Welcome to this our 21st show.

In some senses we have become of age, and it is a tribute to the Essex team that the show is still one of the most popular events in the show calander. On a rather sad note, I must tell you that this is probably my last Essex after 20 years involvement. It is no secret that Sue and I are going our own separate ways. We both have new challenges to meet, and mine do not allow enough time to organise the show. Such a large undertaking as the Essex is not to be taken on lightly, and the number of refusals to take over the show is testament. I will not let the club down, but hopefully, the 1997 show will have a new show manager. Sue & I will continue our involvement with the Fancy through our highly successful computer business which looks after the vast majority of the big shows. So on a personal note, my thanks to everyone who has supported the club and us over the years. It has been a pleasure to be involved with such nice people.

ADVICE TO EXHIBITORS AS FROM 1.6.92

- a) You are advised against purchasing any shampoos that change a cat's colour as this can lead to disqualification.
- b) Homeopathic Vaccinations are not acceptable to the GCCF for the purpose of vetting-in.
- c) Any alteration to your entry form must be in writing which will be attached to the form by the show manager. You may also make corrections to the form up to the close of the show.
- d) Kittens under the age of fourteen weeks (14) may not now be shown.
- e) Any person whose cats have been rejected under Sections C or D must not officiate as a judge or steward or in any other capacity which requires the handling of cats at shows until a clearance certificate as required by the GCCF has been obtained.
- f) The use of small battery driven fans in pens can be dangerous, and could also be considered a distinguishing mark.
- g) Please note that in addition to the classes you have entered, your cat may also be handled for the purposes of assessing candidates in the GCCF appointment scheme
- h) Queens who have kitted within 12 weeks of the date of the show may not be shown.

Exhibitors whose cats have been rejected at Shows please note the following points:

- 1. When sending your clearance certificate to the Veterinary Officer, please include your copy of the rejection slip.
- 2. Please DO NOT send these certificates by recorded delivery as this can cause considerable delays in the receipt of your certificates. If you wish to satisfy yourself that your letter has reached the Veterinary Officer please enclose a stamped,

Ringworm research project

THE SKIN DISEASE resulting from ringworm infection is often mild and localised; in some cats it can become severe and/or generalised at times involving secondary bacterial infections and causing considerable distress to the cat. Some of these infections prove very prolonged and can be extremely difficult to cure.

THE RISK OF SPREAD OF INFECTION TO MAN is of considerable importance as the disease, particularly in children, can be very severe. Concerns over the risk of infecting children may result in the euthanasia of cats in some households.

CATS WITH RINGWORM SUFFER from the loneliness of prolonged isolation, the unpleasantness of long periods of medication and the discomfort of shaving and bathing, which is often necessary.

SEND DONATIONS to Mr J Allen, Treasurer, Cat Welfare Trust,
58 Mandeville, Stevenage, Herts. SG2 8JN

addressed postcard for acknowledgement of receipt, and this will be signed and returned to you.

3. Exhibitors should not attend Shows until they have received a letter from the Secretary confirming clearance. It is recommended that this letter be taken to Shows within a month of the issue of the clearance letter.

VETERINARY LETTERS

In the past, cats showing signs of skin lesions might have been allowed entry to a show on production of a letter from their Veterinary Surgeon, stating the origin of the lesion. This was subject to the agreement of the Duty Vet. This is no longer applicable; such letters are no longer accepted at shows and any exhibitor presenting a cat with any skin lesions indicative of ringworm is likely to be rejected at vetting-in. The GCCF Veterinary Officer recommends exhibitors not to take a cat to a show if it has any skin lesions indicative of ringworm, however small.

The status of the exhibit for entering restricted classes (i.e. Maiden, Limit, etc) shall be the cats' status on the day of entry, except where Section 2, Rule 15e applies. The wins as a Kitten do not count when the exhibit is shown as an Adult or Neuter; the wins as an Adult do not count when the exhibit is neutered and shown. Merit Awards do not count as 'wins' for entering restricted classes.

COUNTERSIGNING CERTIFICATES

In the event of a change of judge of an Open Class occurring after the closing date of the Show, and provided that the exhibitor informs the Show Manager prior to judging that a Certificate has previously been awarded by the replacement judge, the Show Manager shall appoint one other judge who shall judge the cat and if the cat is considered worthy, countersign the certificate which shall then count towards championship status.

CHANGE TO ENTRY FORM

Exhibitors are advised that they may correct any mistakes on their entry form up to the close of the show. Please inform the Show Managers in sufficient time if your entry is wrong

RULE ON BITING AT SHOWS (Effective 1.6.88)

Any cat biting or inflicting injury by deliberately scratching a Judge, Veterinary Surgeon, Steward or other Show Official must be reported to the Show Manager. The Show Manager must withdraw the cat from the show and shall inform the owner of the cat in writing, sending a copy to the Secretary of the GCCF. If the cat was defending itself in exceptional and frightening circumstances, that information should be given to the Secretary of the GCCF for consideration by the Executive Committee. If the cat is reported at any subsequent show, it shall be disqualified from all future shows unless the Executive Committee rule otherwise.

EXHIBITS FOR ASSESSMENT

Cats, kittens and neuters of those breeds with Preliminary recognition must enter the appropriate Assessment Class, plus a minimum of three applicable Miscellaneous classes.
