### FOR THE ATTENTION OF VISITORS TO THE SHOW

The attention of all concerned is drawn to the fact that the Edinburgh and East of Scotland Cat Club is in principle opposed to young kittens changing hands at the Show. It is realised, however, that circumstances may in exceptional cases, modify this view. It may be kinder to the kitten concerned to accompany its new owner—should a long journey be involved—rather than to travel unaccompanied at a later date.

No objection is raised to arrangements for sale being made at the Show, but intending purchasers are warned about the possibility of infection when taking a kitten straight from a Show. The Show Manager or any of the Club Committee will be happy to give any advice to any Person intending to buy a kitten.

The Show Committee has done everything in its power to ensure that no Feline infection is present at the Show today. The surest way of passing on infection—even though it may not be obvious—is by touch.

Visitors are therefore specially asked **NOT TO TOUCH THE CATS.**

It is a natural reaction for children to put their fingers through the wire of the cage. **PLEASE DO NOT LET THEM DO THIS.**

Although most cats are very mild tempered and make lovable pets for Children and Adults too, on a show day the cat or kitten may be frightened by the noise and amount of people around it. If you touch it. **IT MAY BITE. PLEASE DO NOT TOUCH.**

**PLEASE HELP US TO CUT DOWN THE RISK..... DO NOT TOUCH.**

---

**THANK YOU FOR COMING TO OUR SHOW.**

**WE HOPE YOU HAVE ENJOYED IT . . .**

**COME AGAIN NEXT YEAR.**

# It's a dog's life

Many people vaccinate their dogs but relatively few remember to protect their cats.

Granted, nine is a lot of lives; but even a cat can't protect itself against feline infectious enteritis.

It really is a killer (and kittens are especially vulnerable).

Yet FIOVAX TC vaccine will give your cat or kitten the protection she deserves. So ask your veterinary surgeon for advice about this simple procedure.

# LYMEKILNS KORATS

THE SILVER-BLUE BEAUTIES FROM THAILAND

INTRODUCING MARTYCAT MALI

The Korat is a pure breed originating in the Korat Province of North Eastern Thailand and was first imported into the USA in 1959. The American Korat Cat Fanciers Association was founded in 1965 and is dedicated to keeping the Korat breed absolutely pure. The two males and one female imported into Britain last year from America are quite unrelated.

We hope that Mali will have her first litter shortly. Inquiries from interested breeders are invited.

A Korat can be an unusual, attractive and intelligent pet.
