This is all very embarrassing.

Onion here is rather embarrassed. There's a condition, which affects cats called F.L.U.T.D. This stands for Feline Lower Urinary Tract Disease.

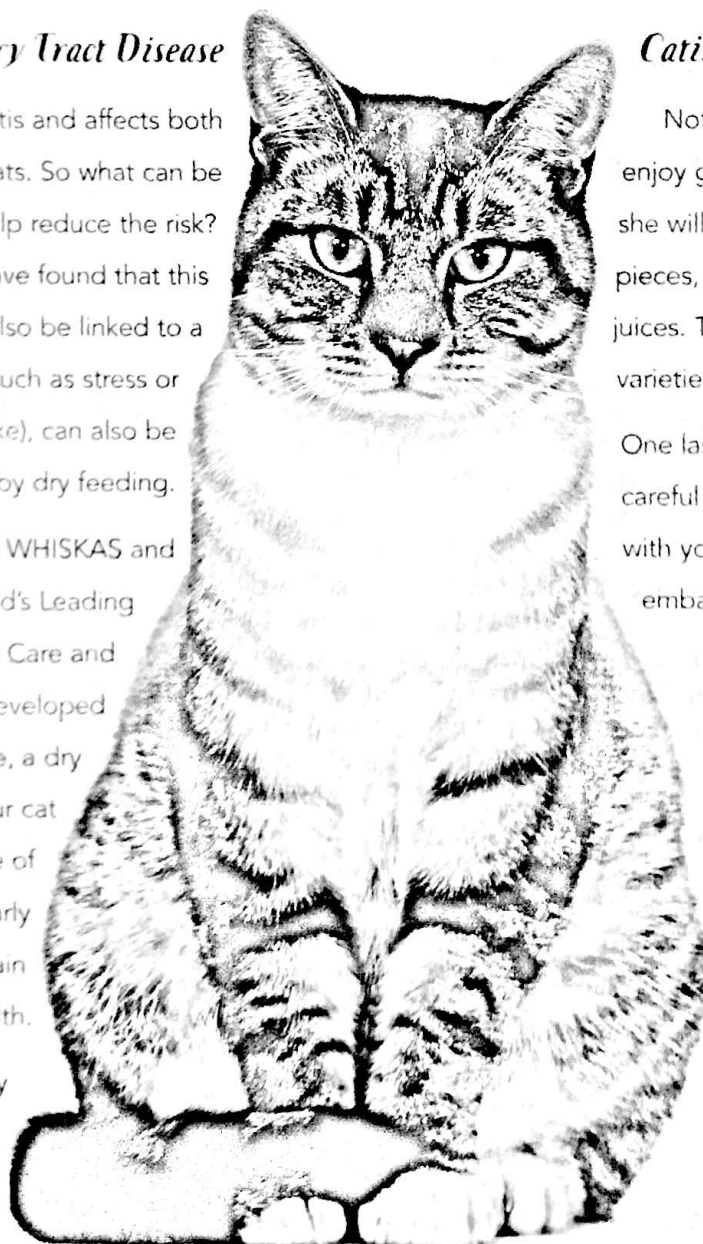

Happily, Onion doesn't have F.L.U.T.D. The reason he is uncomfortable is because he doesn't much like us talking about his bits and pieces.

Feline Lower Urinary Tract Disease

It's rather like cystitis and affects both male and female cats. So what can be done to help reduce the risk? Vets and nutritionists have found that this condition, (which can also be linked to a number of factors such as stress or reduced water intake), can also be influenced by dry feeding.

Bearing this in mind WHISKAS and WALTHAM, The World's Leading Authority on Pet Care and Nutrition, have developed WHISKAS Complete, a dry food which gives your cat the optimum balance of nutrients, particularly minerals to help maintain urinary tract health.

Onion here is lucky enough to be fed on WHISKAS Complete.

Satisfaction. A healthy cat

Not only is your cat more likely to enjoy good urinary tract health, he or she will also enjoy our new bite-sized pieces, each basted in natural meat juices. There are four delicious varieties to choose from.

One last word of advice, careful how you talk this over with your cat you know how embarrassed they can get.

If you have any concerns about FLUTD you should consult your vet. WHISKAS recommends regular visits to your veterinary surgeon to help keep your cat fit and healthy.

3. VETERINARY

Exhibits will be received at the entrance of the Show Hall from 7.30 a.m. until 9.30 a.m. on Saturday, 12th December, 1998. All exhibits must be brought to the Show in boxes, baskets or suitable containers and must be accompanied by owner or representative. No exhibit will be accepted on lead only. Each exhibit will be examined by the Club's Honourary Veterinary Surgeons, and no exhibit may be penned before being so examined.

Exhibits must have clean ears and coats free from pests. No cat or kitten that has been declawed will be accepted, neither will male cats which are either monorchids or cryptochids. Exhibits turned down by the Vet MUST be removed by their owners and entry fees forfeited.

THE VET'S DECISION IS FINAL.

If in the Veterinary Surgeons opinion, it is desirable, all other exhibits from the same cattery, and the owner thereof shall be debarred from attending the show. The Veterinary Surgeon's decision is final. The procedure to be adopted in such cases is clearly stated in G.C.C.F. Rules.

Exhibits may be withdrawn from the show as detailed under rule 2. There will be NO refunds for exhibits withdrawn AFTER the official close of entries.

ALL EXHIBITS MUST BE VACCINATED AGAINST FELINE INFECTIOUS ENTERITIS. They must have a current Vaccination Certificate against F.I.E. which should be dated not less than seven days prior to the Show. This ruling covers all Cats and Kittens. All current Certificates must accompany exhibits for veterinary inspection, if required. The G.C.C.F. recommend that all cats and kittens owned by exhibitors be regularly tested for FeLV.

Cats showing a positive reaction to FeLV blood test must not be shown.

VASECTOMIZED CATS MAY NOT BE SHOWN.

NO CAT OR KITTEN MAY BE EXHIBITED MORE THAN ONCE WITHIN THIRTEEN DAYS. THIS RULE INCLUDES ALL OTHER CATS AND KITTENS FROM THE SAME CATTERY.

Any cat found to be suffering from the effects of drugs on entry or at any time during the Show will be subject to expulsion from the Show on the authority of the Veterinary Surgeon. Where an exhibit has been rejected or disqualified by a Veterinary Surgeon, the Show Manager shall obtain from the Vet the reasons, and accordingly notify the Secretary of the G.C.C.F. within 48 hours of the Show, with a copy of the reasons to the exhibitor concerned. No nursing queen, lactating queen or pregnant queen or a blind cat may be entered as an exhibit.

VETERINARY CLEARANCE CERTIFICATES

EXHIBITORS WHOSE CATS HAVE BEEN REJECTED AT SHOWS, PLEASE NOTE:

- (a) When sending your clearance certificate to the G.C.C.F. Veterinary Officer, please include your copy of the rejection slip.
- (b) Please DO NOT send these certificates by recorded delivery post as this can cause considerable delays in the receipt of your Certificates. If you wish to satisfy yourself that your letter has reached the Veterinary Officer, please enclose a stamped, addressed postcard for acknowledgement of receipt, for signature, and this will be signed and returned to you.
- (c) Exhibitors should not attend Shows until they have **received a letter accepting and confirming clearance from the Veterinary Officer.** It is recommended that this letter be taken to Shows within one month of the issue.

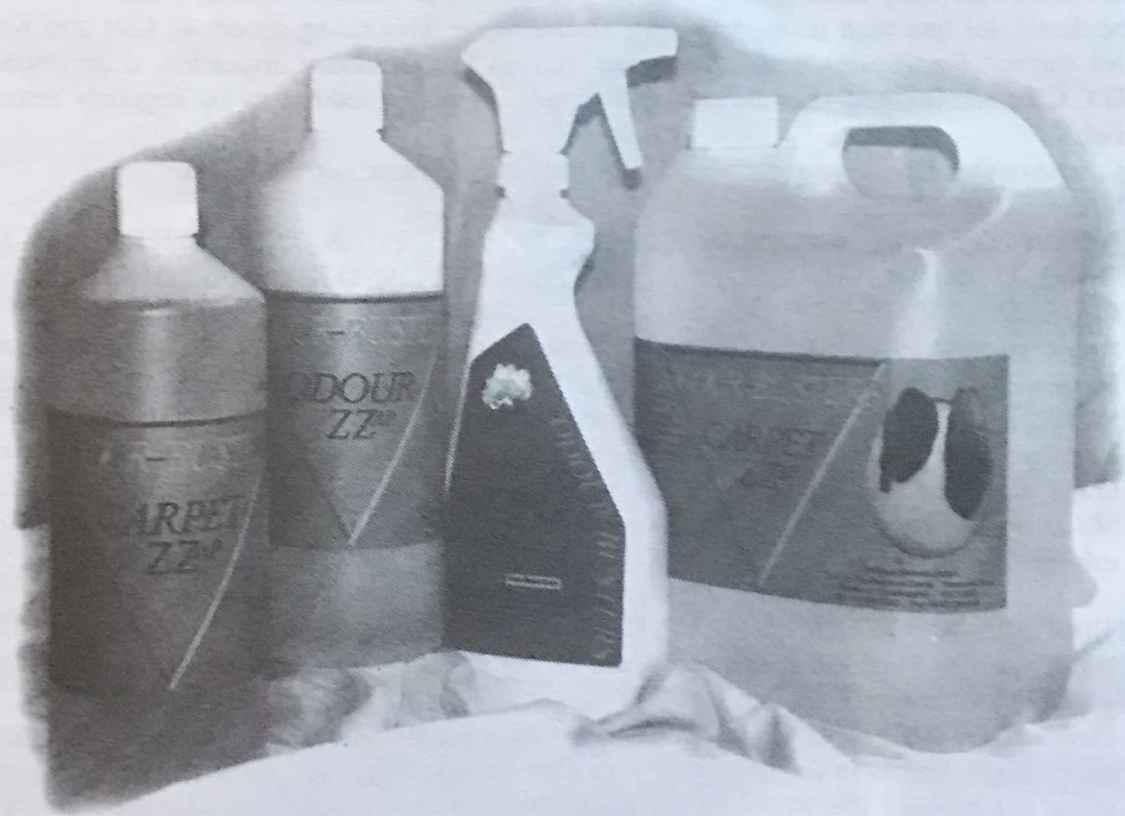

Veterinary Letters (Amended Notice)

In the past, cats showing signs of skin lesions might have been allowed entry to a show on production of a letter from their Veterinary Surgeon, stating the origin of the lesions. This was subject to the agreement of the Duty Vet. **THIS IS NO LONGER APPLICABLE;** such letters are no longer accepted at shows, and any exhibitor presenting a cat with any skin lesions indicative of ringworm is likely to be rejected at Vetting-In. The G.C.C.F. Veterinary Officer recommends exhibitors not to take a cat to a show if it has any skin lesions, however small.

4. PRESENTATION OF EXHIBITS

Take a pride in presenting your exhibit, be sure it is comfortable, warm and relaxed. Exhibitors must provide each exhibit with food, sanitary pan and drinking bowl, both articles must be white. Every exhibit must have a plain white or near-white blanket or blankets without distinctive marking or edging, which may be arranged in such a manner as to assist the comfort of the cat. **CELLULAR BLANKETS ARE NOT ALLOWED** but white Vet-bed or like material with white or green backing may be used if preferred. **JUDGES ARE INSTRUCTED TO PASS ANY PEN THAT IS DISTINGUISHED IN ANY MANNER.** A hot water bottle, heat reflecting material or an ice pack may be used, provided they are covered by the blanket, in accordance with GCCF Rules. Any other form of heating will lead to disqualification. A white container with water must be put into the pen, but food containers must be removed before judging commences, and cannot returned until 12 noon.

TALLIES WILL BE FORWARDED TO EACH EXHIBITOR. PLEASE REMEMBER TO INCLUDE YOUR SAE FOR RETURN OF THESE TO YOU.

These must be hung around the neck of each exhibit by means of **WHITE TAPE, RIBBON** or thin rounded **ELASTIC**, and must not be removed until the Show closes at 5.30 p.m. The use of grooming aids in the show hall, other than the use of a clean brush and comb or cloth is prohibited. No powder or grooming substances may be left in the coat of exhibits. Exhibitors who bath their cats prior to a show should test beforehand to ensure that the shampoo used does not change the colour of the coat, which could lead to disqualification. No written or printed matter of any kind, other than official notices or award cards, may be placed on to competitive pens.

Exhibits actually received into the Show Hall cannot be removed or withdrawn from the competition without the sanction of the Show Manager. They are then only received on the condition that the Club shall not be held responsible for any loss or damage to cats, boxes or baskets or other property, in any other way.

THE SHOW CLOSSES at 5.30 p.m. THERE WILL BE NO EARLY REMOVALS.

5. EXHIBITORS

DUE TO STRICT SECURITY PROCEDURES AIMED AT PROVIDING YOU AND YOUR EXHIBITS WITH A SAFE ENVIRONMENT, THE OLYMPIA MANAGEMENT INSIST THAT EVERYBODY ENTERING THE HALL WITH CATS FOR PENNING, OR ACCOMPANYING THEM, MUST HAVE PASSES. ANYONE WITHOUT A PASS WILL HAVE TO GO IN A SEPARATE ENTRANCE ON THE MORNING TO PAY.

Passes will be in the form of distinguishing stick-on badges which must be displayed. The centre of the Hall will be cleared for the first hour of judging and any person not wearing a pass will have to leave the Hall and pay for admission with the general public.

Any exhibitor in any way interfering with or removing any exhibit from its pen during the Show, except with the consent of the Show Manager, will forfeit any award that may be due to his or her exhibit. No-one may remove any exhibit from its pen except the owner of Club Official. All exhibitors are forbidden to carry their cats around the Show Hall, and they must not be held in such a way as to annoy other exhibits.

6. JUDGES

Judges are empowered to withhold any prize or championship in any class if the exhibits do not, in their opinion, possess sufficient merit. Prizes will be awarded from the judge's slip, not from any catalogue or prize card. Entries will not be accepted from Judges officiating at this Show or from any member of a Judge's household.

G.C.C.F. RULE: In the event of a change of Judge of an Open Class occurring after the closing date of the Show, and provided that the exhibitor informs the Show Manager prior to the Judging, that a Certificate has previously been awarded by the replacement Judge, the Show Manager shall appoint one other Judge **WHO SHALL JUDGE THE SAID CAT AND IF THE CAT IS CONSIDERED WORTHY, COUNTERSIGN THE CERTIFICATE** which shall then count towards Championship status.

Bells not working...

For many years cat owners have used the traditional bell system to deter their cats from hunting and catching birds. The principle is a simple one - a bell rings whenever the cat moves and so will pre-warn any unsuspecting prey that a cat is on the prowl. However, this simple mechanism has proven to be ineffective as a warning device as, prior to striking, a cat remains very still, hence no sound is made from its bell. Also, the force of inertia, caused as the cat launches its attack, forces the bell back against the cat's throat, effectively disarming its ringing ability. **In fact, the only time the bell doesn't ring is when it is supposed to - at the point of attack!**

ROLF

Liberator: Cat Friendly Bird Protection

Do our birds have a future?

The harmful effects of cat hunting is causing havoc to the environment and is a major area of public concern. Did you know that our domestic cats are responsible for the deaths of 75 million birds every year in the UK alone? Whilst it is unlikely that cats will cause any one species to become endangered, for those birds that are already under threat, cats could indeed put their future survival in real jeopardy. In fact, some groups are so concerned about the negative impact cats are having on our wildlife, that they are considering cat management options.

A recent survey revealed that cats wearing bells actually made more kills than those not wearing bells! It is here that the innovative design of **Liberator** excels - it gives cat owners the peace of mind that the warning device they have bought can stand up to the demands of the job in hand.

Liberator provides the answer

Liberator is an early warning alarm system that is set to finally prevent our cats from hunting and catching birds. In fact, it is so effective at warning prey prior to attack that, if worn by every domestic cat in the UK alone, the lives of millions of birds could be saved. This technological breakthrough is the result of extensive observation of cat hunting techniques and has been designed specifically to overcome the limitations of the bell system.

Liberator is extremely comfortable for your cat to wear, with in-built microchip technology that activates an audio and night visual alarm when most needed - at the point of attack. This unique alarm system is triggered by the incredible force of inertia caused as a cat launches a bird strike. The alarm emits during the entire strike distance, thus alerting the bird to the imminent danger and giving it ample time to escape. Unlike the bell system, which tinkles incessantly, **Liberator** sounds only at the crucial moment, effectively sabotaging the strike action without placing any physical or psychological restrictions on the cat.

The difference between an attempted strike and a successful one is a fraction of a second - **Liberator** makes that difference.

Liberator:

The innovative alarm system that works in conjunction with your cats inherent hunting techniques.

Inertia-activated trigger emits an audio and night visual alarm as your cat launches a bird strike.

Enables your cat to carry out its normal hunting instincts but prevents the actual kill.

Precision engineered to give prey enough time to escape successfully, making it extremely effective in reducing wildlife destruction.

Comfortable design causes no discomfort to your cat and does not affect your cat's well being in any way.

A fraction of a second is the only difference between an attempted strike and a successful one - **Liberator** makes that difference.

Supported by Rolf Harris, this amazing product is the long sought after solution that will finally create a harmonious balance between the domestic cat and the environment.

Liberator does not prevent cats from catching mice or rabbits etc...

The title of Grand Premier shall be granted to neutered cats under the same rules and conditions as those for Grand Champion.

SCHEDULED CLASSES FOR THE PETS SECTION ARE CONTAINED AT THE BACK OF THIS SCHEDULE

GENERAL GUIDELINES ON ENTERING SHOWS

Where possible always complete your show entry form from your GCCF registration document (ie Registration or Transfer certificate) for the cat that is to be exhibited, **PRINTING** the details carefully to avoid any mis-interpretation of your handwriting.

If you have not received your registration document at the time of entry, complete the show entry form with the details from the pedigree, giving the first choice of name if it is a non-prefix registration, and put RAF (Registration Applied For) or TAF (Transfer Applied For) or both, in the Registered No. box. It is wise to enclose a stamped self-addressed acknowledgement postcard with all registration and transfer applications, particularly for cats entered for shows, so that you know that the application has been received by the GCCF. Try and keep a copy of your entry form - then, when you receive registration details and number, check these against the entry form and notify the Show Manager in writing of any differences in the details as well as giving the registration number, if applicable. This may not be in time for the printing of the Show Catalogue, but the Show Manager should attach your letter to your entry form which will save unnecessary notification of discrepancies when that show is checked. All catalogue errors are checked against the original entry form and any exhibitors letters are used for reference. Show managements are permitted to accept corrections, at their own discretion, up to the close of the show on show day, such a change must not be a change of exhibit.

If you are entering several cats from your household and the registered owners (exhibitors) differ within that family/household, check with the Show Manager whether using one entry form is acceptable or not and, if it is, indicate **VERY CLEARLY** which exhibitor owns which cat, ensuring all owners sign the entry form. It may be less confusing and more acceptable to the Show Manager for each owner to use separate entry forms but joint owners of an exhibit/exhibits should always use the same form and **BOTH MUST SIGN.**

STATUS OF ERRORS-WHAT TO EXPECT

MINOR ERRORS. These warrant a notification for your reference if the error occurs more than once and it is apparent that registration details were available at the time of entry or before the date of the show. Continuous repetition of the same error after notification will be referred to the Executive Committee.

Examples of minor errors include:

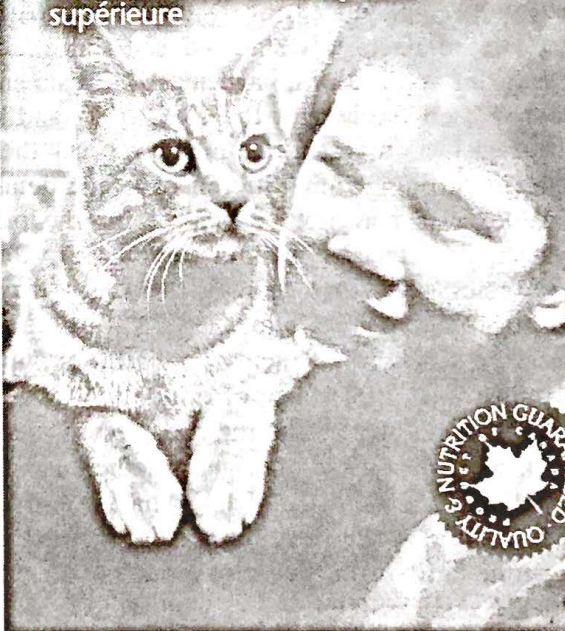

- (a) spelling errors
- (b) separation of cat's names that should be one word, and vice versa

An evolution in pet nutrition

- (c) administrative breeder's prefix omitted from, or partially incorrect name given for exhibit (revised 12.1.95)
- (d) overseas title preceding the name of an exhibit, sire or dam, etc
- (e) full breed number known but not given
- (f) Sire and Dam reversed (revised 5.1.94) or named incorrectly (revised 12.1.95)
- (g) breeder joint when single and vice versa (revised 5.1.94)

INCORRECT DATE OF BIRTH. This is usually classed as a minor error unless it affects an entry into classes based on age groups when it could warrant disqualification of the exhibit from such classes but if the incorrect date of birth affects the age suitability as a whole, then the exhibit will be disqualified from the show.

N.B: AGE LIMITS: Kittens - not less than 14 calendar weeks and under 9 calendar months on date of show with effect from 1.6.94
 Adults - not less than 9 calendar months on date of show

INCORRECT NAME OF EXHIBIT/SIRE/DAM/OWNER/BREEDER. If registration/transfer details were available at the time of entry or before the date of the show, disqualification is inevitable. The following discrepancies are those which usually arise:

- EXHIBIT** Totally incorrect name
- REGISTERED OWNER** Joint when they should be single and vice versa
- (EXHIBITOR)** Declaration not signed by registered owners(s)
 NB The exhibitor(s) must be the registered owner(s) of the cat and not necessarily the person who actually takes the cat to the show
- BREEDER** Totally incorrect name or names
 NB The breeder of a cat is ALWAYS the registered owner of the dam on the date of the cat's birth.

REGISTRATION/TRANSFER NOT RECEIVED BY GCCF 21 DAYS BEFORE THE DATE OF THE SHOW. These entries will be disqualified. Remember the effective date of all registrations and transfers is the **FIRST DATE OF VALID RECEIPT BY THE GCCF**, and if you enclose your own stamped addressed acknowledgment card with your application form this will be stamped with the GCCF office date of receipt.

TRANSFER OF EXHIBIT FROM EXHIBITOR TO A NEW OWNER RECEIVED BY GCCF MORE THAN 21 DAYS BEFORE THE DATE OF THE SHOW. Entries such as these will also be disqualified as the exhibitor's entry form becomes invalid.

INCORRECT CLASS ENTRY. These will be disqualified from the class concerned, so always check with the Show Manager if in doubt about which class to enter. If a breed number is changed officially, it is important that you notify the Show Manager immediately.

CAT REGISTERED ON THE REFERENCE REGISTER. No cat registered on this Register is eligible to be shown and therefore these entries will be disqualified.

The only exception to this is when a new breed becomes recognised; and then, cats of the breed may be shown even if they are registered on the Reference Register, as long as this was the only reason for the Reference registration.

Exhibitors can appeal against any disqualification resulting from show checking, giving their reasons. The appeal will be referred to the Executive Committee if considered valid and, if not, a letter of explanation will be sent to the exhibitor(s). The above advice, however, is aimed to keep your show entries trouble free, not to mention the show checking.

IMPORTANT NOTES

RULE ON CONDITION (Effective 1.6.88) Section 4, Rule 4d

Any Cat or Kitten disqualified by a Veterinary Surgeon or Judge on grounds of condition must be reported by the Show Manager to the Honourary Secretary of the GCCF.

The Cat Welfare Trust

PLEASE SUPPORT THE NEW TRUST APPEAL

The Trustees are delighted to announce the closure of the Ringworm Appeal. The Trust is now holding sufficient funds to support the ringworm vaccine research for the full three year programme. Ann Robinson has been working on this research since October 1996 at Bristol School of Veterinary Medicine.

The Trustees are now asking for support for a new project or series of projects to promote the health of cats by carrying out genetic research. Relatively little work has been undertaken in this field and it is a subject that has come to the fore recently with the European Union's Convention on the Breeding of Pet Animals which pinpoints several areas of concern.

The Trustees are hoping to identify a project and have work on it underway in the second half of 1998. The funding required will be £10,000 each year.

Donations to the Trust Treasurer: Mr John Allen, 16 St Andrews Way, Langford, Bedfordshire SG18 9QL.

Registered Charity No. 800719

Section 2 Rule 6 Note 1 (Ammended 24.2.93, effective 1.6.94)

...in the event of a change of Judge of an Open class occurring after the closing date of the Show, and provided that the exhibitor informs the Show Manager prior to the Judging, that a Certificate has previously been awarded by the replacement Judge, the Show Manager shall appoint one other Judge WHO SHALL JUDGE THE SAID CAT AND IF THE CAT IS CONSIDERED WORTHY, COUNTERSIGN THE CERTIFICATE which shall then count towards Championship status.

Section 3 Rule 1 (ammended 20.10.93; effective 1.6.94)

No person may steward at all for any judge under whom he OR A MEMBER OF HIS HOUSEHOLD is exhibiting in an open class. THIS SHALL ALSO INCLUDE CATS NOT ENTERED IN THE OPEN CLASS BUT TO BE CONSIDERED FOR BEST OF BREED

SECTION 4 RULE 4a

Queens who are pregnant, lactating OR WHO HAVE HAD HAD KITTENS WITHIN THE PAST 12 WEEKS may not compete and must not be exhibited at a show or exhibition and Veterinary Surgeons in attendance are instructed to reject any queen in the condition.

NEW RULE ON BITING AT SHOWS (Effective 1.6.88)

Any cat biting or inflicting injury by deliberately scratching a Judge, Veterinary Surgeon, Steward or other Show Official must be reported to the Show Manager. The Show Manager must withdraw the cat from the show and shall inform the owner of the cat in writing, sending a copy to the Secretary of the GCCF. If the cat was defending itself in exceptional and frightening circumstances, that information should be given to the Secretary of the GCCF for consideration by the Executive Committee. If the cat is reported at any subsequent show, it shall be disqualified from all future shows unless the Executive Committee rule otherwise.

WITHDRAWAL FROM CAT SHOWS - NEW G.C.C.F. RULING

The last date for withdrawal of a cat from a show is the advertised closing date for entries at that show, after this date the cats concerned may not be withdrawn from the catalogue of the show and the 13 day Rule about entering two shows within 13 days will apply. Show Managers may be prepared to return part entry fees if the cat is not present at the show but the entry in the catalogue must not be withdrawn. This ruling does not prevent Show Managers from returning entries after the closing date of the show if they are unable to accept them into the show because the show is full.

SECTION 4 RULE 4a

Queens who are pregnant, lactating OR WHO HAVE HAD KITTENS WITHIN THE PAST 12 WEEKS may not compete and must not be exhibited at a show or exhibition and Veterinary Surgeons in attendance are instructed to reject any queen in the conditions.

is back at the National Show after an absence last year due to turning-up on the wrong day! As usual we will have a year's supply of seconds and discontinued lines to sell at bargain prices. These make ideal Christmas presents for cat-loving friends and family - or you could buy another for your own collection.

We do, of course, offer a year-round service for our first-quality pieces and for special commissions. Those interested should contact us at:

Abyssinians and Norwegian Forest Cats for the discerning

Breeders of the very first titled Forest Cat in the UK, we specialise in Pure White NFCs, but all other colours are possible from time to time. Our kittens are reared "underfoot" as part of the family with lots of love, and are allowed to go to especially caring, permanent homes only. If you would like to learn more, come and visit our cats in competition here today, or ring Mary-Rose at home in Milton Keynes: 01908 310022

Gaylee Bengals

Where Quality comes before Quantity

We were one of the first breeders to bring Bengals into this country. We have recently imported several new exciting lines from new ALC's to the UK., which Gail hand picked when she visited the USA early this year and had the pleasure of staying with Jean Mill. We were the first breeders in the UK to win a Great European and Great International Champion title for a Bengal in the EEC.

We only breed two young litters at a time as handling is so important in any kitten's development. Our Bengals are bred indoors with lots of attention and love.

We specialize in unticked gold glitter coats with good definition for breeding, showing or family pets.

Our studs: Gaylee Discovery (Dizzy) (5 shows, 5 merits)

Clear gold coated boy with large black rosettes,
Flyingwfarms Kubla Khan x Tiga "L's Tambora

Gaylee Mazzaratty a spectacular marble with ultra short coat.

Gogees Warhawk x Bangalore Jungle Spirit

Llandar Shogun a golden boy with a real wild head and long body.

Millwood Llandar Braveheart x Millwood Llandar Sunset

We will occasionally sell studs to approved homes

We have Black Spotted/Rosetted babies with gold glitter pelts from our new stud out of the Heritage line, stunning Marbles and blue eyed Snow kittens with super temperaments who are looking for homes to take over. Reasonable prices.

Come and see us. We are off Junction 9 of the M27, just 1.25 hours from London or 2..5 hours from Birmingham and 10 mins. from Southampton Airport.

Tel:/Fax: 01489 577919 email: gayleebengals@zetnet.co.uk

Today we are showing a stunning marble kitten Gaylee Merry Goround and on exhibition we have Gaylee Desert Rose and Gaylee Desert Storm.

Do come and have a chat with us.
