I would like to extend to you all a very warm welcome to the Notts and Derbys Cat Club's 57th Championship Show. May you all have a happy and successful day.

Last year was my first Show as Show Manager and I left home at six thirty in the morning in some trepidation as to what the day ahead may bring. However, with the help of my Assistant Show Manager, Jane Francis Wilson, and my wonderful team of helpers, the day seemed to pass off successfully. The odd gremlin crept in as I am sure they always do but we all left the Hall at the end of the day feeling that everyone had enjoyed themselves.

I would just like to tell those of you who don't know but last year we lost our Chairman Derek Rawnsley, and his presence has already been greatly missed within the Club. We have dedicated our Special Classes this year to his memory.

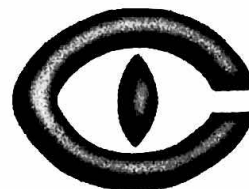

To the Judges and Vets, again, a very big thank you for accepting our invitations and it is good to have you with us in Nottingham.

I would like to close by thanking all of the Exhibitors for their continued support by entering our Show and we hope to see many of you again here with us next year. To all the support team at the Harvey Hadden Sports Centre, we also offer our sincere thanks for their continuing help and support. And finally, thank you too to the Stallholders who come back year after year.

For the protection and comfort of the cats we ask you to observe the following procedure, and so ensure that infection will not be passed from cat to cat and that the exhibits will not be frightened.

The Cat Welfare Trust

PLEASE SUPPORT OUR RESEARCH PROJECTS

The second project was undertaken by Dr Matthews Binns of the Animal Health Trust which has been involved in the production of genome maps and is working on similar projects for horses and dogs. These maps are an essential tool for the study of genetics in any species and now much of this work on the feline map has been completed in the United States. Dr Binns' work of identifying specific markers will enable researchers to produce information about inherited feline diseases and enable such problems to be identified by a simple blood test. Programmes can now be developed for the elimination of the condition from the breed in the most positive and caring way. The work on the genome map and the following research will take time and funding from other sources but it is the Cat Welfare Trust grant which has enabled the work to commence.

The Trustees have supported the Genetics Project for two years and this has enabled Dr Binns to produce a 'blueprint' which can now be used to facilitate work on genetic conditions. Dr Binns has set up a Genetics Working Group with feline veterinary interests from around the country represented on it. This Group will be able to provide additional support for the work and co-ordinate the collection of information on specific diseases.

The search has now begun for a **THIRD** project. All the veterinary colleges and other relevant organisations have been contacted and asked to supply the Trust with an outline of any project they would like to have considered for funding. The Trustees need your support to provide money to enable them to make grants and undertake the support of future projects for the benefit of our cats. The excellent response we have already received from the Veterinary Schools, with suggestions for a third project, has confirmed the Trustees' belief that there are many worthwhile schemes needing their support now and in the future.

You can help us maximise your support by enabling the Trust to reclaim tax on your donations under the Gift Aid scheme. All you need to do is to state that you pay tax and wish the Cat Welfare Trust to treat your donation as Gift Aid.

VETERINARY CLEARANCE CERTIFICATES

Where an exhibit has been rejected or disqualified by a Veterinary Surgeon, the Show Managers shall obtain from the Vet the reasons, and accordingly notify the GCCF within 48 hours of the Show, ensuring that a copy of the rejection form is provided to the exhibitor concerned.

Exhibitors whose cats have been rejected at shows please note the following:

1. When sending your clearance certificate to the Veterinary Officer, please include your copy of the rejection slip.
2. Please DO NOT send these certificates by recorded delivery as this can cause considerable delay in the receipt of your documentation. If you wish to satisfy yourself that your letter has reached the Veterinary Officer, please enclose a stamped, addressed postcard for acknowledgement of receipt, and this will be signed and returned to you.
3. Exhibitors should not attend shows until they have received a letter from the GCCF Secretary confirming clearance. It is recommended that this letter be taken to shows within a month of the issue of the clearance letter.

JUDGES AND JUDGING

Judging will commence at 10.00 am and exhibitors will be requested to clear the penning area at this time until 12.30 pm, whilst the Open Classes are being judged.

Judges are empowered to withhold any prizes in any Class if the exhibits do not, in their opinion, possess sufficient merit. Prizes will be awarded from the judge's slip, not from any catalogue or prize card. A JUDGE'S DECISION IS FINAL. An exhibitor may not approach a judge, or enter into conversation with a judge, until that judge's engagement is complete.

In the event of a change of judge of an Open Class occurring after the closing date of the Show, and provided that the exhibitor informs the Show Manager prior to judging that a Certificate has previously been awarded by the replacement judge, the Show Manager shall appoint one other judge who shall judge the cat and if the cat is considered worthy, countersign the certificate which shall then count towards championship status.

If the replacement judge at the first show has also been previously booked for a subsequent show, the closing date of which is before the date of the first show and where the actual entry has been made and received before the date of the first show, then at the subsequent show this judge can be considered as a replacement judge for the purpose of requesting a countersignature. When a cat which has been awarded a certificate at the Supreme Show is entered under the same judge, for the equivalent certificate, during the following three months, then at one subsequent show this judge can be regarded as a replacement for the purpose of requesting a countersignature.

THE STALLS AREA WILL BE ACCESSIBLE THROUGHOUT THE DAY.

The Committee reserve to themselves the right to:

- a) Appoint other judges should those advertised be unable to fulfil their engagement and to appoint further judges if deemed necessary.
- b) Fix and limit the number of exhibits at the Show and refuse entry without giving a reason.
- c) Cancel, amalgamate, or divide classes.
- d) Publish a Catalogue of the Show containing information as to the exhibits and the names and addresses of the exhibitors.
- e) Accept no responsibility for the content of any advertising material in the Catalogue.
- f) Disqualify cats entered in the wrong classes by the exhibitor.
- g) Retain a percentage of the entry fees to cover essential expenses, in the event of the Show being cancelled for any reason.

CHAMPIONS AND PREMIERS

The title of Champion for cats and Premier for neuters shall be granted to exhibits winning three Challenge Certificates or Premier Certificates at three shows under three different judges. A GCCF Challenge/Premier Certificate will be offered for each cat/neuter Open Class of the recognised breeds with Championship status.

The title of Grand Champion for cats and Grand Premier for neuters, will be granted to a cat winning three Grand Challenge/Grand Premier Certificates at three shows under three different judges. Only one prize with a Reserve in case of disqualification will be awarded. To compete in the Grand Champion and Grand Premier Classes a cat must be a full Champion or Premier on the date that the show closes. A Champion or Premier cat may be shown both in its ordinary Open Class and in the Grand Class.
