VETERINARY CLEARANCE CERTIFICATES

EXHIBITORS WHOSE CATS HAVE BEEN REJECTED AT SHOWS, PLEASE NOTE:

- (a) When sending your clearance certificates to the GCCF Veterinary Officer, please include your copy of the rejection slip.
- (b) Please **DO NOT** send these certificates by recorded delivery post as this can cause considerable delays in the receipt of your certificates. If you wish to satisfy yourself that your letter has reached the Veterinary Officer, please enclose a stamped addressed postcard for acknowledgement of receipt, and this will be signed and returned to you.
- (c) Exhibitors should not attend Shows until they have received clearance from the Veterinary Officer. It is recommended that this letter be taken to Shows within one month of the issue.

VETERINARY LETTERS (Amended Notice)

In the past, cats showing signs of skin lesions might have been allowed entry to a Show on production of a letter from their Veterinary Surgeon, stating the origin of the lesions. This was subject to the agreement of the Duty Vet. **THIS IS NO LONGER APPLICABLE;** such letters are no longer accepted at shows, and any exhibitor presenting a cat with any skin lesions indicative of ringworm is likely to be rejected at Vetting-In. The GCCF Veterinary Officer recommends exhibitors not to take a cat to a show if it has skin lesions, however small.

PRESENTATION OF EXHIBITS

Take pride in presenting your exhibit, be sure it is comfortable, warm and relaxed.

Exhibitors must provide each exhibit with food, Military pan and drinking bowl, both articles must be white. Every exhibit must have a plain white or near white blanket or blankets without distinctive marking or edging, which may be arranged in such a manner as to assist the comfort of the cat, **CELLULAR BLANKETS ARE NOT ALLOWED** but white Vet-bed or like material with white or green backing may be used if preferred. **JUDGES ARE INSTRUCTED TO PASS ANY PEN THAT IS DISTINGUISHED IN ANY MANNER.** A hot water bottle, heat reflecting material or an ice pack may be used, provided they are covered by the blanket, in accordance with GCCF Rules. Any other form of heating will lead to disqualification. A white container with water must be put into the pen, but food containers must be removed before judging commences, and cannot be returned until 12 noon.

Tallies must be hung around the neck of each exhibit by means of **WHITE TAPE, RIBBON** or thin rounded **ELASTIC**, and must not be removed until the Show closes at 5.00p.m. The use of grooming aids in the Show Hall, other than the use of a clean brush and comb or cloth is prohibited. No powder or grooming substances may be left in the coat of exhibits. Exhibitors who bath their cats prior to a show should test beforehand to ensure that the shampoo used does not change the colour of the cat, which could lead to disqualification. No written printed matter of any kind, other than official notices or award cards, may be placed on to competitive pens.

Exhibits actually received into the Show Hall cannot be removed or withdrawn from the competition without the sanction of the Show Manager. They are then only received on the condition that the Club shall not be held responsible for any loss or damage to cats, boxes or baskets or any other property, in any other way.

THE SHOW CLOSES at 5.00p.m. THERE WILL BE NO EARLY REMOVALS.

JUDGES

Judges are empowered to withhold any prize or championship in any class if the exhibit in their opinion, do not possess sufficient merit. prizes will be awarded from the judge's slip, not from any catalogue or prize card. Entries will not be accepted from Judges officiating at this Show or from any member of a Judge's household.

The Cat Welfare Trust

PLEASE SUPPORT THE NEW TRUST APPEAL

The Trustees are delighted to announce the closure of the Ringworm Appeal. The Trust is now holding sufficient funds to support the ringworm vaccine research for the full three year programme. Ann Robinson has been working on this research since October 1996 at Bristol School of Veterinary Medicine.

The Trustees are now asking for support for a new project or series of projects to promote the health of cats by carrying out genetic research. Relatively little work has been undertaken in this field and it is a subject that has come to the fore recently with the European Union's Convention on the Breeding of Pet Animals which pinpoints several areas of concern.

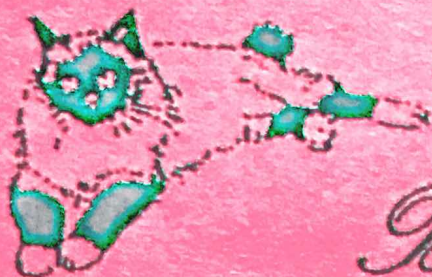

The Trustees are hoping to identify a project and have work on it underway in the second half of 1998. The funding required will be £10,000 each year.
