broad at the base. The eyes should be bright and expressive and green, yellow or hazel in colour. The tail should be fairly long and tapering. The feet should be small and the pads and a section of the fur at the back of the hind legs. The coat should be short and fine. Abyssinians should never have distinct bars on legs or tail, nor should they have any suspicion of a white chin or, indeed, of any other white markings.

### **ABYSSINIAN (RED) :**

The Red Abyssinian is similar to the Standard Abyssinian in every respect other than colour. The Red Abyssinian should show red coat ticked with varying shades of darker red, double or treble ticking. There should be no bars or markings except that a dark spine line will not be counted against an otherwise good exhibit. The inside of the forelegs and belly should be of a tint to harmonise well with the main colour.

## RED ABYSSINIAN (continued)

## CORNISH REX

### **ANNELIDA MARTINI. Breed 33.**

Owner: MRS. DIXON. Breeder: MRS. ASHFORD  
Sire: Rio Vista Kismet. Breed 33.

Owner of Sire, Mrs. Ashford. Breeder of Sire, Miss Jeffrey.

Dam: Senty Twix Crispina. Breed 33.

Owner of Dam, Mrs. Ashford. Breeder of Dam, Mrs. Hardy.

### **CORNISH REX :**

The Cornish Rex is one of the newest varieties recognised by the Governing Council of the Cat Fancy. The most important single factor in judging Rex is in the coat quality, which should be dense, very short and fine and with waves over the entire body other than the head, legs and paws. On these areas the coat should resemble dense short plush. The whiskers and eyebrows should also be crinkled. The Cornish Rex is of foreign type and the head shows a very characteristic straight profile. The head should be medium to long and should narrow to a strong chin. The eyes should be almond shaped, of medium size, and their colour should be in keeping with the coat colour and pattern, which may be of any variety recognised by the G.C.C.F. for the straight-coated classifications.

## CORNISH REX (continued)

- 99 Mrs. M. Eustace, WATERMILL KORDUROY. Male. Born 15.2.67. Breeder, Miss A. Codrington Sire, Rio Vista Kismet (owner of Sire, Mrs. Ashford). Dam, Krispi Noodle.  
Korduroy is one of a litter of seven born the day after the Governing Council of the Cat Fancy granted breed recognition to the Rex. He is Cream and is out of a Blue-Cream dam.
- 100 Miss A. Codrington, KRISPI NOODLE and WATERMILL KITTENS. Born 15.2.67. Breeder, Mr. Steer. Sire, Rio Vista Kismet (owner of Sire, Mrs. Ashford). Dam, Watermill Sugar Plum.  
Kittens sired by Rio Vista Kismet. Breeder of Kittens, Miss Codrington. Krispi Noodle is a Blue-Cream Rex. Her first litter, to Rio Vista Kismet, proved her to be an outstandingly valuable breeding queen. One of the males, Watermill Kandlewick, has gone to join the Shiralee Cattery in S. Australia.
- 101 Mrs. E. Mathews, BELHAVEN SAPPHIRE and KITTENS. Female. Born 6.5.66. Breeder, Mrs. Lauder. Sire, Rio Vista Kismet (owner of Sire, Mrs. Ashford). Dam, Belhaven Sparkler.  
Sapphire is a Blue-Cream Rex. She is accompanied today by her kittens—Cream, Blue, and Blue-Cream. Since Rex was not recognised as a breed until the end of the last Show season, Sapphire has not been eligible for Challenge Certificates. She was exhibited as a Kitten at the National and Southern Counties Cat Club Shows, winning the Open A.O.V. Class on each occasion.
- 102 Mr. G. Wilkinson and Mrs. S. Scott, RED ROYALE. Male. Born 26.3.66. Breeder, Mr. Steer. Sire, Rio Vista Kismet (owner of Sire, Mrs. Ashford). Dam, Watermill Sugar Plum.  
Red Royale was the first wavy-coated son to be sired by Rio Vista Kismet after his arrival in England. He has been shown only once as an adult—at the National Cat Club Championship Show. At this time there was no specialist Open Class since the breed was not officially recognised until this year. He was one of the first few Rex to be exhibited in Scotland (Edinburgh), where he won the Open A.O.V. Class. He also won the A.O.V. Class at the National Cat Club Championship Show in December, 1966.
- 103 Mr. G. Wilkinson and Mrs. Scott, SNOOKERY RED ROWAN. Female. Born 2.5.67. Breeder, Mrs. Smith. Sire, Red Royale (owners of Sire, Mr. Wilkinson and Mrs. Scott). Dam, Annelida Bluebell.  
Red Rowan is invited here today as progeny of Red Royale.
- 104 Mrs. K. Vickers, CATHIS TROGLODYTE. Female. Born 18.8.67. Breeder, Exhibitor. Sire, Rio Vista Kismet (owner of Sire, Mrs. Ashford). Dam, Belhaven Golden Fountain.  
Troglodyte has been exhibited on four occasions and has been awarded a total of fourteen first prizes. She was nominated for Best in Show judging at Chester, an honour which it is thought may have been accorded to a Rex for the first time at any Championship Show. Troglodyte is Blue-Cream and particularly excels in type.

## CORNISH REX (continued)

- 105 Mrs. A. Ashford, RIO VISTA KISMET. Male. Born 15.2.65. Breeder, Miss Jeffrey. Sire, Grand Champion Fan-T-Cee Kelli (owner of Sire, Miss Jeffrey). Dam, Ch. Dazzling Madonna.

Kismet was imported by his owner from Miss Jeffrey, of Alberta, Canada. His pedigree goes back to Lamorna Cove, a Cornish Rex who was originally exported from England by Mrs. Ennismore. Lamorna Cove was in kitten to Poldhu and the resultant litter helped to found the Canadian strains of Rex. Kismet has proved to be a wonderful sire, his kittens excelling in both type and coat. One of his kittens, Annelida Crepe Princess, was exported to the U.S.A. by her breeder and is now a full Champion.

- 106 Mrs. Ashford, ANNELIDA CURLY COON and KITTENS. Female. Born 7.7.63. Breeder, Exhibitor. Sire, Du Bu Nicholaus (owner of Sire, Mrs. Watts). Dam, Belhaven Zarakhat.

Curly Coon is sired by a Rex hybrid, Du Bu Nicholaus, whose grandsire was one of the original Cornish Rex. Bred by Mrs. Ennismore. Her dam is out of a Rex hybrid, sired by a Devon Rex from another hybrid carrying Cornish. At the time the hybrids were bred it was not fully understood that the Cornish and Devon Rex were two different varieties. As a result, several of the early breeders unintentionally crossed these two genes and found themselves with straight-coated cats from curly-coated parents.

Curly Coon is phenotypically Cornish and when bred to Cornish cats both she and her progeny breed true. It is now apparent that she must inherit the Cornish genes from the female side of both parents' pedigrees.

Her kittens are sired by Rio Vista Kismet, whose pedigree goes back to the same line of Cornish cats as the hybrids in her own pedigree.

## DEVON REX

The Devon Rex were officially recognised as a breed last February. They are of Foreign type and should own dense, very short, fine wavy coats. Fifty points are allocated to coat under the Standards of Points and any tendency to bareness is considered a fault. The head of the Devon Rex is quite different to that of the Cornish, being short-muzzled and showing a nose with a definite stop in profile. The eyes should be almond shaped as in the Burmese and Russian Blue and in colour they should be in keeping with the coat colour and pattern, which may be of any variety recognised by the G.C.C.F. for the straight-coated classifications.

### DEVON REX

- 107 Mrs. Ashford, MALLORCA SI-CAT. Male. Born 6.3.66. Breeder, Mrs. Lidyard. Sire, Tanil M'Toto (owner of Sire, Mrs. Lidyard). Dam, Tanil Samantha.  
Si-Cat is a proved sire and at the recent Kensington Show five kittens in the Open Devon Class were sired by him. He is also sire of the kittens in the adjoining pen.
- 108 Mrs. Ashford, ANNELIDA TAI-KUN and ANNELIDA EBONY. Born 26.4.67. Breeder, Exhibitor. Sire, Mallorca Si-Cat (owner of Sire, Exhibitor). Dam, Briarry White Heather.  
These kittens are the first progeny of Briarry White Heather, a White Devon Rex bred by the late Brian Stirling-Webb. Tai-Kun, the male, is a Blue-eyed White and will soon be joining his grandsire, Briarry Tooting Carman, with Mrs. Lipscombe. Ebony is a female.
- 109 Mrs. Lidyard, MALLORCA CHOTA SAHIB. Male. Born 21.1.67. Breeder. Exhibitor. Sire, Mallorca Si-Cat (owner of Sire, Mrs. Ashford). Dam, Mallorca Tamsui Zara.  
Chota Sahib is a Seal-Pointed Devon Rex. He was a first prize winner at the Kentish Cat Society Show this year, when he won the specialist Devon Rex Cat or Kitten Class judged by Mrs. Hughes.
- 110 Mrs. Lidyard, MALLORCA TAMSUI ZARA. Female. Born 22.2.66. Breeder, Exhibitor. Sire, Tanil M'Toto (owner of Sire, Exhibitor). Dam, Kernow Osorkon.  
Tamsui Zara is dam of Chota Sahib. She is a Seal-Pointed Devon Rex.
- 111 Mrs. M. L. Knight, AMHARIC BLUE-POINT DEVON REX LITTER. Born 17.4.67. Breeder, Exhibitor. Sire, Mallorca Si-Cat (owner of Sire, Mrs. Ashford). Dam, Amharic Bluebelle.  
These kittens are sired by a Seal-Point Devon Rex, who was from Rex hybrids carrying Chocolate and Blue. They are thought to be the first of their colour in the Pointed Rex.
- 112 Mr. and Mrs. B. Porter, SABRIEN WHITE BOUCLE. Female. Born 22.4.67. Breeders, Exhibitors. Sire, Briarry Waitrose (owner of Sire, Mrs. Evely). Dam, Annelida Sea Sprite.

## DEVON REX (continued)

Boucle is out of a Black Devon Rex bred by Mrs. Ashford. She is a litter sister to Sabrien Astrakhan, a Seal-Pointed Devon Rex. Their dam was bred from two Devon Rex Hybrids. Both hybrids carry Siamese coat pattern from the female side of the pedigree. Boucle's sire, Briarry Waitrose, is grandson of Briarry Cutie, a White carrying Siamese coat pattern. Therefore the fact that her litter brother is a Seal-Pointed Devon Rex came as no great surprise to her breeders and he will be a very valuable outcross for queens of the other line. Boucle herself inherits her white coat from her sire. Her white coat masks self-colour as she has blue eyes. However, there is a definite chance of her producing Blue-eyed White Rex if she is mated to a Siamese-patterned Devon Rex Stud.

- 113 Mrs. E. Mathews, PARLAUNT PENELOPE. Female. Born 25.5.66. Breeder, Mrs. Hunt. Sire, Briarry Waitrose (owner of Sire, Mrs. Evely). Dam, Amharic Annabelle.

Penelope has only been exhibited competitively on a few occasions. She won the Open A.O.V. Class at the National Cat Club Championship Show last year and also the Open at the Southern Counties Show. She has a white coat and golden eyes.

- 114 Mrs. J. Crockart, MALLORCA CUSTARD CREAM and KITTENS. Female. Born 15.9.65. Sire, Broughm (owner of Sire, Mrs. Ashford). Dam, Kernow Osorkon.

Custard Cream is sired by Broughm, who is out of a Tortoiseshell Rex hybrid and Kirlee, the original Devon mutant. Her dam, Kernow Osorkon, is herself sired by Broughm from a Brown Burmese queen. Osorkon is also the dam of Mallorca Tamsui Zara. Custard Cream's kittens, born on 4.5.67, accompany her today.

- 115 Mrs. G. Genty, AMHARIC KURLY KATIE. Female. Born 18.8.66. Breeder, Mrs. Knight. Sire, Amharic Piccaninny Pixie (owner of Sire, Mr. Caswell). Dam, Amharic Pixie's Bluebell.

Katie has only been exhibited on one occasion when she won both the classes offered by the specialist Rex Clubs at the Coventry & Leics. Show this year. Her dam is a Blue-Point Rex Hybrid and her sire also probably inherits the restricted coat pattern through his sire, a Rex hybrid out of a Blue-Point Siamese. Katie herself shows outstanding Devon type.

- 116 Mrs. Hunt, PARLAUNT FRANKAI. Male. Born 24.5.66. Breeder, Exhibitor, Mrs. Evely). Dam, Amharic Annabella.

Frankai is litter brother to Parlaunt Penelope, here today. He has been shown on several occasions and is now a proved sire. His sire, bred by the late Brian Stirling-Webb, shares as sire Briarry Tooting Carman (now owned by Mrs. Lipscombe) with Mrs. Ashford's Briarry White Heather.

### **FOREIGN WHITE :**

The Foreign White is one of the newest and most attractive breeds, having all the qualities of a Siamese together with the added beauty of a pure white coat. Eventually Foreign Whites will be entirely Siamese with generations of Siamese ancestors—the only difference will be that they will hide their points colour under their white coats. At present, Foreign Whites may have either golden or blue eyes, but the golden eyes automatically disappear after about the third generation from the original cross. The actual blue to be aimed at has not been decided, most probably it will be that of the Blue-Point, this colour being very striking when seen with pure white coat. The Foreign White breeding programme back-

## FOREIGN WHITE (continued)

crosses to Siamese in each strain until the cats are one hundred per cent. Siamese but wearing white "overcoats." At that stage whites are mated to whites until no Siamese kittens are produced. The Foreign White will then be truly a breed. Foreign Whites are dominant Whites and not albino Siamese. Since their blue eye colour is the blue of the Siamese they all have perfect hearing. Despite their frail appearance, they are one of the most vigorous and hardy varieties of all cats. The cats on exhibition include first, second, third and fourth generation Foreign Whites; some exhibit blue eyes and others golden. All the strains being developed by the Foreign White Cat Society members are represented.

- 117 Miss E. Flack, **MONACH HSING-FU**. Male. Born 18.3.67. Breeder, Exhibitor. Sire, Scintilla Cleomenes (owner of Sire, Exhibitor). Dam, Monach T'ai T'ai.  
Hsing-Fu is a fourth generation Foreign White. He is sired by a Lilac-Point and his dam illustrates the breed in this catalogue.
- 118 Mrs. R. A. Bridgeman, **TORDOWN MOONMAID**. Female. Born 14.3.67. Breeder, Exhibitor. Sire, Ch. Samsara Dante (owner of Sire, Mrs. Denny). Dam, Watermill April Folly.  
Moonmaid is a second generation Foreign White. Her dam is sired by Champion Macedon Marquis (Blue-Point) and her sire is a Chocolate-Point carrying Blue from his Lilac sire. Moonmaid is line bred to the Lilac as he is sire of both Ch. Macedon Marquis and Ch. Samsara Dante.
- 119 Miss E. Dawson, **ELMHAM WHITE CAVALIER**. Male. Born 8.8.66. Breeder, Exhibitor. Sire, Gaywood Happy Surprise (owner of Sire, Exhibitor). Dam, Elmham Snowblossom.  
Cavalier is a blue-eyed second generation Foreign White. His sire is a Seal-Point from whom he probably inherits his wonderful blue eyes. He has been exhibited with great success, winning his Open Class and going up for Best in Show at the Suffolk & Norfolk Championship Show and winning a silver rose bowl for the best eye colour at the National Cat Club Championship Show last December.
- 120 Mrs. Dunnill, **BRIARRY VENUS IMPROVED**. Female. Breeder, Mr. Stirling-Webb. Sire, Mac Junior Ling (owner of Sire, Mrs. Dunnill). Dam, Briarry Cutie.  
Venus is a second generation Foreign White. She has blue eyes.
- 121 Mrs. Buttery, **SAMSARA WEN-TANG, SAMSARA HAO-TAI and SAMSARA FU-CH'I**. Breeder, Exhibitor. Sire, Scintilla Wei-Wu (owner of Sire, Miss Turner). Dam, Orchid.  
These kittens are fourth generation Foreign White. They are part of a litter of six—five Foreign Whites and one Tabby-Point.
- 122 Mrs. L. Le Vin, **SCINTILLA CH'ING-JEN**, Female, and **SHAD NU**, Male. Breeder of Ching-Jen, Miss Turner. Sire, Beaumanor Binko (owner of Sire, Miss Lant). Dam, Mavlyn Hsi-Ch'i.  
(Shao-Nu, her kitten, is sired by Mrs. Le Vin's L.P. Male, Scintilla Croesus.) Ch'ing-Jen is holder of the Rhodesia Cat Club Shield for the Best Foreign White Cat at the National Cat Club Championship Show in 1966.
- 123 Miss P. Turner, **SCINTILLA TSENG-HSI, SCINTILLA YANG-FA**. Males. Born 19.4.67. Breeder, Exhibitor. Sire, Scintilla Wei-Wu (owner of Sire, Exhibitor). Dam, Siepoo Camille.  
These kittens are fourth generation Foreign White. Their dam is a Blue-Point carrying Chocolate and their sire is a Foreign White thought to be masking Red-Point. Their litter brother—a Chocolate-Point Siamese—came second in a class of ten Chocolate-Points at the recent Kensington Show, judged by Mrs. Clarke.
- 124 Miss Turner, **SCINTILLA WEI-WU**. Male. Born 6.4.66. Breeder, Exhibitor. Sire, Scintilla Adonis (owner of Sire, Exhibitor). Dam, Scintilla Ch'ing-Jen.  
Wei-Wu is sire of the kittens exhibited by Mrs. Buttery and his owner. He has had a wonderful Show career, winning first prizes whenever exhibited. He was nominated for Best in Show at the Yorkshire Cat Club Championship Show last year. He is current holder of the Monach and Hilofare Cup for the Best Foreign White Exhibit of the season and also holds the Hsi-Ch'i Challenge Cup for the Best Foreign White at the recent Kentish Cat Society Show.

## FOREIGN WHITE (continued)

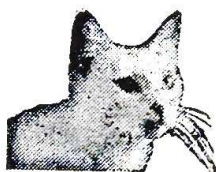

- 125 Miss Turner, SCINTILLA HSING-FU and SCINTILLA GOLDEN HERITAGE. Males. Born 29.4.67. Breeder, Exhibitor. Sire, Scintilla Croesus (owner of Sire, Mrs. Le Vin). Dam, Scintilla Chu-Pao. These kittens are part of a mixed litter, including Self-Chocolate, Chocolate-Tortie and Chocolate, as well as the Foreign White and Red-Point seen here today. They are third generation from the original cross with a British White who proved to carry Red.
- 126 Mrs. J. Hopper, MONACH HSUE-PAI. Female. Born 11.8.66. Breeder, Miss E. Flack. Sire, Scintilla Cleomenes (owner of Sire, Exhibitor). Dam, Monach Ch'i-Tou. Hsue-Pai is a third generation Foreign White and joined the Tijha Cats earlier this year. She has blue eyes.
- 127 Mrs. D. Barnes, MONACH CH'I-TOU. Female. Born 23.6.65. Breeder, Miss E. Flack. Sire, Sugien Chang Dara (owner of Sire, Miss Flack). Dam, El Maharanee Saengdao. Ch'i-Tou has not previously been shown. She has had three litters. One of ten kittens to Scintilla Cleomenes included Mrs. Hopper's Monach Tsue-Pai. Her other two litters have been with Mrs. Barnes.
- 127a Mrs. D. Clarke, CRAIGIEHILLOCH FOREIGN WHITE KITTENS. Born 14.5.67 and 30.11.66. Breeder, Exhibitor. Sire, Champion Scintilla Apollo (owner of Sire, Exhibitor). Dam, Christmas Rose. These kittens are first generation Foreign Whites and represent the beginning of a valuable new line. Their breeder is the President of the Foreign White Cat Society.
- 128 Mrs. D. Clarke, CRAIGIEHILLOCH FOREIGN WHITE KITTENS. Born 17.6.67. Breeder, Exhibitor. Sire, Bolney Lilac Kalydon (owner of Sire, Exhibitor). Dam, Oh-Mo-Sparkler. These kittens are first generation Foreign White. Their dam has particularly good deep eye colour and it is hoped that this quality will be handed down to her progeny. Their sire is a Lilac-Point sired by Ch. Scintilla Apollo out of a Chocolate-Point queen.
- 128a Mrs. D. Clarke, CRAIGIEHILLOCH SNOWDRIFT and younger brothers. Born 30.11.66 and 14.5.67. Breeder, Exhibitor. Sire, Ch. Scintilla Apollo (owner of Sire, Exhibitor). Dam, Christmas Rose. These kittens are from the dam of Oh-Mo Sparkler and the sire of Bolney Lilac Kalydon. They are of the first generation and have golden eyes.
- 129 Mrs. J. Richards, CRAIGIEHILLOCH SNOWFLAKE. Female. Born 30.11.66. Breeder, Mrs. D. Clarke. Sire, Champion Scintilla Apollo (owner of Sire, Mrs. Clarke). Dam, Christmas Rose. Snowflake is a first generation Foreign White. Her owner plans to mate her to the son of her sire, thus line breeding for the particular qualities desired. The resultant kittens should include some blue-eyed Foreign Whites, some golden-eyed Foreign Whites and some Siamese. The colour of the Siamese progeny will depend on the colour hidden under Snowflake's white coat.
- 130 Mr. and Mrs. Macaulay, SCINTILLA FU-JEN. Female. Born 6.4.67. Breeder, Miss Turner. Sire, Scintilla Adonis (owner of Sire, Miss Turner). Dam, Scintilla Ch'ing-Jen. Fu-Jen is a third generation blue-eyed Foreign White. Her kitten is by Champion Seraphin Sinbad. He was most successful when shown in Open Siamese Classes. He also won the Siamese Cat Club Class under Mrs. D. Clarke, and in which there was an entry of ten kittens, at the Kensington Kitten Show. Under the terms of the Foreign White Cat Society he will be sold as a neutered pet. Fu-Jen herself has only been exhibited twice—once as a kitten when she won the Foreign White Cat Society Class and later as an adult when she won both her Open and the Colourpoint Rex-Coated and A.O.V. Club Class. She is holder of the Rhodesia Cat Club Shield for the Best Foreign White Kitten at the National Cat Club Show and also of the Scintilla Trophy for the Best A.O.V. Cat at the Nottingham and Derbys. Cat Club Show this year.

## **RED, CREAM, TORTIE & BLUE-CREAM BURMESE**

In 1964, a small group of breeders set out to establish new colours in the breed. Eventually, having reached the first step of breeding Tortoiseshell and Blue-Cream females (each being a fascinating combination of intermingled colours—the former being brown, red and cream and the latter blue and cream) these mated back to Brown and Blue Burmese produced the first Red and Cream males. Not until the Tortie and Blue-Cream females have been mated to the Red and Cream males can Red and Cream females be produced.

The colours were first introduced into the breed by a Blue Burmese female mating "wild" with a Short-Hair Red Tabby. Then a Tortie-and-White Short-Hair female (which unexpectedly proved to carry Siamese) was mated to a Brown Burmese male and a Brown Burmese female was crossed with a Red-Pointed Siamese male. Despite the fact that two British cats were used originally. Foreign type has predominated and the majority of kittens bred in the generations to follow have been of good Burmese type—this is now being further improved by mating back to good Brown and Blue Burmese cats. By breeding for quality breeders do not always get quantity, as the litters include Brown and Blue Burmese as well as those of the new colours. Having had comparatively few kittens, so far the breeders have not contemplated a Provisional Standard of Points regarding coat and eye colour, but intend to keep type as for the recognised Brown and Blue Burmese.

## SILVER TABBY FOREIGN

These cats are classified as Any Other Variety. In type they are similar to the Chestnut Brown Foreign or the Siamese, from which they are bred. Their Pattern is similar to the pattern of the British Silver Tabby.

### SILVER TABBY FOREIGN

- 132 Mrs. D. Clarke, CRAIGIEHILLOCH SILVER GEM, CRAIGIEHILLOCH SILVER IMP, CRAIGIEHILLOCH SILVER NOTE, CRAIGIEHILLOCH SILVER MINK, CRAIGIEHILLOCH SILVER IDOL. Born 3.5.67. Breeder, Exhibitor. Sire, Cheyne Rykenson (owner of Sire, Exhibitor). Dam, Amberley Silver Sue.

The dam of these kittens is a particularly well marked Silver Tabby, while their sire is a Blue-Point son of Blue-Point parents. Both grandsires are well known for both Show quality and progeny—Champion Misselfore Ryken (Blue-Point) and Champion Gringo Silver Peregrine (Silver Tabby).

## FOREIGN BLACK

The Foreign Black is registered as Any Other Variety in this country, although in Australia it is known as the Susuki. In type it is identical to the Chestnut Brown, the Foreign White or the Siamese. The coat lies close to the body and the eyes may be copper or bright green.

### FOREIGN BLACK

- 133 Mrs. M. Dunnill, SUMFUN BLACK PANTHER. Male. Breeder, Exhibitor. Sire, Mac Junior Ling (owner of Sire, Exhibitor). Dam, Sumfun Kuching Hitam.

Black Panther is sired by a Chocolate-Pointed son of Champion Briarry Macsuch and is out of a brown bred Foreign Black.

## BLUE-CREAM TABBY

When cats of the Red Series are mated with cats of the Tabby Series the resultant litter can sometimes include Tortie Tabbies or their dilutions. Such cats are registered as Any Other Variety.

### BLUE-CREAM TABBY

134 Mrs. J. Richards, PENSYLVA FILIGREE. Female. Born 8.5.67. Breeder, Exhibitor. Sire, Ch. Trailpark Ambrose (owner of Sire, Exhibitor). Dam, Pensylva Jungle Princess.

Filigree is a most attractive kitten, combining the beauty of the Tabby pattern and ticking with the colours of Blue and Cream. She inherits the Cream from her dam, who shows some red in her own coat and is herself out of a Blue-Cream from a wild mating. The sire of the kitten is a Blue from Blue parents.

Filigree has a tendency to mackerel tabby markings at present, but as there is no real definite line down the back it is thought that her markings will probably break down into spotting eventually. In this instance the Red and the Tabby series are both handed down from the dam Princess.

## TRI-COLOUR

Such cats do make their appearance from time to time and, of course, the Tortie is also technically Tri-colour. When more than two colours appear they are usually in relation to a particular and expected combination of colours, i.e., Blue-Cream and White, Tabby and White, etc. They are registered as Any Other Variety.

### TRI-COLOUR

135 Mrs. E. Allen Smith, GADEFORD HONEY. Female. Born 9.5.66. Breeder, Exhibitor. Sire, Champion Dalin Sabin (owner of Sire, Mrs. Barron). Dam, Gadeford Colleen.

Honey is a Short-Hair cat of British type and has never been previously exhibited. In the words of her breeder, the colours are Blue, Lavender and Cream. The Blue and Lavender are both patched and mingled, while the Cream is patched only. Honey arrived in a litter that was part of her owner's breeding programme for Self Brown Long-Hairs and was a complete surprise. Her sire is a Cream carrying Blue and her dam is a Black Short-Hair out of a Self Lavender and sired by a Blue.

## RED-POINT SIAMESE

The Red-Point Siamese is of medium size with a long svelte body. Proportionately slim legs and small oval feet. Tail long and tapering. The head should be long with width between the eyes, narrowing in straight lines to a fine muzzle. Ears should be large and pricked at base. The coat should be of fine texture, glossy and close lying. Body colour white, shading if any gradually to apricot on back. Mask, ears, legs and tail of bright reddish-gold. Eyes oriental in shape of bright, vivid blue.

### RED-POINT SIAMESE

- 163 Mrs. P. Evely, SCOMANESSA RED STAR. Male. Born 22.5.65. Breeder, Mrs. Lingard. Sire, Gaytail Flyaway (owner of Sire unknown). Dam, Senlac Tungdi.

Red Star was shown three times last season and won his Open Class at the Wessex Cat Club Championship Show, the National, and the Siamese Cat Club.

- 164 Mrs. Wolstenholme, CHAMPION PITAPAT ZENO. Male. Born 12.4.66. Breeder, Mrs. Holt. Sire, Champion Gaylord Prospero (owner of Sire Mrs. Haiselden). Dam, Southview Belili.

Three Challenge Certificates (Cheshire 1967, Coventry 1967, Croydon 1967). Zeno is the first and at present the only Red-Point Champion in Great Britain and has won for his breeder the congratulations of the entire Fanc. He is winner for his breeder of the Scintilla Shield offered through the Colourpoint, Rex-coated and A.O.V. Club for the first Red-Point Champion.

- 165 Miss Allaun, SCINTILLA GOLDEN LEGEND. Male. Born 22.1.66. Breeder, Miss Turner. Sire, Beaumanor Binko (owner of Sire, Miss Lant). Dam, Mavlyn Hsi-Ch'i.

Two Challenge Certificates (Edinburgh 1966, Glasgow 1967).

Legend is sired by a Seal-Point and is out of a Foreign White dam masking Tortoiseshell. His grandsire is his owner's Champion Lisvane Lilac Domino.

- 166 Mrs. Holt, PITAPAT TOOSIN. Male. Born 13.8.66. Breeder, Exhibitor. Sire, Spotlight Ricky Dicky (owner of Sire, Exhibitor). Dam, Southview Belili.

Toosin has not yet been shown as an adult. He won two Open Classes as a kitten—Coventry and Croydon—each time being nominated for Best in Show.

## TORTIE-POINT SIAMESE

The Tortie-Point Siamese is of medium size with a long svelte body. Proportionately slim legs and small oval feet. Tail long and tapering. The head should be long with width between the eyes, narrowing in straight lines to a fine muzzle. Ears should be large and pricked at base. The coat should be of fine texture, i.e. glossy and close lying. The body colour should be cream shading to a warmer colour on the back. Points of seal brown and red or chocolate and red equally balanced with no white. Patches must be well defined with no blurring. Eyes oriental in shape of bright, vivid blue.

## TORTIE-POINT SIAMESE

- 167 Mrs. J. Waite, SOUTHVIEW FRANCESCA. Female. Born 14.9.65. Breeder, Mrs. Silson. Sire, Champion Bradgate Yippee (owner of Sire, Mrs. Lapper). Dam, Southview Haze.

Three Open wins last season (National 1966, South 1967, Croydon 1967). Francesca is a Seal-Tortie.

- 168 Mrs. Deakin, YCLEPT DOMINA. Female. Born 11.6.66. Breeder, Mr. F. Chappell. Sire, Rojosi Tarquin (owner of Sire, Mrs. Galliford). Dam, Senlac Thong Daeng.

Domina was sired by a Seal-Point out of a Red-Point dam.

---

## ANY OTHER DILUTIONS SIAMESE

There are at present no Standards of Points for the varieties registered as Any Other Dilution. The cats can be shown in combined Open Classes, i.e., Choc-Tortie, Blue-Cream, Lilac-Cream and Cream, but no Challenge Certificates may be awarded. The following notes give an indication of the appearance of the cats and have been made from information provided by the breeders/exhibitors.

## CREAM-POINT SIAMESE

The colour should not be hot but shows tabby markings as in the L.H. and S.H. creams. The nose leather and the pads are bright pink. The tail tends to be ringed with the darker shade of cream dominating right down from the spine. The feet and legs will also show faint tabby markings. The body colour is very pale—like creamy milk, shading tones with the points. The eyes are a brilliant but warm blue.

### CREAM-POINT SIAMESE

169 Mrs. M. Baxter, EMBEE PUTSARAHKAM. Born 25.2.67. Breeder, Exhibitor. Sire, Embee T'Hahng Plah (owner of Sire, Mrs. Baxter). Dam, Embee Pee-Sao.

Putsarahkam was sired by a Lilac-Point and is out of a Tortie-Point.

170 Mrs. Baxter, EMBEE PRA-NGAR. Born 25.2.67. Breeder, Exhibitor. Sire, Embee T'Hahng Plah (owner of Sire, Mrs. Baxter). Dam, Embee Pee-Sao.

Embee Pra-Ngar is litter brother to Embee Putsarahkam.

## BLUE-CREAM-POINT SIAMESE

The mask is patched blue and cream. A blaze may appear, giving a harlequin appearance. Since the blue tends to diffuse, the patching may not be clearly defined. The ears are mottled blue and cream and the nose leather and pads are mottled grey and pink. The size of the mottling varies with the size of the mottling on the surrounding furred section and therefore some cats may appear to have nearly solid colour on the nose leather. The tail is patched and mingled with the blue and cream in an irregular pattern. The colour on the feet and legs is also mottled blue and cream but tends to be generally paler than on the mask and ears. The body colour is similar to that of a Blue-Point, but shading tends to be mottled and in bad cases of shading the cream mottled section is paler than that of the blue/fawn section. The eyes favour the blue of the Blue-Point.

### BLUE-CREAM-POINT SIAMESE

171 Mrs. Genty, EMBEE PINTAWNG. Female. Born 10.7.64. Breeder, Mrs. Baxter. Sire, Southview Havoc (owner of Sire, Mrs. Silson). Dam, Embee Samantha.

Pintawng was sired by a Red-Point and is out of a Lilac-Point dam.

Dam: Scintilla Ch'ing-Jen. Breed 26.

Owner of Dam, Miss Turner. Breeder of Dam, Miss Turner.

Autumn Leaf is Foreign White bred and is being used for breeding under the supervision of the Foreign White Cat Society.

### **CHOCOLATE/TORTIE-POINT SIAMESE :**

The mask is patched milk chocolate and dark and light red. A blaze on the nose may be apparent and is most attractive. The ears are mottled chocolate and red. The nose leather and pads are mottled 'choc' pink and 'red' pink. The scale of the mottling varying as described under Blue-Cream-Point. The tail is patched and mingled choc. and tones of red. The colour on the legs tends to be generally paler than on the ears and mask, as is the case with a Self-Red-Point. The body colour is similar to that of the Chocolate-Point and the shading tends to be mottled and toning with the choc. and red. The eyes are a clear bright blue, favouring the colour of the Chocolate-Point, but perhaps holding a little more warmth.

# CHOCOLATE/TORTIE-POINT SIAMESE

(continued)

Mrs. J. Waite, SAKAS ALMIRA. Female. Born 14.8.66. Breeder, Exhibitor. Sire, Southview Fwi-Fwi (owner of Sire, Mrs. Silson). Dam, Southview Francesca.

Almira has won two Open Kitten Classes (Southern Counties 1967 and Crowdon 1967). Her sire is a Chocolate-Point who himself came from mixed Chocolate and Tortie pedigree, and her dam is a Tortie-Point also sired by a Chocolate-Point.

Miss P. Turner, SCINTILLA HEART'S DELIGHT. Female. Born 16.10.65. Breeder, Exhibitor. Sire, Elmham Wai-Tzutu (owner of Sire, Mrs. Le Vin). Dam, Siepoo Camille.

Heart's Delight has never been exhibited before today. She is sired by a Foreign White out of a Blue-Point carrying Chocolate. She has had one litter—to a Lilac-Point—and is now neutered.

Miss P. Turner, SCINTILLA COPPER ABLAZE. Female. Born 19.4.67. Breeder, Exhibitor. Sire, Scintilla Wei-Wu (owner of Sire, Exhibitor). Dam, Siepoo Camille.

Copper Ablaze has never been exhibited before today. She is sired by a Foreign White thought to be masking Red or Cream-Point and who is litter brother to the cat illustrating the Choc.-Torties. Her dam is a Blue-Point carrying Chocolate.

## LILAC/CREAM-POINT SIAMESE

The mask is patched and blended lilac and cream. A blaze may appear but in general the patching is not so defined as in the Seal Tortie-Point. The ears are mottled lilac and cream. The nose leather and pads are mottled in two tones of pink. The tail is patched and mingled lilac and cream in an irregular pattern. The colour on the feet and legs may be much paler than on the mask. The body colour is similar to that of a Lilac-Point and shading, if any, tends to be mottled. The eyes are a brilliant bright blue, a little less of a pinked tinge of the blue of the Lilac-Point.

### LILAC/CREAM-POINT SIAMESE

- 175 Mrs. Baxter, EMBEE MUHK CHOMPOO. Female. Born 5.12.66. Breeder, Exhibitor. Sire, Chelston Nieu Looknang (owner of Sire, Mrs. Baxter) Dam, Charazel Bambi.

Chompoo was sired by a Cream-Point out of a Lilac-Point. She has only been shown once as a young kitten at Croydon 1967, and was awarded two firsts and one second prize.

- 176 Mrs. J. Queen, LEWKLAM OPAWN. Female. Born 30.1.67. Breeder, Exhibitor. Sire, Chelston Nieu Loognang (owner of Sire, Mrs. Baxter) Dam, Salchaiblueming.

Opawn has not been shown and was also sired by a Cream-Point.

- 177 Miss P. Turner, SCINTILLA LILAC HONEYDEW. Female. Born 12.7.66. Breeder, Exhibitor. Sire, Scintilla Adonis (owner of Sire, Miss P. Turner) Dam, Scintilla Heart's Delight.

Honeydew was sired by a Lilac-Point out of a Choc.-Tortie, here today who was sired by a Foreign White from the Norfolk strain.

- 172 Mrs. Baxter, EMBEE MWONG LOOKNANG. Female. Born 5.12.66. Breeder, Exhibitor. Sire, Chelston Nieu Looknang (owner of Sire, Mrs. Baxter). Dam, Charazel Bambi.
