FOREWORD

Little did I think when I read Vic Watson's foreword to our Show Catalogue last year that it would fall to my lot to write in his place in 1986. In tribute to his memory the trophy for the Supreme Exhibit is awarded his name and I am sure the recipient will appreciate this honour. Vic Watson's name is synonymous with all that is best in 'Burmese.'

To those exhibitors who have supported the Charity classes, our grateful thanks. The entry fees will help swell the fund the Club is raising for the cause Vic referred to last year. Plans are well in hand for 'safe houses' for temporary accomodation for Burmese cats in distress.

Unfortunately another familiar figure will not be present. Maragret Giles died on 11th May. She had declined to judge for us this year due to crippling arthritis but she continued to show an interest in the breed which she has been connected for almost 30 years. We shall miss her very much.

It gives me great satisfaction to attend our own show so ably organised by Carol Barnes and her band of faithful members and to see so many beautiful exhibits.

Have a nice Day !

NEW SPECIAL CARE for your cat's special needs. SPECIAL CARE is a completely new cat food in liquid form, which is easily digested and very palatable. Being highly acceptable it is therefore especially suitable for :—

**** The weaning kitten, as it's first non-milk food, during the transition to solid food. Introduce Special Care at the level of half a can per day at 4 - 6 weeks old while decreasing the amount of mother's milk or milk replacer. Continue using at this level while gradually introducing solid foods until 12 weeks.**

**** The older cat, no longer able to handle solid foods as easily. Feed up to one can per day and reduce quantity of other foods.**

**** The pregnant or nursing cat. To give the necessary extra nutrition, pregnant cats can be offered half a can per day, and nursing cats fed to appetite.**

**** For cats with finicky appetites or who are off their food. Cats can be very fussy animals, and Special Care gives them the variety in texture and taste to tempt them to eat. For cats that do not drink a great deal, Special Care gives them the liquid intake they need.**

Special Care comes in a handy two-serving can (185g) with full vitamin supplementation. It is made ONLY from chicken, beef, liver, eggs and skim milk - no cereals and no soya - to ensure maximum palatability in feeding situations where high acceptance is important.

BURMESE AND ORIENTAL SPOTTED TABBIES

Dear Burmese Lovers,

My Mum is rushing around moaning about a cat show in Wolverhampton and the only way we will get an advert in the catalogue is for me to put paw to paper.

This year my mum has had some super help in compiling the classes from five of my great, great grandchildren, plus four of Elsie's (Ch Begeswick Something Else) children, our first litter of Oriental Spotted Tabbies. I nearly had a fit when I saw the size of their ears and their markings but when Elsie explained the situation I realised that they would look different from my descendants. I may add they need keeping in order whatever they are – still it keeps me young.

All our babies have superb temperaments – just like me – and are guaranteed to take over their new homes within 24 hours and have all humans firmly under their paws.

Good luck to all of you today – love the judges and get yourself a red card.

Luv from Topsy (retired mum - 12 years old)

P.S. The important bit

THE CAT CARE COMMITTEE

Secretary: MRS. B. HARRINGTON
79 Pilgrims Way, Kemsing, nr. Sevenoaks, Kent, TN15 6TD.

May we draw your attention to the existence of this special Committee who are responsible for investigating cases of neglect and ill-treatment of cats.

This Committee has been able to help many cats and kittens to a better life and hope to extend their activities, with the assistance of kind and interested people in all parts of the Country. Cats are too beautiful to be kept in overcrowded and dirty conditions.

If you know of any cases, you are asked to get in touch with the Hon. Secretary. **BY LETTER ONLY**, giving full particulars.

This Committee also gives advice on all cat welfare problems and specially advise that **NO KITTENS GO TO NEW HOMES BEFORE TWELVE WEEKS OF AGE**, and stress the importance of neutering.
