The Cat Welfare Trust

PLEASE SUPPORT THE GENOME MAP PROJECT

The current project is being undertaken by Dr Matthews Binns of the Animal Health Trust which has been involved in the production of genome maps and is working on similar projects for horses and dogs. These maps are an essential tool for the study of genetics in any species and now much of this work on the feline map is well under way in the United States. Dr Binns will use this work to produce information about inherited disease and enable such problems to be identified by a simple blood test. Programmes can then be developed for the elimination of the disease from the breed in the most positive and caring way. The work on the genome map and the following research will take time and funding from other sources but it is the Cat Welfare Trust grant which has enabled the work to commence.

The Trustees have been supporting the Genetics Project for over a year now and this has enabled Dr Binns to commence work on the preparation of DNA samples and to attempt to identify markers linked to the disease, progressive retinal atrophy. This condition has been chosen because suitable samples already exist and this will enable Dr Binns to set up a 'blueprint' which can then be used to identify markers for other conditions. Dr Binns has set up a Genetics Working Group with feline veterinary interests from around the country represented on it. This Group will be able to provide additional support for the work and co-ordinate the collection of information on specific diseases.

Work started on the project at the beginning of year 2000 and will be funded for two years initially. The Trustees need your support to provide money to enable them to make this grant and to produce further funds to undertake future projects for the benefit of our cats. The excellent response received from the Veterinary Schools, when approached for possible projects last year, has confirmed the Trustees' belief that there are many worthwhile schemes needing their support in the future.

You can help us maximise your support by enabling the Trust to reclaim tax on your donations under the Gift Aid scheme. All you need to do is to state that you pay tax and wish the Cat Welfare Trust to treat your donation as Gift Aid.

Donations to the Trust Treasurer:

Mr J Allen, 16 St Andrews Way, Langford, Beds SG18 9QL
