# Foreword

By Mr. V. WATSON

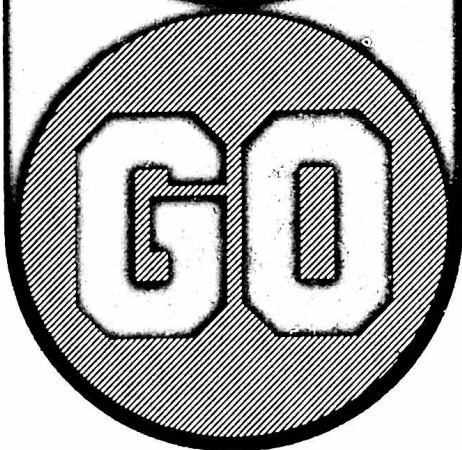

On behalf of the Show Managers and the Committee of our Club I would like to welcome you to our fourth all-Burmese Show.

This year we celebrate the Silver Jubilee of the formation of the Burmese Cat Club and to mark this important event the show rosettes this year are special silver ones and your catalogue has a silver cover.

Twenty-five years ago Burmese classes at all-breed shows usually consisted of not more than half-a-dozen entries and breeders of the day had to contend with many difficulties such as the frequent appearance of patches of white hairs, kinked tails and greenish eye colour. There was then only one coat colour known—the seal brown of the original cats. The beautiful cats and kittens on show today—more than 300 of them all-Burmese in type and character but of 10 different colour variants—illustrate very graphically the enormous progress which has been achieved in the space of 25 years, through the skill and perseverance of breeders.

The primary objects of the Club when it was formed were, and still are, to ensure the proper development of the breed and to safeguard the well-being of Burmese cats. The Club can give authoritative information and advice on the care of pets as well as on serious breeding. If you have any problems or questions you would like to ask we invite you to call at the Club stall in the Show where all the Club's publications are available and reliable advice is forthcoming.

I hope you will find much interest and pleasure in your visit to our Show.

# Even nine lives shouldn't be taken for granted.

Even nine lives are no protection against feline infectious enteritis. This disease is a killer and kittens are particularly vulnerable.

Fortunately, there is a swift and simple way of protecting your cat, Fiovox vaccine provides safe, effective protection against this disease.

## *Jubilee Song*

Burmese cats are we!  
Burmese cats are we!  
And we're all at Wolverhampton for our Silver Jubilee  
Brown and Chocolate,  
Lilac, Blue,  
Cream and Red Torties, too,  
Looking forward to a day of revelry.

Twenty-five long years  
Since we first came on the scene  
To bedazzle the Cat Fancy and to start the "Burmese Theme"  
With Brown cats  
That seemed to glow  
And Chartreuse eyes, you know,  
Little did the humans guess what was to be!

Well, we started off all Brown  
And we really hit the town  
But then what a surprise—a Blue appeared before their eyes  
A really lovely little girl  
—Set genetics all awirl—  
What exciting poten-tia-lity.

Then a Burmese girl, one day,  
From her mistress got away,  
Saw a handsome moggy lad (that made her owner hopping mad!!)  
Nine weeks later  
There appeared  
A Tortie kitten, so I've heard;  
"Now, there's a thought," said one lady.

Then far across the sea  
Champagne cats were known to be  
And some generous ladies said, "Let's have them here instead."  
So the Chocolates hit the town,  
Adding to Burmese renown,  
And Lilac joined the "Ton"  
Continuing the theme.

Just one more stage to go  
To complete the Burmese shown  
Ladies, gowned in every hue, brightly coloured, muted too,  
(And I've heard it whisper-ed  
Down under MALES have now been bred!)  
Descended from a monied line  
Or so 'tis said.

Burmese cats are we!  
Burmese cats are we!  
Celebrating all together our Silver Jubilee;  
Brown and Chocolate,  
Lilac, Blue,  
Cream and Red Torties, too,  
Looking forward to the best that's yet to be!

ANN MERRYWEATHER.

# CAT CARE COMMITTEE

May we draw your attention to the existence of this special Committee who are responsible for investigating cases of neglect and ill-treatment of cats.

This Committee has been able to help many cats and kittens to a better life and hope to extend their activities with the assistance of kind and interested people in all parts of the country. Cats are too beautiful to be kept in often overcrowded and dirty conditions.

If you know of any cases, you are asked to get in touch with the Hon. Secretary, **by letter only**, giving full particulars.

This Committee also gives advice on all cat welfare problems and specially advise that **no kittens go to new homes before 12 weeks of age.**

## There's no substitute

That's why Katlit is the top-selling cat litter, made in Britain so its consistent high quality is assured. Cats go naturally to Katlit and owners prefer it because it is

- Neutral in colour so does not stain floors, carpets or your cat's fur.
- Natural, clean, highly absorbent granules. Non-toxic and allergy free.
- Completely odourless itself, it also absorbs odours and keeps the house sweet.
- Permanently hygienic; soiled areas form clumps which can be removed easily with a trowel and flushed away, leaving the remaining Katlit fresh and clean. This also makes Katlit very economical.
- It is heavy, so there is less bulk to carry, less volume to dispose of - and it does not scatter or tread out of the tray.
- It comes in easy-carry bags of 3, 6 and 12 kilos and the popular 1 1/4 kilos cartons.

*If in difficulty, we would be happy to help you.*
