NATIONAL CAT CLUB'S 95th CHAMPIONSHIP SHOW

A warm welcome to everyone attending the show, and we hope you have an enjoyable day. Because of the general situation we expected the entries to be down. Fortunately it turned out to be very few, and we were glad not to have to refuse anyone before our extended closing date. However, we can but hope the weather is kinder than last year, when the terrific snow storms made the journey home so difficult for lots of you.

I know we have a number of overseas visitors as well as many from all over the British Isles who have come to see the best of Britain's pedigree cats and kittens, as well as the very attractive household pets in the gallery. I know that the many stalls on the ground floor and in the gallery are always a great attraction, especially for those wanting to buy Christmas gifts. As well as the pets in the gallery there is a household pet photographic competition sponsored by Pedigree Petfoods. Other attractions there include the Blue Peter cats, Oke and Kari very kindly brought from the Wood Green Animal Shelters and Arthur from Spillers entertains his public by showing how to lend a paw.

The committee thank the judges, the Veterinary Surgeons, the Stewards, the many Table workers and all in any way connected with the running of the show, including the Girl Guides who make a very early start to be here. My special thanks to the section managers, Mrs Joan Avery, dealing with the British and Siamese exhibits, Mrs Gill Day, the Longhairs, Mrs Rosemary Gowdy, the Foreign Shorthairs, and Mrs Betty Walde, the Household Pet section. To Mr Frank Grieve, a special thank you for planning the lay-out of the hall.

We thank Pedigree Petfoods for their much appreciated support and for the special vouchers given to the winners, the exhibitors, the workers , the Judges, the Stewards and the committee. We thank you very much. A thank you to Mr Round of Reliance Printing Works who has been responsible for printing the catalogue for many years. We also would like to thank Mr Menezes who for many years has been in charge of the pay box at the show. We could not do without him.

The biggest Thank You must go to the Exhibitors who really make the show. I know many have travelled almost all night to bring their cats and kittens to the show, and arrive with them looking so beautiful and a credit to the British Cat Fancy. If I have forgotten anyone please accept this THANK YOU for all of you.

This may not be in time for the printing of the Show Catalogue, but the Show Manager should attach your letter to your entry form which will save unnecessary notification of discrepancies when that show is checked. All catalogue errors are checked against the original entry form and any exhibitor's letters are used for reference.
If you are entering several cats from your household and the owners differ within that family/household, check with the Show Manager whether using one entry form is acceptable or not and, if so, indicate VERY CLEARLY which exhibitor owns which cat, ensuring all owners sign the entry form. It may be less confusing and more acceptable to the Show Manager for each owner to use separate entry forms but joint owners of an exhibit/exhibits should always use the same form and BOTH MUST SIGN.

STATUS OF ERRORS-WHAT TO EXPECT

MINOR ERRORS. These may warrant a notification for your reference if the error occurs more than once and it is apparent that registration details were available at the time of entry or before the date of the show. Continuous repetition of the same error after notification will be referred to the Executive Committee.

Examples of minor errors include:

(a) minor spelling errors
(b) separation of names that should be one word, and vice versa
(c) overseas title preceding the name of an exhibit, sire or dam, etc
(d) full breed number known but not given

INCORRECT DATE OF BIRTH. This is usually classed as a minor error unless it affects an entry into classes based on age groups when it could warrant disqualification of the exhibit from such classes but if the incorrect date of birth affects the age suitability as a whole, then the exhibit will be disqualified from the show.

N.B: AGE LIMITS: Kittens - not less than 3 calendar months and under 9 calendar months on date of show

Adults - not less than 9 calendar months on date of show

INCORRECT NAME OF EXHIBIT/SIRE/DAM/OWNER/BREEDER. If registration was obviously available at the time of entry or before the date of the show, disqualification is inevitable. The following discrepancies are those which usually arise:

EXHIBIT/SIRE/DAM Omission of Administrative or Breeder's prefix
Incomplete name/unregistered name added
Sire and Dam reversed
Totally incorrect name or names

REGISTERED OWNER (EXHIBITOR)/BREEDER Joint when they should be single and vice versa
Totally incorrect name or names

PLEASE NOTE:

1. The exhibitor(s) must be the registered owner(s) of the cat and NOT necessarily the person who actually takes the cat to the show
2. The breeder of a cat is ALWAYS the registered owner of the dam on the date of the cat's birth.

REGISTRATION/TRANSFER NOT RECEIVED BY GCCF 21 DAYS BEFORE THE DATE OF THE SHOW. These entries will be disqualified. Remember the effective date of all registrations and transfers is the FIRST DATE OF VALID RECEIPT BY THE GCCF, and if you enclose your own stamped addressed acknowledgment card with your application form this will be stamped with the GCCF office date of receipt.

TRANSFER OF EXHIBIT FROM EXHIBITOR TO A NEW OWNER RECEIVED BY GCCF MORE THAN 21 DAYS BEFORE THE DATE OF THE SHOW. Entries such as these will also be disqualified as the exhibitor's entry form becomes invalid.

INCORRECT CLASS ENTRY. These will be disqualified from the class concerned, so always check with the Show Manager if in doubt about which class to enter.

CAT REGISTERED ON THE REFERENCE REGISTER. No cat registered on this Register is eligible to be shown and therefore these entries will be disqualified. The only exception to this is when a new breed becomes recognised; and then, cats of the breed may be shown even if they are registered on the Reference Register, as long as this was the only reason for the Reference registration.

Exhibitors can appeal against any disqualification resulting from show checking, giving their reasons. The appeal will be referred to the Executive Committee if considered valid and, if not, a letter of explanation will be sent to the exhibitor(s). The above advice, however, is aimed to keep your show entries trouble free, not to mention the show checking.

A beautiful addition to any cat lover's library.

2nd - 10th May 1992

National Pet Week, in it's 4th year, is now an established diary date for animal orientated groups and individuals country - wide. 1991 saw over 600 nation - wide events promoting the aims of NPW

* To Promote responsible pet ownership
* To raise awareness of working animals
* To increase public awareness of services available for pet animals
* To make people aware of the benefits of pets to people

1992 looks to highlighting these aims with the theme

"ANIMALS AND US"

Why not join the increasing number of event organisers and plan an event yourself for 1992. It's not difficult. Regional and Area Co-ordinators are available to give friendly and practical advice, backed up by the National Pet Week Secretariat, Joyce King who would be happy to send information and promotional literature on request. She can be contacted on telephone: 0934 863377. Fax: 0934 863217 or write to NPW Secretariat, Bracken Hill, Wrington Hill, Wrington, Bristol BS18 7PN

If you would like to help or participate in any wayby holding an event or being an Area Co-ordinator let us know so that together we can make National Pet Week 1992 an even more memorable event.

EAST SUSSEX CAT CLUB

The East Sussex Cat Club is celebrating affiliation to the Governing Council of the Cat Fancy. Congratulations to the hard working committee

Do you love cats and want to meet others who are just as mad over them? then join our club. We have get togethers for a variety of different things which include an annual garden party and have had a talk on animal photography, a treasure hunt and vet talk to name a few. Our next one is hopefully to be a talk on homoeopathic medicine for the cat. We also have a help line to give guidance and advice on any cat matters.

For membership form please contact **membership secretary**, Mrs Gloira Neale - 0424 755165 or **treasurer** Mrs Barbara Herold 0424 870641.

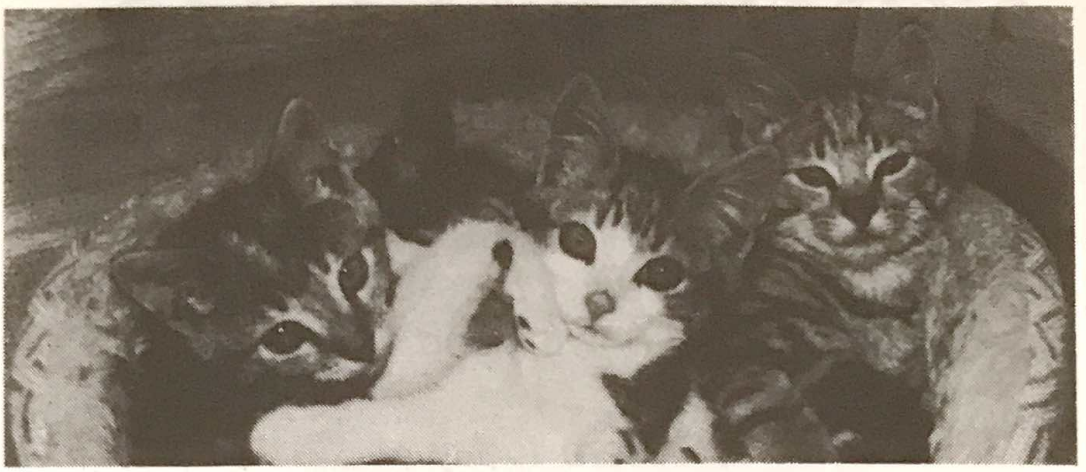
CATS ARE OUR CONCERN



The Cats Protection League is the oldest charity devoted solely to the welfare of cats and kittens. Every year we help thousands of homeless, abandoned, unwanted or injured cats through a national programme of rescue and rehabilitation. Over 200 Groups and Branches and several large Shelters carry out the work, using voluntary help.

'The Cat' is our members' own bi-monthly magazine and is packed full of information, articles and **CPL** news and views.

HOW TO TALK TO YOUR CAT

Your cat is talking to you. Listen! – your cat is telling you how much she loves you. Watch! – the special friend who shares your life has so much to say to you about his feelings and needs...if only you know how to listen and what to look for.

If you're a cat lover like me, and wish to better communicate with your pet for a deeper, more loving relationship, then you'll want to find out **HOW TO TALK TO YOUR CAT.** Remember – there's a lot more cat talk than 'Meow'. In fact . . .

There are nineteen different ways cats say 'meow'. And each has its own special meaning! Cats also talk in body language – with their ears, whiskers, eyes and tail...with their poses and movements! **YOUR TALKING CAT** shows you **how to talk to your cat**, how to interpret your cat's meows, facial expressions and often intricate body language, and answers at last fascinating mysteries of feline behavior such as:

- Why your cat rubs you to show affection . . . and how best to show her yours.
- Why your cat circles in your lap before settling down.
- Why your cat always seems to come over when you're reading or doing paperwork . . . and the ultimate toy to distract him.
- Why your cat doesn't like to be stared at.
- What kinds of toys and games your cat likes best.

And there is also a 'Cat Talk' Chart translating your cat's language, so you'll know when your pet is happiest . . . and illustrated charts of feline facial expressions and tail positions that reveal the range of your cat's moods and feelings.

You may be surprised to discover the warmth and strength of the bonds of affection between you and your cat once you understand her unique language of communication . . . when you learn the secret of **HOW TO TALK TO YOUR CAT.** Order your copy of **YOUR TALKING CAT** today – now, using the handy coupon below:

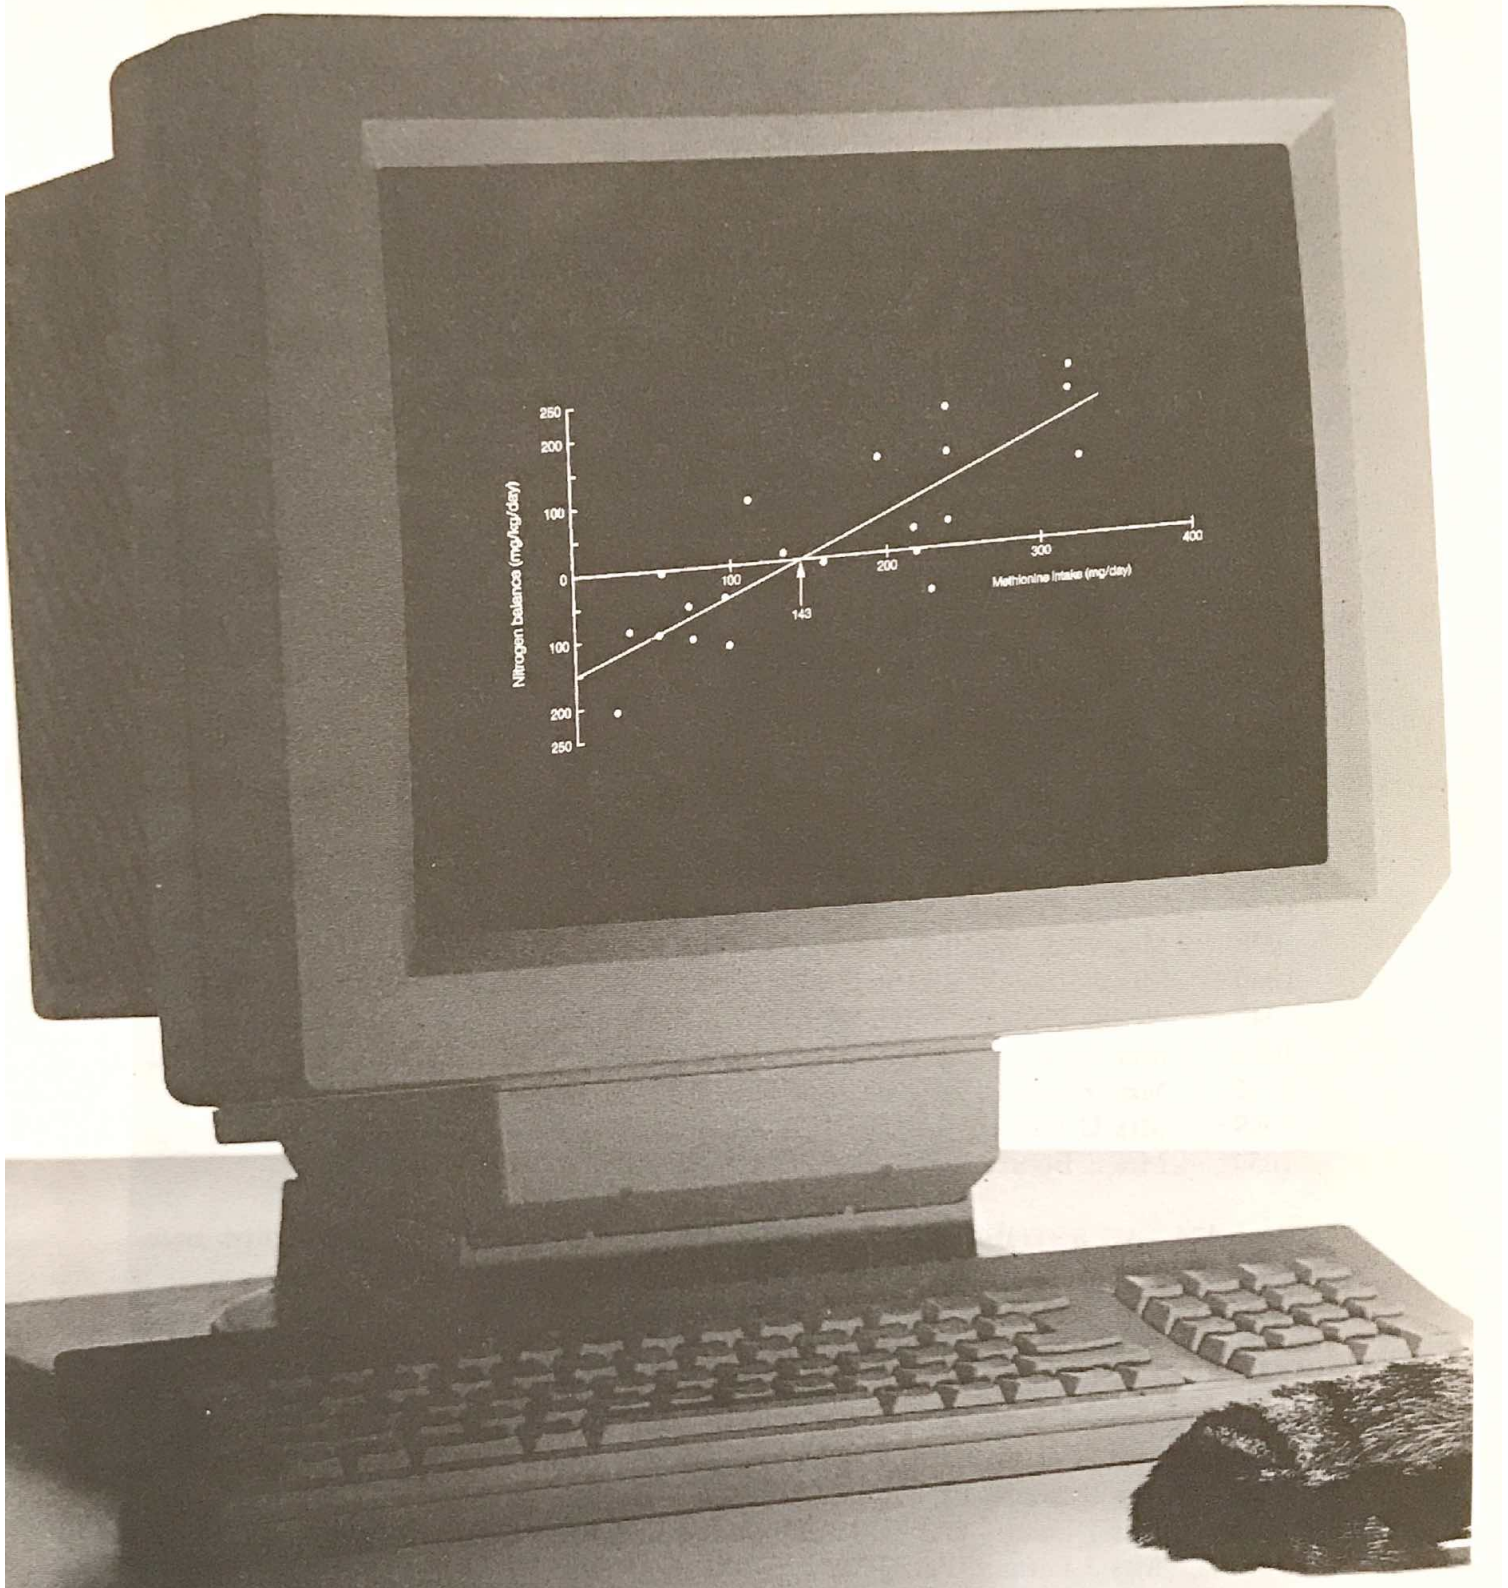
It took 10 scientists and a computer to determine the methionine level for Whiskas.



MORRIS J.G. (1981): Do cats really need more protein? Proceedings of Waltham Symposium No. 4. 521-533.
National Research Council (1986): Nutrient Requirements of Cats. Washington DC. National Academy of Sciences.
EARLE K.E. (1986): Protein and Amino Acid Requirements of the Adult Cat. Proceedings of the 12th Kal Kan Symposium.

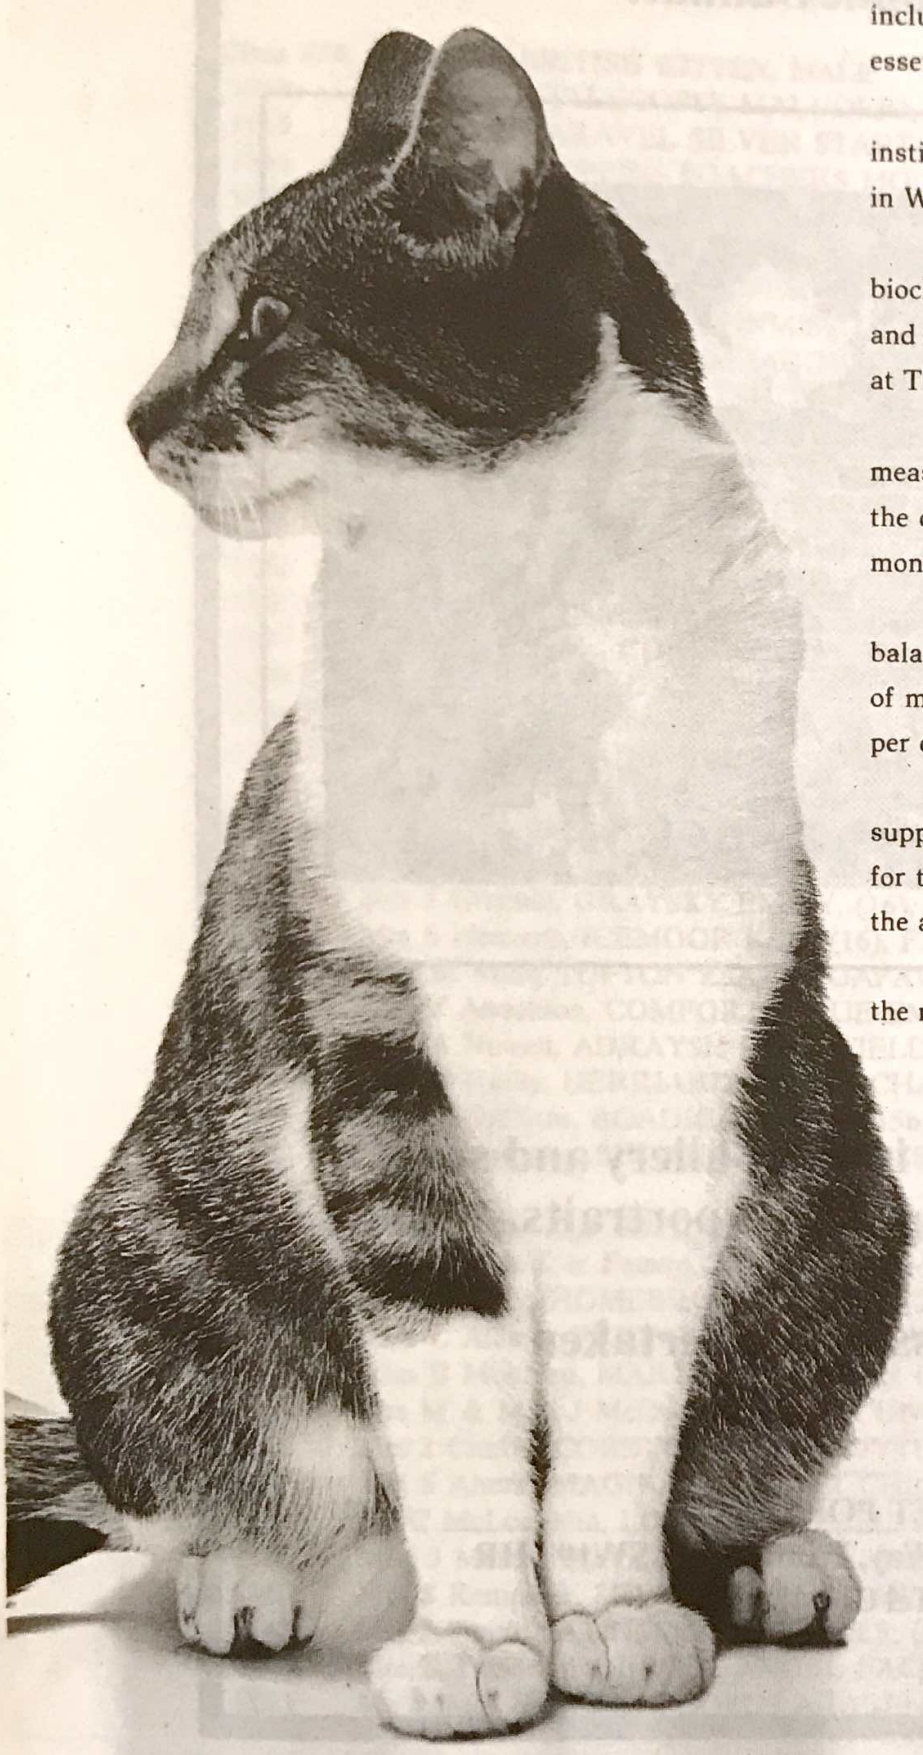
He knew all along.



A cat instinctively knows his diet must include enough methionine to maintain his essential nitrogen balance.

Unfortunately, we could not rely on instinct to determine the methionine balance in Whiskas.

But we could depend on the chemists, biochemists, veterinary surgeons, behaviourists and animal technicians (not to mention 460 cats) at The Waltham Centre for Pet Nutrition.

For nearly a year, tens of thousands of measurements were fed into the computer as the dietary, urinary and faecal nitrogen was monitored to measure the nitrogen balance.

The Waltham team found that the nitrogen balance was maintained when dietary levels of methionine were greater than 143 mg per day.

On the basis of this knowledge Whiskas supplies all the methionine needed to cater for the total sulphur amino acid requirement of the adult cat.

So it's hardly surprising that Whiskas is the most preferred cat food.

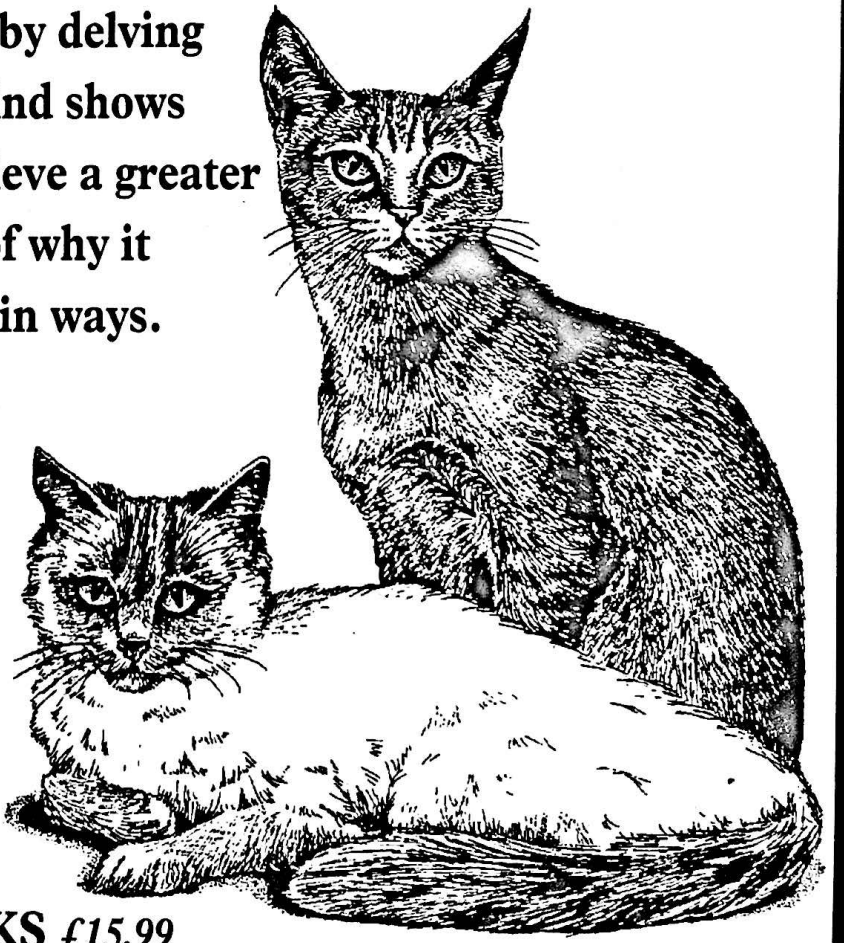
The CAT'S MIND

BRUCE FOGLE

An invaluable and fascinating book for both cat lovers and all those professionally involved with cats.

Drawing on the latest research, Bruce Fogle examines every aspect of feline behaviour from kittenhood to the elderly cat, and by delving into the cat's mind shows how we can achieve a greater understanding of why it behaves in certain ways.



Bruce Fogle is a practising vet, and has written and lectured widely on animal behaviour.

GAYLEE CATS

Burmese and Bengals

We are pleased to announce the arrival of our top class Bengals from the United States. We have selected only the finest breeding stock available to promote and progress this exciting breed of cat here in the UK

WARHAWK

Famous throughout the United States as the Bengal who stamped the firey orange colour into the breed for which he has become so renowned, he consistently produces beautifully pelted and friendly kittens. His progeny dominate the show benches in the United States.

KUBLA KHAN S.B.T.

Sired by Rajin Cajun, this flame coloured rosetted boy has outstanding potential. The vivid contrasts on his exotic pelt have to be seen to be believed.

Both of our boys will be at limited stud to FeLV and FIV negative queens.

Kittens are expected Spring 1992 from our selection of top quality S.B.T. Bengal Queens.

* S.B.T. denotes a minimum of four generations of Bengal to Bengal breedings.

All exhibits must be examined by the Show Veterinary Surgeons before being penned. Any exhibits which in their opinion are unfit for exhibition will be returned to their owners, and all entry fees will be forfeited.

ALL EXHIBITS MUST HAVE CLEAN EARS AND BE FREE FROM VERMIN. (This Rule will be strictly enforced).

NO KITTEN MAY BE SHOWN UNDER THE AGE OF THREE CALENDAR MONTHS.

ALL EXHIBITS MUST HAVE A CURRENT VACCINATION CERTIFICATE AGAINST INFECTIOUS FELINE ENTERITIS, ISSUED MORE THAN SEVEN DAYS BEFORE THE SHOW.

All exhibits must be accompanied by their owners or owner's representative throughout their journey and arrive in adequate baskets or boxes, not on leads.

Every exhibit must be provided with a white sanitary tray and clean, plain white or near-white blanket or blankets without distinctive marking or edging, which may be arranged in such a manner as to assist the comfort of the cat. Cellular blankets are not allowed but white Vet-bed or like materials with white or green backing may be used if preferred. Hot water bottles or heat reflective materials may be used but must be concealed by the blanket. Any other form of heating will lead to disqualification. All exhibits must have water in a white container. Nothing else will be allowed in pens during judging. Pens are 24" x 24". Tallies will be sent to exhibitors. These must be hung around the neck of each exhibit with white ribbon or tape.

SPRAYS OF ANY KIND ARE NOT ALLOWED IN THE SHOW HALL

The G.C.C.F. has asked that exhibitors should beware of the use of shampoos that change a cat's colour as this can lead to disqualification.

Exhibits are only received on condition that the Club shall not be responsible for any loss or damage to cats, boxes, baskets or any other property, or in any other way.

The right to cancel or amalgamate classes is reserved. Classes will be divided if entries warrant.

Human Curiosity...

Killed this Cat

'Alobar' lived and died in a laboratory

In laboratories worldwide, cats and kittens – like little Alobar – are killed after experiments in which electrodes are cemented into their skulls.

As a charity dedicated to finding alternatives to animal experiments, we are developing a new scanner called M.E.G. which could replace distressing brain research on animals.

Joanna Lumley, our Patron, says: "It is no use pretending today not to understand the horrors of vivisection. I urge you to support medical research – but let us not continue to pour blood and money down the drain together. Support the Dr Hadwen Trust, whose research does not include animals."
