SHOW RULES AND REGULATIONS

The Show is held under the Rules of the Governing Council of the Cat Fancy and is open to all. As a copy of the Rules is NOT included with this Schedule, all exhibitors are reminded that they should read Section 4 of the Show Rules, as they will be strictly applied. Ignorance will not be accepted as an excuse for a breach of the Rules.

(Copies of the Rules may be obtained from The Secretary, Dovefields, Petworth Road, Witley, Surrey. Price £1.)

REGISTRATION

No cat or kitten, entire or neutered, born after 19.10.71. with one or both parents unregistered shall be eligible for the Open Classes. All pedigree cats, kittens or neuters exhibited at a G.C.C.F. Show must be registered. All registered exhibits which have changed hands must have been transferred to their new owner at least 21 days before the Show. All registrations and/or transfers must have reached The Receptor, Mr. Loveys, 28 Brendon Road, Watchet, Somerset TA23 OAX, at least 21 days before the Show.

If the registration number has not been received when completing the entry form write N.A.F. (Number Applied For) in the appropriate column and forward the number as soon as possible to the Show Manager. Your first choice of name should be entered in the appropriate column.

SHOW ENTRY

The exhibitor must complete the entry form as stated on the registration/transfer certificate. Exhibitors are responsible for the right description of the exhibit and for entering them in the correct classes. Please do not omit to READ and SIGN the declaration - if joint owners, both must sign the form.

VETTING-IN

Vetting-in slips and tallies will be given out at the entrance to the hall. Tallies must be hung round the exhibit's neck by narrow white tape, ribbon or elastic & must not be removed until judging is complete.

ALL EXHIBITS MUST BE INOCULATED AGAINST FELINE INFECTIOUS ENTERITIS. You may be asked to produce your current certificate.

All exhibits must be accompanied by the owner or owner's agent.

Exhibitors will be received at the Show Hall from 8 am. until 9.30 am. on Saturday, 8th September 1984 where they will be examined by a veterinary surgeon before being penned.

Exhibits must have clean ears and coats free from pests. Any exhibit rejected by the veterinary surgeon must be removed by its owners, and Entry Fees are forfeit. There will be quarantine pens for those cats rejected but owners are advised to take home any unfit cat. If, in the Veterinary Surgeon's opinion, it is desirable, all other exhibits from the same cattery and the owner, shall be debarred from attending the show.

THE VETERINARY SURGEON'S DECISION IS FINAL.

PENNING OF EXHIBITS

Double pens are not available, except for exhibition. Each competitive exhibit must be provided with a white blanket (plain woven, not cellular), litter tray and water bowl. Hot water bottles only are allowed, provided they are covered by the blankets, in accordance with G.C.C.F. Rules. Any other form of heating will lead to disqualification. All exhibits must have water, but food containers must be removed when judging starts at 10.00 am. and may not be returned until 1.p.m. Judges are instructed to pass any pen that is distinguished in any way. Other than official notices or award cards, no written or printed matter may be placed on competitive pens. Exhibition pens only may be decorated and may carry printed matter relating to the exhibit. Exhibits actually received at the Show Hall cannot be removed without the sanction of the Show Manager. They are only received on condition that the Club shall not be held responsible for any loss or damage to exhibits, boxes or baskets or in any other way.

The Show closes at 5 pm. No cat may be removed from its pen before this time. This rule will be strictly enforced.

No one may remove any exhibit from its pen except the owner or a Club official. Penalty for contravention of this rule is £10.

Judges are empowered to withhold any prize or championship in any class if the exhibits do not, in their opinion, possess sufficient merit. Prizes will be awarded from judge's award slips, not from catalogues or award cards.

PURTECT **Protects**

You can protect your cat against the three unpleasant and sometimes fatal diseases: feline viral rhinotracheitis and calicivirus disease (the major causes of cat flu) and feline panleucopaenia (infectious enteritis).

There is a British vaccine which gives combined protection –

Purfect – a simple painfree injection. So, for cats of all ages avoid the worry and distress that these diseases can cause and make sure they receive the best of British protection. Ask your veterinary surgeon about Purfect, now.

Purfect

(trade mark)

Great British protection against the major feline diseases.

An informative leaflet on vaccination and cat care is available from your veterinary surgeon or from Glaxovet Limited, FREEPOST, Harefield, Uxbridge, Middlesex UB9 6BR
