A special award will be given to any exhibit gaining three merit certificates.

Exhibitors **MUST** provide a copy of the Standard of Points approved by the G.C.C.F. for the use of the Judges, together with Entry form.

The attention of the Exhibitor is drawn to the following:—

The Committee reserves the right to amalgamate any classes that have not more than five entries in the combined Breed Class.

No one may remove any exhibit from its pen except the owner or a Club Official. Penalty for contravention of this Rule is £10.

Judges are empowered to withhold any prizes or Championship in any class if the exhibits do not, in their opinion, possess sufficient merit. Prizes will be awarded from the judge's slip, not from any catalogue or prize card.

- (b) Cancel, amalgamate or divide classes.
- (c) Publish a catalogue of the Show containing information as to the exhibits, and the names and addresses of exhibitors.

Leukassay F

**A testing system for
the fast identification of
FeLV-infected cats**

Feline Leukaemia Virus (FeLV) is commonly associated with many diseases of cats. It is not only a cause of lymphosarcoma but may induce a 'fading kitten' syndrome, blood disorders or reproductive failures.

Periodic testing by your veterinary surgeon using the Leukassay F testing system can help identify infected cats.

There's no substitute

That's why Katlit is the top-selling cat litter, made in Britain so its consistent high quality is assured. Cats go naturally to Katlit and owners prefer it because it is

- Neutral in colour so does not stain floors, carpets or your cat's fur.
- Natural, clean, highly absorbent granules. Non-toxic and allergy free.
- Completely odourless itself, it also absorbs odours and keeps the house sweet.
- Permanently hygienic; soiled areas form clumps which can be removed easily with a trowel and flushed away, leaving the remaining Katlit fresh and clean. This also makes Katlit very economical.
- It is heavy, so there is less bulk to carry, less volume to dispose of - and it does not scatter or tread out of the tray.
- It comes in easy-carry bags of 3, 6 and 12 kilos and the popular 1 ¼ kilos cartons.
