A CAT THAT'S BEEN VACCINATED AGAINST FELINE LEUKAEMIA IS A CAT WITH 10 LIVES

Feline leukaemia is a very serious disease. It's not dangerous to man but it's often fatal in cats. What's more, it's highly contagious - about 600,000 cats are infected in Britain.

One of the worst things about feline leukaemia is that its development is so slow you may not even realise that your cat is diseased. But all the while, the virus is attacking its immune system and the first sign you may see is a persistent infection like abscesses or chronic diarrhoea. Your vet will probably take

blood samples to help him identify the leukaemia virus. If the tests are positive there's not much he can do to help the cat.

But now there's something *you* can do to prevent your cat catching the disease.

Virbac Laboratories have perfected the first leukaemia vaccine to be approved by the E.C.. It's called Leucogen and it's available from your vet. Two simple injections plus a booster dose every year, will ensure that your cat is fully protected. So speak to your vet today about Leucogen and give your cat an extra life.

SHOW RULES AND REGULATIONS

The show is held under the Rules of the Governing Council of the Cat Fancy and is open to all. As a copy of the Rules is NOT included with this Schedule, all exhibitors are reminded that they should read Section 4 of the Show Rules, as they will be strictly applied. Ignorance will not be accepted as an excuse for a breach of the Rules. (Copies of the Rules may be obtained from the GCCF Offices, 4-6 Penel Orliou, Bridgwater, Somerset. Price £1.50)

REGISTRATION

No Cat or Kitten, Entire or Neutered, born after 19/10/71 with one or both parents unregistered shall be eligible for the Open Classes. All Pedigree Cats, Kittens or Neuters exhibited at a GCCF show must be registered. All registered exhibits which have changed hands, must have been transferred to their new owner at least 21 days before the Show. All registrations and/or transfers must have reached the GCCF Office at least 21 days before the Show. If the registration number has not been received when completing the entry form, write N.A.F. (Number Applied For) in the appropriate column and forward the number as soon as possible to the Show Manager. Your first choice of name should be entered in the appropriate column.

ADVICE TO EXHIBITORS AS FROM 1.6.92

- a) You are advised against purchasing any shampoos that change a cat's colour as this can lead to disqualification.
- b) Homeopathic Vaccinations are not acceptable to the GCCF for the purpose of vetting-in.
- c) Any alteration to your entry form must be in writing which will be attached to the form by the show manager. You may also make corrections to the form up to the close of the show.
- d) Kittens under the age of fourteen weeks (14) may not be shown.
- e) Any person whose cats have been rejected under Sections C or D must not officiate as a judge or steward or in any other capacity which requires the handling of cats at shows until a clearance certificate as required by the GCCF has been obtained.
- f) The use of small battery driven fans in pens can be dangerous, and could also be considered a distinguishing mark.
- g) Please note that in addition to the classes you have entered, your cat may also be handled for the purposes of assessing candidates in the GCCF appointment scheme
- h) Queen who have kitted within 12 weeks of the date of the show may not be shown.

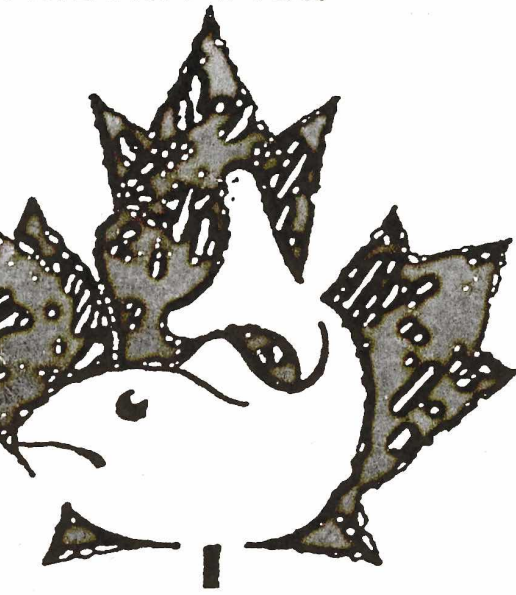

WITHDRAWAL FROM CAT SHOWS - NEW G.C.C.F. RULING

The last date for withdrawal of a cat from a show is the advertised closing date for entries at that show, after this date the cats concerned may not be withdrawn from the catalogue of the show and the 13 day rule about

WE HOPE NOT**

The International Fund for Animal Welfare (IFAW) - the world's largest animal welfare organisation - is asking British animal lovers to refuse to buy Canadian fish - particularly tinned salmon.

The Canadian Government is determined to expand their seal hunt - already the largest in the world with up to 186,000 seals doomed to die each year - many just a few weeks old.

Help IFAW save the seals - make sure the tinned salmon you buy is NOT Canadian.

entering two shows within 13 days will apply. Show Managers may be prepared to return part entry fees if the cat is not present at the show but the entry in the catalogue must not be withdrawn. This ruling does not prevent Show Managers from returning entries after the closing date of the show if they are unable to accept them into the show because the show is full.

Entry Fees will be refunded for entries withdrawn before the published closing date. Thereafter a percentage of the entry fees may be refunded at the discretion of the Committee. Withdrawal of entry must be in writing. If the entry is withdrawn on Veterinary advice a proportion of the entry fees may be returned at the discretion of the committee providing that a Veterinary Certificate is received by the Show Manager seven days prior to the date of the show.

The Show closes at 5pm No cat may be removed from its pen before this time. Any exhibitor interfering with or removing any cat from its pen during the show, except with the consent of the Show Manager, will forfeit any award that may be due to his or her exhibit. The Committee reserve to themselves the right to:

- (a) Appoint other Judges should those advertised be unable to fulfil their engagement and to appoint further Judges if deemed necessary.
- (b) Fix and limit the number of exhibits at the show and refuse entry without giving a reason.
- (c) Cancel, amalgamate or divide classes.
- (d) Publish a catalogue of the show containing information as to the exhibits and the names and addresses of the exhibitors.
- (e) Disqualify cats entered in the wrong classes by the exhibitor.
- (f) Retain a percentage of the entry fees to cover essential expenses, in the event of the Show being cancelled for any reason.
- (g) The Show Manager on behalf of the committee reserves the right to pass on any charges incurred to exhibitors whose cheques are refused payment by the club's bankers.
- (h) All Exhibitor's property is left in the Show Hall at the owners risk.

CORRESPONDENCE

All correspondence must be accompanied by a stamped, addressed envelope. Any complaint related to the Show must be forwarded to the Show Manager within seven (7) Days of the Show.

GENERAL NOTES FOR THE GUIDANCE OF EXHIBITORS

- (a) If your exhibit is rejected by the examining veterinary surgeon or veterinarian before or during a Show, the GCCF will require you to produce a veterinary certificate of freedom from infection before being permitted to attend or exhibit at any future show. This certificate must be dated not less than seven days after the show at which the exhibit(s) was/were rejected and submitted to the GCCF with all relevant details.
- (b) Evasion or breach of any of the GCCF rules, or of the articles of its constitution may, and often will lead to disciplinary action and you are advised to familiarise yourself with all sections of the Rules and with the Constitution. These are obtainable from the GCCF Secretary.
- (c) Except where the context demands otherwise, the word 'Cat' in these rules includes kittens and neuters. A kitten is defined as a young cat under nine calendar months of age. Thus a kitten born on 12th January becomes a cat (adult) on the following 12th October

RULE ON CONDITION (Effective 1.6.88) Section 4, Rule 4d

Any Cat or Kitten disqualified by a Veterinary Surgeon or Judge on grounds of condition must be reported by the Show Manager to the Honourary Secretary of the GCCF

If the cat was defending itself in exceptional and frightening circumstances, that information should be given to the Secretary of the GCCF for consideration by the Executive Committee. If the cat is reported at any subsequent show, it shall be disqualified from all future shows unless the Executive Committee rule otherwise.

Exhibitors whose cats have been rejected at Shows please note the following points:

1. When sending your clearance certificate to the Veterinary Officer, please include your copy of the rejection slip.

project ringworm research

THE SKIN DISEASE resulting from ringworm infection is often mild and localised; in some cats it can become severe and/or generalised at times involving secondary bacterial infections and causing considerable distress to the cat. Some of these infections prove very prolonged and can be extremely difficult to cure.

THE RISK OF SPREAD OF INFECTION TO MAN is of considerable importance as the disease, particularly in children, can be very severe. Concerns over the risk of infecting children may result in the euthanasia of cats in some households.

CATS WITH RINGWORM SUFFER from the loneliness of prolonged isolation, the unpleasantness of long periods of medication and the discomfort of shaving and bathing, which is often necessary.
