NEW RULE ON BITING AT SHOWS (Effective 1.6.88)

Any cat biting or inflicting injury by deliberately scratching a Judge, Veterinary Surgeon, Steward or other Show Official must be reported to the Show Manager. The Show Manager must withdraw the cat from the show and shall inform the owner of the cat in writing, sending a copy to the Secretary of the GCCF. If the cat was defending itself in exceptional and frightening circumstances, that information should be given to the Secretary of the GCCF for consideration by the Executive Committee. If the cat is reported at any subsequent show, it shall be disqualified from all future shows unless the Executive Committee rule otherwise.

EXHIBITS FOR ASSESSMENT

Cats, kittens and neuters of those breeds with Preliminary recognition must enter the appropriate Assessment Class, plus a minimum of three applicable Miscellaneous classes. Assessment classes are not competitive. Exhibits will be individually assessed and awarded a 'Merit' certificate if considered, by the judge, to meet the approved standard of points. Exhibitors must provide a copy of the GCCF approved standard of points when making their entry.

ADVICE TO EXHIBITORS AS FROM 1.6.92

- a) You are advised about against purchasing any shampoos that change a cat's colour as this can lead to disqualification.
- b) Homeopathic Vaccinations are not acceptable to the GCCF for the purpose of vetting-in.
- c) Any alteration to your entry form must be in writing which will be attached to the form by the show manager. You may also make corrections to the form up to the close of the show.

- d) Kittens under the age of fourteen weeks (14) may not now be shown.
- e) Any person whose cats have been rejected under Sections C or D must not officiate as a judge or steward or in any other capacity which requires the handling of cats at shows until a clearance certificate as required by the GCCF has been obtained.
- f) The use of small battery driven fans in pens can be dangerous, and could also be considered a distinguishing mark.
- g) Please note that in addition to the classes you have entered, your cat may also be handled for the purposes of assessing candidates in the GCCF appointment scheme
- h) Queen who have kitted within 12 weeks of the date of the show may not be shown.

VETERINARY CLEARANCE CERTIFICATES

Where an exhibit has been rejected or disqualified by a Veterinary Surgeon, the show managers shall obtain from the vet, the reasons, and accordingly notify the GCCF within 48 hours of the show, ensuring that a copy of the rejection form is forwarded to the exhibitor concerned.

Exhibitors whose cats have been rejected at Shows please note the following points:

1. When sending your clearance certificate to the Veterinary Officer, please include your copy of the rejection slip.
2. Please **DO NOT** send these certificates by recorded delivery as this can cause considerable delays in the receipt of your certificates. If you wish to satisfy yourself that your letter has reached the Veterinary Officer please enclose a stamped, addressed postcard for acknowledgement of receipt, and this will be signed and returned to you.
3. Exhibitors should not attend Shows until they have received a letter from the Secretary confirming clearance. It is recommended that this letter be taken to Shows within a month of the issue of the clearance letter.

VETERINARY LETTERS

In the past, cats showing signs of skin lesions might have been allowed entry to a show on production of a letter from their Veterinary Surgeon, stating the origin of the lesion. This was subject to the agreement of the Duty Vet. This is no longer applicable; such letters are no longer accepted at shows and any exhibitor presenting a cat with any skin lesions indicative of ringworm is likely to be rejected at vetting-in. The GCCF Veterinary Officer recommends exhibitors not to take a cat to a show if it has any skin lesions indicative of ringworm, however small.

ELECTRIC FANS AT CAT SHOWS

The GCCF Executive Council have again discussed the matter of electric fans in or on cat pens at shows. While the use of electric fans in this way might be considered to be breaking the rule of having a distinguishing feature in or on the pen, the major concern of the committee was the safety of the cats. It was considered that any fan with mechanical moving parts could be a cause of injury to a cat or kitten, particularly to the eyes. Even if the fan were mounted on the outside of the pen, there was still a worry that it might fall and catch a protruding paw. It is suggested that the best way of keeping cats cool would be to use an ice-pack carefully covered with the white blanket. It would be important to make sure that the cat could not place its paws or nose on the frozen surface and that the contents of the pack were non toxic but, subject to these checks, this is by far the most effective way of dealing with the problem.

Registered Charity No. 808719

project ringworm research

THE SKIN DISEASE resulting from ringworm infection is often mild and localised; in some cats it can become severe and/or generalised at times involving secondary bacterial infections and causing considerable distress to the cat. Some of these infections prove very prolonged and can be extremely difficult to cure.

THE RISK OF SPREAD OF INFECTION TO MAN is of considerable importance as the disease, particularly in children, can be very severe. Concerns over the risk of infecting children may result in the euthanasia of cats in some households.

CATS WITH RINGWORM SUFFER from the loneliness of prolonged isolation, the unpleasantness of long periods of medication and the discomfort of shaving and bathing, which is often necessary.

**A LEOPARD IN YOUR LIVING ROOM!
CAZADOR BENGAL'S**

Would you like to own a unique cat with stunning good looks? Bengals are domestic cats with a wild heritage. They look like miniature Leopards but have the affectionate temperament of a fully domesticated cat

Their coats come in three distinct varieties:

LEOPARD SPOTTED - like Leopards

MARBLE - swirls of colour like a child's marble

SNOW - like an Ocelot

All my kittens are lovingly home bred and have fantastic temperaments. Come and see two of my Leopard Spotted Bengals in the exhibition area of the show
