## CHAIRMANS WELCOME

On behalf of the Lincolnshire Cat Club I would like to extend a warm welcome to all the exhibitors and visitors to our 24th Championship Show.

It is difficult to add anything new to my welcome letter but sadly this year there is a very important person, a figurehead in his own right, our joint show manager Ken Barnes, a founder member passed away on our show eve last year. His wife Marjorie is still an important part of the club, what she does not know is not worth knowing.

Over the years I've been involved with the club, it has had the reputation of being a friendly club and I think the way the show goes speaks for itself.

Fair does we do have a hiccup now and then, but what show does not.

Thank you all for bringing your lovely pets and pedigree cats to grace our show benches. Not all of you will go away with a prize but at least you can say I've been to a great show!

Thanks to all the judges and stewards for giving up their spare time to be with us and to all the section managers, table workers and to all who contribute to the show with their hard work, not noticed by everyone.

I am proud to be chairman of such a friendly club.

Have a nice day, and don't forget if you have a complaint please let us know.

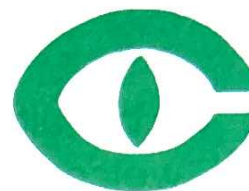

Have a safe journey home.

We want to see you at our 25th Championship Show.

Stan Mumby, Chairman

**Exhibitors:-** If your cat has won a Champion or Premier title at a GCCF Championship Show, please make your claim to the GCCF office (address above). Please include the cat's name, breed number, sex, breeder's name, owner's name and address, together with the names and dates of the three shows, and awarding judges' names. All claims are acknowledged, and periodically a list of Champions etc. is published in CATS, shortly after which medals are sent to owners from the GCCF office.

Owners of cats achieving the same title under GCCF and GCCF of Ireland Rules may claim "International" status for that title, by writing to the GCCF office enclosing written confirmation of having gained the title under GCCF of Ireland Rules. This written confirmation must be signed by the Secretary and stamped with the GCCF of Ireland's Seal.

# YOUR CAT CAN NOT SPEAK ABOUT HIS HEALTH. HIS COAT SPEAKS FOR HIM.

## Hair & Skin 33

The beauty of his coat depends on his diet.

Royal Canin has developed a new nutritional diet, complete and balanced that beautifies, strengthens and looks after your adult cat's coat, whatever his breed or age. The veterinary dieticians of Royal Canin have developed the exclusive active formula "DERMSYSTEM" that enhances the shine, volume, softness and suppleness of the coat. Furthermore, it strengthens the coat's natural colour intensity. HAIR & SKIN 33, are delicious croquettes made from natural ingredients containing the "HAIRBALL TRANSIT SYSTEM". These micronised fibres limit the

formation of hairballs, a cause of vomiting and help their elimination by improving the intestinal transit.

# The Cat Welfare Trust

PLEASE SUPPORT THE GENOME MAP PROJECT

The Trustees have now chosen the second project after an excellent response from the Veterinary Schools and organisations approached. It has been decided to support the project proposed by Dr Matthews Binns of the Animal Health Trust.

The Animal Health Trust has been working on the production of genome maps for horses and dogs. These maps are an essential tool for the study of genetics in any species and Dr Binns will now extend this study to produce a map for cats. This work has already started in the United States and it will be a great asset for cat breeders in this country to have the benefits of this research easily available to them. The project will produce information about inherited disease and enable such problems to be identified by a simple blood test. Programs can then be developed for the elimination of the disease from the breed in the most positive and caring way. The work on the genome map and the following research will take time and funding from other sources but it will be the Cat Welfare Trust grant which will enable the work to commence.

Work will start on the project at the beginning of the year 2000 and will be funded for two years. The Trustees need your support to provide money to enable them to make this grant and to produce further funds to undertake future projects for the benefit of our cats. The excellent response received for this project has confirmed the Trustees' belief that there are many worthwhile projects needing their support in the future. It is now possible to obtain a tax rebate on millenium gifts under the Gift Aid rules for one off donations of as little as £100. This special tax benefit will run until the end of next year. Details of this scheme are available from your local tax office.

The final results from the Ringworm Project are being prepared and will be published early in the new year.

Donations to the Trust Treasurer:
