- Ex 5 Mrs K Wilkinson, MYMYSTIC STARSHADOW (74) MN 22/04/95 Br Mrs L Vousden, Fabiola Balladeer x Predator Minnie Themoocher

ring worm research project

Help eradicate ringworm

Support the CWT project to produce a vaccine

THE CAT WELFARE TRUST is delighted to announce the appointment of Mrs Ann Robinson who has started research for the project at Langford House, Bristol University.

THE SKIN DISEASE resulting from ringworm infection is often mild and localised; in some cats it can become severe and / or generalised at times involving secondary bacterial infections and causing considerable distress to the cat. Some infections prove very prolonged and can be extremely difficult to cure.

THE RISK OF SPREAD OF INFECTION TO MAN is of considerable importance as the disease, particularly in children can be very severe. Concerns over the risk of infecting children may result in the euthanasia of cats in some households

Donations should be sent to:

Mr. J. Allen, Treasurer, Cat Welfare Trust, 16 St Andrews Way, Langford, Bedfordshire SG18 9QL
