TYPHA & TYPHAST

BURMESE & BENGALS
FeLV Negative Household

**"Have them with spots
or have them without
You will just love them
or that there's no doubt!"**

The similarity between the character of the Burmese and the Bengal is what attracted us to Bengals. They have all the outgoing characteristics of the Burmese, but with the bonus of a superb spotted or marbled pelt.

To see the two breeds playing together, or entwined in sleep, is a visual delight. The harmony of the lovely clear burmese coat contrasts so vividly with the exciting spots or swirls of the bengal.

If you would like to see Bengals for yourself, do visit the Exhibition pens here today. It is an experience not to be missed by any 'serious minded cat lover'! We have an excellent selection on display, all dedicated to convincing you how beautiful they are!

Meanwhile, at home, we have some 'serious minded Burmese boys', who would be delighted to offer their professional services to your young ladies:

GR CH TYPHA SILVERWINGED XPLOER 27c

GR CH GRAYLAG GENERAL JACK 27 Carries Blue & Choc

CH TYPHA PLUSH VELVAT 27a Carries choc

CH TYPHA BOMBADIER IGOR 27c

CH TYPHA MAJIC LANTIN 27c

TYPHA PHANTTOM OARSMAN 27 Carries choc

Also two dedicated Bengal boys:

GOGEEES WARHAWK OF FLYINGWFARMS Brown Spotted

CALUSA TYPHASNOWSTORM Green-eyed Sepia Snow

We have a selection of both Burmese and Bengal kittens available to the right homes.

Unfortunately, as often happens with a new breed, rumours regarding high prices for Bengals have tended to exceed reality. Please do give us a ring if you are interested in the breed. You will probably find they aren't as expensive as you had been led to believe.
