

# ORIENTAL SECTION

The Orientals have the elongated foreign type of the Siamese, with the same elegant length of head, neck, body, legs and tail and the very short, glossy coat, but lack the gene which restricts the colour to the points. They are recognised in ten self colours and seven tortie colours, together with their silver versions, in a variety of patterns giving a total of over two hundred different colour schemes. The section also includes the Angora, the Oriental semi-longhair.

## ORIENTAL ADULTS

The Foreign White, Oriental Black and Oriental Blue are judged against each other for the UK Grand certificate.

**Oriental Ticked Tabby – Breed No. 45**

*The Ticked Tabbies are found in the same colours as the other Oriental Tabbies, including the silver versions, but instead of having a clear tabby pattern the coat should be evenly ticked all over the body, with tabby markings showing only on the face, legs, tail and "necklace".*

**Classes 603 & 604 – ORIENTAL TICKED TABBY ADULT**

Entry in Grand Champion class only - cat 1243

**Oriental Shaded – Breed No. 43**

*The Oriental Shaded is an agouti cat in which the pattern colour is restricted to half or less of the hair length, the lighter undercolour becoming more extensive with maturity, although many show a broken tabby pattern on the surface, especially as kittens. Both standard and silver Shaded are accepted in the full Oriental colour range, all with green eyes.*
