CHAMPION AND PREMIER CLAIMS

If your cat has won a Champion, Premier, Grand Champion/Premier, Imperial Grand Champion/Premier or UK Grand Champion/Premier title at a GCCF Show please make your claim to the Office (address above). Please include the cat's name, breed number, sex, breeder's name, owner's name and address, together with the names and dates of the qualifying shows and awarding judges' names. All claims are acknowledged and periodically a list of Champions etc. is published in OUR CATS shortly after which medals are sent to the owners from the GCCF office.

Owners of cats achieving the same title under GCCF and GCCF of Ireland Rules may claim 'International' status for that title by writing to the GCCF Office enclosing written confirmation of having gained the title under GCCF of Ireland Rules This written confirmation must be signed by the Secretary and stamped with the GCCF of Ireland's Seal.

Lists of breeders can be obtained from the Cat Club Secretaries shown on the List of Affiliated Clubs that can be obtained from the Office free of charge. Many of the Secretaries can be contacted via their Club websites which are linked from the GCCF website.

The Cat Welfare Trust

PLEASE SUPPORT OUR RESEARCH PROJECTS

The Cat Welfare Trust is the Fancy's own charity, set up by the GCCF in 1988. The Trust Deed was written to enable funds to be used for the widest possible range of activities to benefit cats. Currently the work of cat rescue is undertaken by GCCF Affiliated Cat Clubs and so the Trust has turned to other ways of improving cat welfare.

Three projects have been undertaken so far, all of which have been funded because the subjects were of particular interest to pedigree cat owners and were not likely to attract commercial funding in their initial stages.

The first of these was a Ph.D. research project to study the preparation of a vaccine for ringworm and was undertaken by Ann Robinson at Bristol University Veterinary School. The second – the Genome Project was undertaken by Dr Matthew Binns of the Animal Health Trust and resulted in the identification and analysis of 211 markers on the feline genome map. Both these studies have provided the bases for more specific work within their fields.

We had raised sufficient money by 2003 to offer £50,000 to fund a third project. The chosen proposal was put forward by the University of Liverpool for a study into feline chronic gingivo-stomatitis. A condition familiar to many cat owners, this is a very painful disease affecting the gums and mouths of pet cats causing inflammation and ulceration. There is no cure for this condition at present.

The money the Trust could offer for this project was barely sufficient to fund a two year Masters degree study but our funding has attracted a scholarship from the University for a three year Ph.D. study and an extremely generous grant from the British Veterinary Association's Animal Welfare Foundation, which has transformed this project into a very comprehensive study. During the second year of the study it is hoped to involve pedigree cat owners, we will keep the Clubs informed. Meanwhile the project has started and the Trustees have had their first progress report from the Liverpool team

The Trust is dependent on donations from the Clubs and members of the Fancy, our only certain funding is £2500 a year from GCCF and so it is easy to see that in order to be able to make grants large enough to make a difference to cats' lives we rely on you for all the financial support possible. Donations and legacies to the Trust will ensure the continuation of this work. Please remember the Trust when you or your club consider welfare donations.

Please send donations to The Treasurer, Mrs Eileen Fryer, c/o GCCF, 5 King's Castle Business Park, The Drove, Bridgwater, TA6 4AG. Further information also available from the GCCF Office.

You can help us maximise your support by enabling the Trust to reclaim tax on your donations under the Gift Aid scheme. All you need to do is to state that you pay Income Tax and wish the Cat Welfare Trust to treat your donation as Gift Aid.

From the Chairman of the G.C.C.F.

We are told that a feeling of *deja vous* is very common place so it should have been totally expected that as I contemplated what I should write that I would fall victim to retrospective meanderings. When I last wrote this piece in 2003 I said that I thought that one of the greatest challenges ahead would be to be able to continue to stage the Supreme in a prestigious venue such as the NEC so I am delighted to be writing again four years later for another NEC show.

Of course many of you are involved in show management in one form or other and you already know what is involved, be it a small Breed Show or the much larger All Breed Championship Show. However, some of you will not have experienced the work and effort that goes into the preparation of such an event and perhaps to you especially I ask that you take just a moment or two during the day to look around and think about all of the different aspects that go to make up the Supreme and then imagine just what is involved to bring it all together on the day. It is of course the result of co-ordinated effort, from the very small show committee working very closely with Show Manager Julia, together with many hours of support from Jackie and her team at the office and of course when the day dawns support from friends and helpers from far and wide willing to give their time and expertise for a sandwich and I hope a thank you when it is all over.

Please support your own breed clubs by visiting them in Club Row and if you do not yet have a cat it is a very good opportunity to talk to breeders and see examples of most breeds.

It is a great opportunity to say hello to the ladies from the office who will be handling many queries on the GCCF stand, they will also have available forms and pamphlets so why not save the postage.

The variety of trade stands and merchandise is very varied and of great interest if you enjoy to shop. For this show we are delighted to say we have a major and generous supporter in Royal Canin and further significant support from R&L Petfoods along with BOV crystal donated by Hills. Take the opportunity to talk to them and sample their products and let them know that their valuable support is appreciated.

To anyone who has provided support, made a contribution or helped in any way at all let me assure you that your contribution is never underestimated or taken for granted for without it the show would not be the same.

Our Judges and Stewards, ring workers and other helpers know that they are indispensable but I hope they also enjoy their day.

Finally to the most important group of all, you the exhibitor and your cats, we thank you for coming, have an enjoyable day and again I will say, win or lose, be generous competitors and be nice to each other.

At the end of the day have a safe journey home.

Gordon Butler

AWARDS AND SPECIALS

GCCF CERTIFICATES

Supreme Best in Show: Supreme Certificate

This will give the title, for all time, of Supreme Champion/Premier. The Certificates awarded to the Supreme Adult and Neuter will count as a Challenge/Premier Certificate if the cat is not yet a Champion/Premier, but will count as a Grand Challenge/Premier Certificate if the exhibit is a Champion, Premier, Grand Champion or Grand Premier. It will count as a UK Grand Challenge/Premier Certificate if the exhibit already holds a UK Grand Challenge/Grand Premier Certificate. For a Provisional breed exhibit the certificate will count as an Intermediate Certificate. The Supreme Kitten will also be awarded a Certificate to commemorate the win, but this will have no other value. The honour of winning Supreme Exhibit will not count towards any title.

Best of Variety: Supreme Best of Variety Certificate

This will count as a Challenge/Premier Certificate if the exhibit is not yet a Champion/Premier, but will count as a Grand Challenge/Premier Certificate if the exhibit is already a Champion/Premier or Grand Champion/Premier. For a Provisional breed exhibit the certificate will count as an Intermediate Certificate. A Best of Variety Kitten will also be awarded a Certificate to commemorate the win, but this will have no other value.

Grand Champion / Premier Classes: UK Grand Challenge/Premier Certificate

Champion / Premier Classes: Grand Challenge / Premier Certificate

Pre-Champion / Premier Classes: Challenge/Premier Certificate

Provisional status Breed Adult & Neuter Classes: Intermediate Certificate

Assessment Classes: Merit Certificate

In the event of the class judge having already awarded a similar Certificate to the winner, the Show Manager will appoint one other judge to judge the cat and countersign the Certificate if the cat is considered worthy. This award will count towards Champion/Premier/Grand Champion/Grand Premier status as appropriate. A countersignature will not be sought if the exhibit has already been awarded three Intermediate Certificates from three different Judges or four qualifying Merit Certificates from four different Judges.

Best Non-Pedigree Longhair & Non-Pedigree Shorthair & Supreme Non-Pedigree Exhibit: Certificates *These certificates will not count towards any title.*

CATALOGUE

Ever since the first cat show was held in 1871, fanciers have had standards of excellence to aim for. At first there was minimal mention of the shape of the cats, the breeds differing mainly in coat length and colour, but the standards evolved, the breeds changed gradually and cats today are bred in a dozen distinct shapes.

Despite the differences in shape (or "type") essential to the various breeds, no standard of points calls for extreme deviation from the basic mongrel cat shape and size, and deformities are severely penalised in all breeds, so that today's cats still move, feed and breed naturally.

PERSIAN SECTION

The breeds in this section are all Persian in type, varying only in their coat colour, markings and eye colour or, in the case of the Exotics, their coat length. They are big, solid cats with a cobby body, sturdy legs, a short tail and a broad round head with a short nose, small ears set wide apart and large round eyes; the effect is one of roundness and substance, enhanced by the beautiful coat which should be long, dense and silky in Persians, dense and plushy in Exotics.

PERSIAN ADULTS

Breeder: Mr N Morris

Black & Chocolate Smoke - Breed Nos. 6 & 6b

The face and feet of the Black Smoke are black and the body a pale silvery-white with black ends to the hairs so that what, in repose, might appear to be a black cat suddenly reveals, by moving, the true beauty of its contrasting undercoat. In the Chocolate Smoke, a more recent breed, the mask, feet and ends of the hair are chocolate.

Classes 38 & 39 Black or Chocolate Smoke Persian Champion & Pre-Champion – None entered

Blue & Lilac Smoke - Breed Nos. 6a & 6c

These breeds are identical to the previous ones except that the black or chocolate parts of the hair are now blue or lilac, producing dilute versions.

Entry in Grand Champion Class only – Pen No 35

Any Other Colour Smoke - Breed Nos. 6d, 6e, 6f, 6g, 6h, 6j

These breeds differ from the Black Smoke only in their colours which are red, tortie, cream, blue-cream, chocolate tortie & lilac tortie respectively. Like the Black and Blue Smokes, the top colour should show no tabby markings and the contrasting undercoat should be as near white as possible.

Entry in Grand Champion Class only – Pen Nos 33 & 34

Dominant Shaded or Tipped Cameos - Breed Nos. 51 & 52

These Persian cats have pale silvery undercoats. The Shaded Cameo (51) is more heavily marked. The Tipped Cameo (52) is more lightly marked, having only coloured tips to the hairs. All have orange eyes. They may be shaded or tipped with black (51, 52), chocolate (51b, 52b), red (51d, 52d), tortie - black and red (51e, 52e) or chocolate tortie - chocolate and red (51h, 52h).

Class 44 Dominant Shaded or Tipped Cameo Champion Female Judge Mrs L Martin

- 36 Mrs J C Wilkinson, CH DANMOSO LOVEATFIRSTSIGHT (51d)
04.10.06. GrCh Silverdance Amadeus (6f) x GrCh Highspot Tigerlily (51e)
Breeder: Mrs J Wilkinson

Class 45 Dominant Shaded or Tipped Cameo Pre-Champion – None entered

Dilute Shaded or Tipped Cameos - Breed Nos. 51 & 52

As with the dominant colours, all have orange eyes, the Shaded Cameo (51) is more heavily marked and the Tipped Cameo (52) is more lightly marked, having only coloured tips to the hairs. These dilute versions of the previous breeds are shaded or tipped with blue (51a, 52a), lilac (51c, 52c), cream (51f, 52f), blue-cream - blue and cream (51g, 52g) or lilac-cream - lilac and cream (51j, 52j).

Class 46 & 47 Dilute Shaded or Tipped Cameo Champion & Pre-Champion – None entered

Pewter & Blue Pewter - Breed Nos. 53, 53a

This breed has Persian type with copper or orange eyes and a coat similar to that of a very heavily marked Chinchilla, giving the effect of a pewter coloured mantle over the body. The dilute version is known as the Blue Pewter.

Classes 48 & 49 Pewter or Blue Pewter Persian Champion & Pre-Champion – None entered

Class 56 Red or Cream Tabby Persian Pre-Champion - None entered

Tortoiseshell - Breed No. 11

The coat of this Persian breed is black well broken with varying shades of red. The eyes are deep orange or copper.

Classes 57 & 58 Tortoiseshell Persian Champion & Pre-Champion - None entered

Blue-Cream - Breed No. 13

The pastel blue and cream of this breed's coat are softly intermingled to give a "shot silk" effect quite unlike the patching seen on the Tortie and White. Again, the eyes are deep orange or copper.

Classes 59 Blue-Cream Persian Champion & Pre-Champion - None entered

Chocolate Tortoiseshell - Breed No. 11b

The Chocolate Tortoiseshell is identical to the black Tortoiseshell, except that the base colour is chocolate, well broken with shades of red.

Classes 61 & 62 Chocolate Tortie Persian Champion & Pre-Champion – None entered

Lilac-Cream - Breed No. 11c

This breed is very similar to the Blue-Cream, the difference being that its coat is softly intermingled lilac and cream.

Classes 63 Lilac-Cream Persian Champion & Pre-Champion – None entered

Dominant Tortoiseshell & White - Breed Nos. 12 1 & 12 3

The Black Tortoiseshell and White Persian has patches of black and varying shades of red plus white, the patches of the different colours being distinct, without scattered white hairs. In the Chocolate Tortoiseshell & White the black is replaced by chocolate. The degree of white varies from one-third to van patterned. As before, the eyes are deep orange or copper.

Entry in Grand Champion Class only – Pen No 42

Dilute Tortoiseshell & White - Breed Nos. 12 2 & 12 4

These are the dilute versions of the Black & Chocolate Tortie and White, with patches of blue or lilac, cream and white and with the same deep orange or copper eyes.

Class 67 Dilute Tortie & White Persian Champion**Judge Mrs R Fisher**

PRELIMINARY STATUS PERSIAN BREEDS

The breeds in Assessment Classes are still at the earliest stage of recognition by the GCCF. Instead of having an Open Class, each cat is assessed individually against the standard of points for its breed; the judge then decides whether or not the cat conforms sufficiently closely to its standard to be awarded a Merit Certificate.

Shaded Silver - Breed No. 55

The Shaded Silver has the same type, the same white undercoat and the same expressive green eyes as the Chinchilla, but has a much heavier black tipping to the hair, making the cat noticeably darker.

Class 186 Shaded Silver Persian Assessment Ad, Kit, or Neut – None entered

SEMI-LONGHAIR SECTION

This section contains those longhaired breeds which are not of Persian type. The coat is usually less dense than that of the Persian and the head and body are rather longer than those of the Persian longhairs.

SEMI-LONGHAIR ADULTS

Birman

This is one of the earliest semi-longhair breeds to be recognised. Although, like the Persian, it should be massive and well-rounded, the body, legs and tail are a little longer than in the Persian and the ears slightly larger, while the nose is straight and of medium length. The eyes are almost round and must be a deep blue. The coat is long and silky. The unique characteristic of this breed is its white feet, the front feet having white "gloves" to cover the toes and the hind feet white "gauntlets" covering the paws and tapering up the back of the leg to the hock.

Maine Coon - Breed No. 64

This semi-longhaired breed of medium foreign type originated in the USA, and is bred in a wide variety of colours, often with white markings. Maine Coons have a rugged outdoor appearance with a natural long coat which lacks the fluffiness of the Persian, but are slow to mature to their final large size. This breed is more rectangular than the Norwegian Forest Cat and the head shape is less angular.

Norwegian Forest Cat - Breed No. 67

This large but elegant semi-longhaired breed originated as an outdoor working cat on Norwegian farms and its appearance should reflect this heritage. It is slow to mature, sometimes taking up to four years to develop fully, and has a distinctive double coat, but coat colour and pattern are irrelevant. The cats here are descended from imported stock, with no outcrosses to other breeds.

Founded 1987.

Affiliated with the Governing Council of the Cat Fancy
and the Feline Advisory Bureau.

The Norwegian Forest Cat Club was founded in 1987 when the first breeding Norwegian Forest Cats were brought to Britain from Scandinavia. We welcome as members all who love Norwegian Forest Cats, here and abroad. Our aim is to widen public knowledge about this wonderful breed, and to help any NFC in distress. We encourage responsible ownership, breeding and showing of Norwegian Forest Cats.

Since the first handful of Norwegian Forest Cats was imported, many fresh bloodlines have been imported into Britain by Club members, so that today NFCs number in the thousands rather than hundreds. As Norwegian Forest Cats became more popular, the NFCC guided the breed to Championship status within the GCCF. This achievement took place in June 1997, since when we have also been running our own show. This takes place each February in the Midlands and is the largest gathering of Norwegian Forest Cats in Britain.

Since our small beginnings the breed has gone from strength to strength as English, Scottish, Welsh and Irish people have taken these wonderful, natural cats into their homes and their hearts. Now there are over forty NFCC breeders throughout the country and NFCs are well represented at all-breed Cat Shows within the GCCF, TICA and FIFe.

Have a wander around the Show Hall today & meet some stunning Norwegian Forest Cats!

If you would like to join the NFCC please contact Margaret Lindgren, our Membership Secretary, on 01937 836034, or join today at the Club Stand on Club Row.

For further information about the Club or up to date kitten information please contact our Secretary, Kate Healing on 01904 720261.

The breeders on the Norwegian Forest Cat Club Breeders' List have all agreed to abide by the GCCF Code of Ethics. The Club cannot be held responsible for individual breeders' kittens, information, or documentation supplied, or any form of contract agreed between parties. * Public Stud Cat.

The Norwegian Forest Cat is truly a natural breed and really does originate from Norway. The exact origins of the Forest Cats will never be precisely established, but one thing is certain: NFCs can be found in Norwegian folklore, where it is said that these cats were the family pets of the Vikings. As early as the sixteenth century such cats were described as being large, with long legs, big ruffs and ear tufts. Just like the Forest Cats of today, they had a particular liking for water, with the ability to catch fish in lakes and streams. In some folk tales they are referred to as the "Fairy Cat" - it is easy to imagine them appearing supernatural as they flitted amongst the trees with their long, elegant bodies and flowing, bushy tails. The Norwegian Forest Cat as we know it today has developed through natural selection, as only the toughest cats with the thickest waterproof coats and other special features would be able to survive in Norway's harsh climate. However, they probably crept in to keep warm by the farmers' hearths when they could, and have always been known to like being around people. Eventually, as the remote areas of Norway became more heavily populated the breed was in danger of dying out, so a special breeding programme began. Since then the breed has gone from strength to strength and is now extremely popular the world over, which is hardly surprising as they are so easy to care for and such a pleasure to have around.

PRELIMINARY STATUS SEMI-LONGHAIR BREEDS

The breeds in Assessment Classes are still at the earliest stage of recognition by the GCCF. Instead of having an Open Class, each cat is assessed individually against the standard of points for its breed; the judge then decides whether or not the cat conforms sufficiently closely to its standard to be awarded a Merit Certificate.

Siberian - Breed No. 82

The Siberian, as its name suggests, originated in Russia and is another Semi-Longhair of moderate type. It is bred in any colour except cinnamon, caramel, fawn and apricot, any pattern, including pointed, with or without white.

Turkish Vankedisi - Breed Nos. 13w, 13w bl, 13w od

Originating from the same part of Turkey as the Turkish Van, the Vankedisi is identical to this breed, with the same amber, blue or odd eyes, but with no coloured markings: its coat is pure white.

- Class 288 Turkish Vankedisi Adult, Kitten or Neuter – None entered

BRITISH SECTION

The British Shorthair is a powerful, compact cat with a sturdy body and legs, a shortish tail and a round head with small, widely-spaced ears, large, round eyes and a short, straight nose. The coat is short, dense and crisp rather than fine and close-lying like the Burmese or Siamese, but with no fluffiness to it.

BRITISH ADULTS

Blue - Breed No. 16

The British Blue is an unshaded light or medium blue in coat colour, with copper, orange or deep gold eyes.

Tabby British Shorthairs

In the British Tabbies the markings show up clearly on the short coat. The classic tabby pattern, with its "butterfly" marking on the shoulders and "oysters" on the flanks, and the mackerel pattern with thin unbroken lines running vertically from the spine are judged together. In the Spotted the markings consist of numerous clear spots of dark colour on a paler background, with no unbroken lines on the body or legs. In all except the Black Silver Tabbies and Spotties the eye colour is copper, orange or deep gold.

Smoke - Breed No. 36 - 36j

The coat of the British Smoke may be any of the recognised British colours (except cinnamon or fawn) on the surface, but if the hair is parted the pale silver undercoat is revealed. Again the eye colour is copper, orange or deep gold.

Classes 334 & 345 British Smoke Champion & Pre-Champion – None entered

Tipped - Breed No. 39 - 39j

The Tipped is the British Shorthair counterpart of the Chinchilla or Cameo, the undercoat being such a pale silver as to appear white and the hairs tipped with any of the recognised colours, this tipping being evenly distributed over the cat to give a sparkling effect. In the black tipped cat the eyes are green but in all others the eye colour is copper, orange or deep gold.

Manx - Breed No. 25

British in origin and shown in the British Shorthair section, the Manx does not have British type. The major difference, of course, is the complete absence of tail, but there are other differences - the back is short and the hind legs are longer than the front ones, the nose is longer than in the British and the ears are taller. The coat has a double quality as the hairs of the outer coat are longer than those of the thick undercoat. The coat and eye colours are similar to those in the British shorthairs, but are of less importance than the other features of the breed, the only pattern which is not permitted being the Colourpointed Siamese distribution.

Classes 342 & 343 Manx Champion & Pre-Champion – None entered

PROVISIONAL STATUS

Although the following breeds have their own separate classes, they do not yet have Championship status.

Chocolate - Breed No. 15b

This breed has a chocolate brown coat and copper, orange or deep gold eyes.

Class 344 British Chocolate Adult – None entered

Cinnamon & Fawn Selves and Colourpointed - Breed Nos. 15k, 15r, 40 21, 40 23

Cinnamon & Fawn Selves and Colourpointed - Breed Nos. 15k, 15r, 40 21, 40 23

The newest British Shorthair colours are cinnamon and fawn. At present these are only recognised as selves, with copper, orange or deep gold eyes and as Colourpointed, with blue eyes.

Class 345 British Cinnamon or Fawn Self or Colourpointed Adult – None entered

Selkirk Rex - Breed No. 79

The Selkirk Rex is a curly coated breed which originated in the USA. Its type is very similar to the British Shorthair, to which it is outcrossed, with a rounded head, cobby body and sturdy legs. As it may also be outcrossed to Persians and Exotic Shorthairs, Selkirk Rex may be longhaired or shorthaired. Like the other rex breeds, they may be bred in any combination of colour and pattern.

PRELIMINARY STATUS BRITISH BREEDS

The breeds in Assessment Classes are still at the earliest stage of recognition by the GCCF. Instead of having an Open Class, each cat is assessed individually against the standard of points for its breed; the judge then decides whether or not the cat conforms sufficiently closely to its standard to be awarded a Merit Certificate.

Red Self - Breed No. 15d – The coat of this breed is a rich deep red, and the eyes are copper, orange or deep gold.
Van pattern Bi-Colour and Tortie & White - Breed Nos. 22w, 31w British Bi-Colours and Tortie & Whites which are mainly white with small patches of colour and a coloured tail have only preliminary recognition at present. Their eyes are copper, orange or deep gold.

Class 433 British Assessment Adult, Kitten or Neuter – None entered

FOREIGN SECTION

The Foreign section encompasses twelve separate shapes of cat, further subdivided by coat and colour. They have a lithe elegance, intermediate in type between the chunky solidity of the Persians and British Shorthairs and the elongation of the Siamese and Orientals. They all have short coats except the Tiffanies which are included in this section because they are part of the Asian group.

FOREIGN ADULTS

The two blue breeds, Russian Blue and Korat, are judged together in the UK Grand class.

Russian Blue - Breed No. 16

This breed has a long, graceful body and legs with a fairly long tail and a medium length head with a short straight nose making a distinct angle with the forehead. The "Russian" look is created by the large ears set on top of the head, the prominent whisker pads either side of the nose and the almond-shaped, vivid green eyes. A distinctive feature of this breed is its short, fine, velvety dense, clear blue coat which stands up from the body and shows a beautiful silvery sheen.

Korat - Breed No. 34

Another breed of medium foreign type with a blue coat, which is glossy and close-lying but short to medium in length, with silver tipping. The type differences between this and other breeds are that the back is gently curved and the head is heart-shaped when viewed from the front; the ears are large and set high and the nose has a slight downward curve. The eyes, which are particularly large and luminous, are a brilliant green, although an amber cast is acceptable in younger cats.

Abyssinian

The Abyssinian is of a similar medium foreign build to the Russian, but with a very different expression, the ears being set wide apart on the gently curved, medium wedge head, while the large oriental eyes are amber, hazel or green. The coat is very short and fine, each hair having two or three bands of colour on it, thus giving the breed its distinctive ticked appearance.

Devon Rex - Breed No. 33a

The Devon Rex is quite unlike any other breed of cat. The slender body is of medium length, the tail and legs are long, especially the hind legs, and the elegant neck tends to emphasise the head; this is wedge-shaped with full cheeks, a short muzzle, a strongly marked stop to the nose and large oval eyes. The big wide-based ears are set rather low on the head and the whisker pads are noticeable, particularly since the whiskers are crinkled. The coat, which may be any colour of any pattern, is very short, fine and soft and its waviness helps create the unique character of this breed.

PRELIMINARY STATUS FOREIGN BREEDS

The breeds in Assessment Classes are still at the earliest stage of recognition by the GCCF. Instead of having an Open Class, each cat is assessed individually against the standard of points for its breed; the judge then decides whether or not the cat conforms sufficiently closely to its standard to be awarded a Merit Certificate.

Russian White, Russian Black - Breed Nos. 16a14c, 16a15

These breeds are the white and black equivalents of the Russian Blue, with Russian type, the same vivid green eyes and the same distinctive coat texture.

Class 548 Russian Assessment Adult, Kitten or Neuter - None entered

Thai Lilac, Thai Blue Point - Breed Nos. 34c, 34 40 2

These breeds are the lilac self and blue pointed equivalents of the Korat, with Korat type, coat and temperament. They have been bred from pure Korat lines, with no outcrosses.

Class 549 Thai Lilac/Thai Blue Point Assessment Adult, Kitten or Neuter - None entered

Any Other Colour Abyssinians - Breed Nos. 23f, 23g, 23t-23et, 23fs - 23ets

In addition to Usual, Sorrel, Blue, Fawn, Chocolate and Lilac, the Abyssinian with its distinctive ticking is seen in a variety of colours - sex-linked Red (23f) and Cream (23g) and all six colours of Tortie (Usual 23t, Sorrel 23at, Chocolate 23bt, Blue 23ct, Lilac 23dt, Fawn 23et). The Red (23fs), Cream (23gs) and Tortie Silvers (23ts-23ets) are also included in this class.

LaPerm - Breed No. 80

The LaPerm is a curly coated breed of moderate foreign type which originated in the USA. Unlike the Cornish and Devon Rex, this curly coat is produced by a dominant gene and the breed is recognised in both longhaired and shorthaired versions, with the coat tending to stand out from the body. Like the other rex breeds, they may be bred in any combination of colour and pattern.

Sphynx - Breed No. 84

The Sphynx is a cat of moderate foreign type which is distinguished by its lack of coat. There is a fine down, making the skin feel like chamois leather, often with thicker down on the nose, back of ears, feet and tail. They may be bred in any combination of colours and patterns.

BURMESE SECTION

The Burmese is another breed of medium foreign type, neither as cobby as the British nor as elongated as the Siamese, but highly distinctive. The tail tapers only slightly and the head has a gently rounded look to its blunt wedge, with a distinct nose-break. The medium size ears are set well apart and tilt slightly forward and the gently slanting eyes, neither round nor oriental, vary in colour from chartreuse, through the ideal golden-yellow, to amber.

BURMESE ADULTS

Brown Burmese - Breed No. 27

The colour of the Brown Burmese is a rich, warm seal-brown, marginally darker on the mask and ears and fading slightly to a lighter shade beneath.

SPECIAL FEATURE

The show cat

Ahead of the Supreme show next month, Georgina Beazeley discovers what the prize winners are really like.

Show cats: beautiful, elegant and poised — the very paragon of feline excellence.

But don't let their refined reputation fool you. They may have a glittering trophy cabinet, but these kitties are neither the pouting Kate Mosses nor the tantrum-throwing Naomi Campbells of the cat world. Underneath those perfectly groomed physiques are the souls of ordinary, brilliant, cherished pets in family households up and down the country.

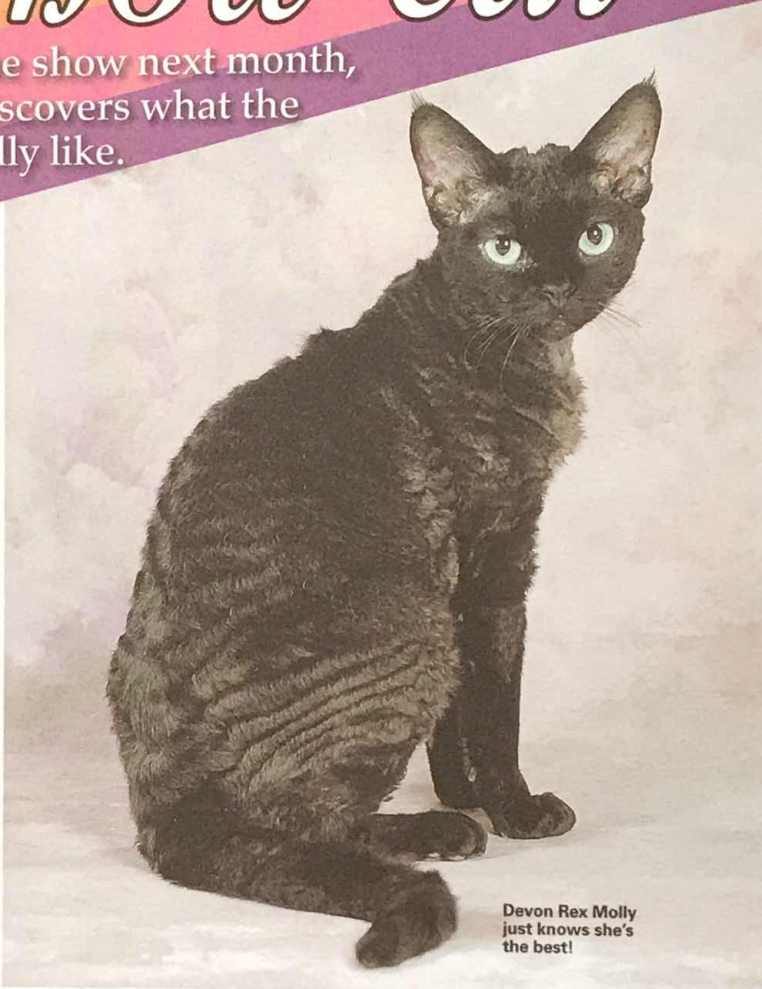

For the most part, they are regular cats leading regular cat lives, albeit with a bit more glitz and glam than that of the average moggy. Every Saturday at Governing Council of the Cat Fancy affiliated cat shows, you will find a team of judges who are busy finding the best examples of

the many cat breeds in the UK. Come November, the winners at these shows are eligible to pull out all the stops and go head to head at The Supreme cat show; the top show for the top cats, held annually at the Birmingham NEC. Over 1,500 of the country's show winning cats will attend and over 20 classes will be judged.

So what are the top show cats like at home, away from the judges' inscrutable gaze and the attention of their adoring fans? Who are the cats beyond the show pens; the personalities behind the public purr? Three owners of Supreme show winners offer a glimpse into the home life of some stunning show-stoppers.

Showing off for the judge

First up is last year's overall Supreme winner (Supreme Exhibit), Supreme UK and Imperial Grand Champion Grizabella Ohbladi Ohblada. Known simply as Molly to her owners Heather and Jim Boucher, this gorgeous black smoke Devon Rex

was also awarded the enviable titles of Best of Variety Foreign Adult and Supreme Adult at last year's show.

"She has always loved going to shows and seems to know the big occasion," says Heather. "She performs beautifully for the

audience. She gives judges the look which says 'I know I'm the best, so I dare you to disagree with me.' It certainly has paid off!"

Molly achieved her Supreme title in 2006 and has been taking a break from showing this summer to enjoy motherhood.

"She is not a typical devious Devon," says Heather. "She is sedate and lady-like and makes sure the others know that she is the top cat."

This is a cat who hasn't let her great success go to her head. Although Molly loves playing up to the judges, at the end of the day she sleeps in the bed with her owners — and steals every lap going!

"Molly is an ordinary cat who loves all the things that regular cats like," Heather continues. "We hope she will do well on the bench as a neuter when the time comes."

Penny's clown

Tup the chocolate Burmese (Supreme UK and Imperial Grand Premier Chiaro Cioccolata) won her Supreme titles in November 2006 as Best of Variety Burmese Neuter and Supreme Neuter.

Tup is owned, and was bred by, Penny Akehurst — who is utterly devoted to her little star. Penny enthuses: "She is a very affectionate cat who loved her showing career, yet always remained down to earth at home with the other cats.

"She likes to clown about as much as possible — always playing for laughs — and often causes much merriment with her clumsy behaviour. She falls off things, especially when posing!

"Tup enjoys attention and rewards it with licks and kisses. She is an adorable, fun-loving cat."

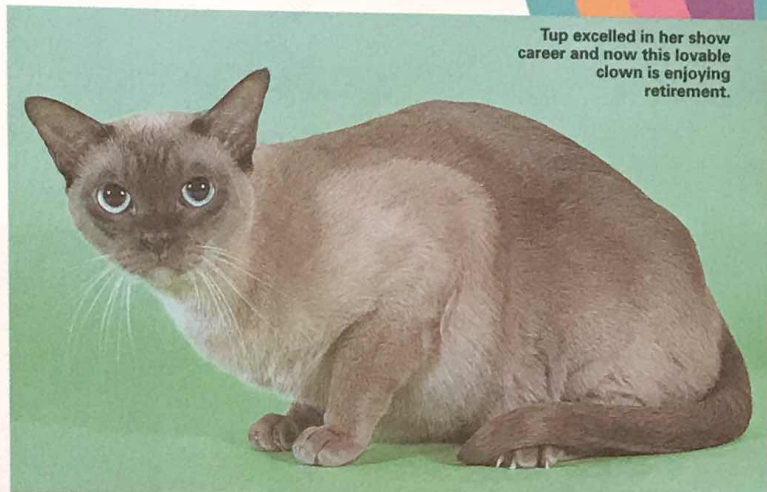

Unfortunately, Tup was diagnosed with polycystic kidney disease (PKD) when she was still a kitten and Penny had to make the heartbreaking decision to neuter her. However, cat shows have classes and titles for neutered cats too, so Tup was able to continue showing (which she loved) and progressed in leaps and bounds — ultimately gaining her illustrious titles. Now in retirement, Tup has certainly earned the right to put her paws up and relax!

Top kitten — best friend

Drestothril Dancelot — known as Dottie Lottie to her friends and family — won the title of Supreme Kitten at the 2006 show. A

Dottie gets her name from the cute pale dot on her nose.

Tup excelled in her show career and now this lovable clown is enjoying retirement.

seal tortie point Siamese, she also scooped top prize as Best of Variety Siamese Kitten.

Her owner and breeder, Christina Knowlson, says: "Dottie Lottie is typically Siamese. She gets the 'Dottie' part of her name from the tortie dot on her nose — and not because she is crazy for curtain climbing, racing around the house, being jealous of the telephone and stealing the shades from the table lamps."

Dottie Lottie also sleeps with her owners. She wakes early to demand breakfast, though she does it in a way that is soon forgiven. "She follows me everywhere and wraps her 'arms' round my neck while gazing into my eyes," says Christina. "She's enchanting, elegant and entertaining; she's my best friend."

So there you have it. As much as our

championship cats love to bask in the glow of their show ring success (and as much as audiences and judges love to see them there), home is still firmly where the heart is. Whether our furry award-winners are sharing their breakfasts with their owners, acting as conscientious alarm clocks, snoozing in a sunny spot or cavorting about like spring lambs — they are pets first and show cats second. ■

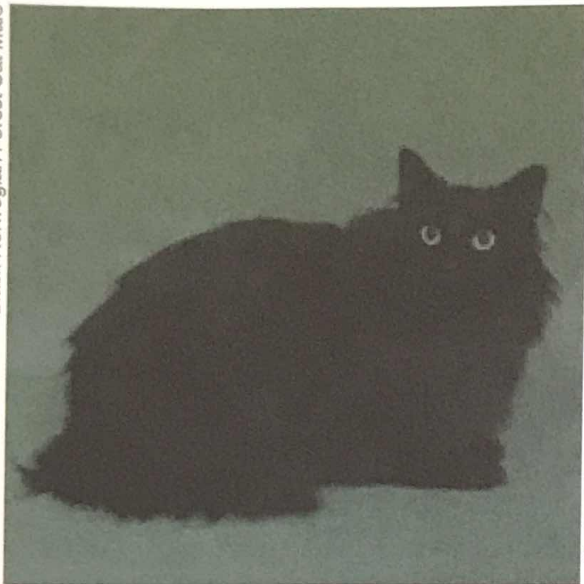

FANCY A SUPREME DAY OUT?

Cat lovers will be lining up for the chance to prove their cat is simply purr-fect at The Supreme Cat Show on Saturday November 17 at Birmingham's NEC.

Thousands of visitors are expected to turn up to see top cats and brilliantly decorated pens in the 'Cartoon Cats' themed Best Dressed Pen Competition. The public will get the chance to watch top judges from around the country in action in special rings around the NEC show halls, and enjoy lots of opportunities to shop at the many specialist cat stalls.

All details for the show can be found on the website, www.supremecatshow.org <<http://www.supremecatshow.org/>>

ORIENTAL SECTION

The Orientals have the elongated foreign type of the Siamese, with the same elegant length of head, neck, body, legs and tail and the very short, glossy coat, but lack the gene which restricts the colour to the points. They are recognised in ten self colours and seven tortie colours, together with their silver versions, in a variety of patterns giving a total of over two hundred different colour schemes. The section also includes the Angora, the Oriental semi-longhair.

Oriental Lilac - Breed No. 29c

This breed is the dilute version of the Havana, the bright vivid green eyes being set in a coat of frosty grey with a pinkish tone.

Class 618 Oriental Lilac Champion Male Judge Mrs C Ward
1037 Mrs K & Miss R Debowska, CH METEXA MENDLESSOHN (29c)
11.08.06. Stationary Sexbomb (24) x Starsiam Shesalooker (37r)
Breeder: Exhibitor

Class 619 Oriental Lilac Pre-Champion – None entered

Oriental Cinnamon - Breed No. 37k

The distinctive warm cinnamon-brown colour of this Oriental breed is produced by the same gene as that which produces the Sorrel Abyssinian colour. The eyes, as in its darker relative the Havana, are green.

Class 620 Oriental Cinnamon Champion Female Judge Mrs C Ward
1038 Mrs L Viggers, CH SANDTUM SUGAR N SPICE (37k)
17.03.05. Raptorcatz Count (29) x Shantoga Assignation (37k)
Breeder: Mrs S Thompson

Class 621 Oriental Cinnamon Pre-Champion – None entered

Oriental Fawn - Breed No. 37r

The dilute version of the Cinnamon, the Fawn is a warm rosy mushroom colour with, as usual, green eyes.

Classes 622 Oriental Fawn Champion & Pre-Champion – None entered

Oriental Red - Breed No. 37d

The Red has a rich red coat which should be as clear as possible although allowance is made for the tabby markings which are revealed by the presence of the red colour. The eye colour, as usual, is green.

Class 624 Oriental Red Champion Male Judge Mrs C Ward
1039 Mrs J A Tarbox, CH CHIKUAI MANIK (37d)
08.07.06. GrCh Sinsianna Maximus (37fn) x Johpas Hopesndreams (32a)
Breeder: Mr D & Mrs J Maish

Class 625 Oriental Red Pre-Champion – None entered

Oriental Cream & Oriental Apricot - Breed No. 37f, 37fn

The Cream is the dilute version of the Red with a cool cream coat, preferably free from tabby markings. The presence of the dilute modifier gene (which produces the Caramel colour) converts Cream to Apricot - a hot cream with a metallic sheen which becomes more noticeable as the cat matures. Both colours have green eyes.

Class 626 Oriental Cream or Apricot Champion Female Judge Mrs C Ward
1040 Mr A I & Mrs I Clarke, CH HEMLOCK LADY MARMALADE (37fn)
03.05.06. Heybury Bojangles Hemlock (38d) x Hemlock Kinky Boots (37g)
Breeder: Mrs J Brownrigg

Class 627 Oriental Cream or Apricot Pre-Champion – None entered

Oriental Non-Selfs

All of the non-self Oriental Championship status breeds are judged against each other and against the Oriental Longhairs in a single UK Grand class.

Oriental Tortoiseshell - Breed Nos. 37e, 37g, 37h, 37j, 37m, 37p, 37y

In Oriental Torties the coat may be patched or mingled, the basic colour being sound and free from markings, although tabby markings may show in the red or cream areas. All seven colours are accepted at Championship status - black, chocolate or cinnamon with red, blue, lilac or fawn with cream, and caramel with apricot - all with green eyes.

Class 629 Oriental Tortoiseshell Champion Judge Mrs D M Brown

Oriental Spotted Tabby - Breed No. 38

Apart from its Oriental type, the essential of this breed is its well defined spotted tabby pattern. All colours, including the tortie spotties and the silver versions of all seventeen colours are judged together. The eye colour is green, although it may be less vivid in the Red, Cream and Apricot Spotties.

Classes 631 & 632 Oriental Spotted Tabby Champion & Pre-Champion – None entered

Oriental Classic or Mackerel Tabby - Breed Nos. 41 & 44

These Oriental Tabbies have the same oriental type and green eyes as the Spotted but have the classic or the rarer mackerel tabby pattern as seen in the British Shorthairs. All colours of both patterns are judged together in the same class.

Classes 633 & 634 Oriental Classic or Mackerel Tabby Champion & Pre-Champion – None entered

Oriental Ticked Tabby - Breed No. 45

The Ticked Tabbies are found in the same colours as the other Oriental Tabbies, including the silver versions, but instead of having a clear tabby pattern the coat should be evenly ticked all over the body, with tabby markings showing only on the face, legs, tail and "necklace".

Class 635 Oriental Ticked Tabby Champion – None entered

Oriental Shaded - Breed No. 43

The Oriental Shaded is an agouti cat in which the pattern colour is restricted to half or less of the hair length, the lighter undercolour becoming more extensive with maturity, although many show a broken tabby pattern on the surface, especially as kittens. Both standard and silver Shaded are accepted in the full Oriental colour range, all with green eyes.

Oriental Longhair - Breed No. 62

This breed differs from the Oriental shorthairs only in its coat length. It is found in the whole range of Oriental colours and patterns and, like the Balinese, has a silky flowing coat, lacking the thick undercoat found in many semi-longhairs and quite unlike the long, thick coat of the Persian.

Celebrate Forty Years Breeding *The Oriental Shorthair*

&

*the 30th Anniversary of the granting of
Championship Status to the Foreign White and Oriental Lilac*

*In the late 1960's only the Chestnut Brown Foreign was recognised
by the GCCF and all the other Orientals were just a dream.
We were there at the very beginning of the Oriental.*

*We would like to acknowledge our gratitude to
the 'Solitaire' cats of Angela Sayer & the 'Scintilla' cats of Pat Turner
plus the Russian Blue, Devon Rex, Cornish Rex, Chinchilla, British,
Burmese, Manx, Abyssinian and Siamese Cats for their part in
the creation of the Oriental and for giving us
four decades of enjoyment.*

*For the past Forty years we are probably best known for our concentration on
the Oriental Shaded and the Oriental Tabby Varieties
So what of the future?
Well suffice it to say that we do not anticipate breeding cats for another Forty years!
We think it is time for a change and so we have added
the Oriental Bicolour to our Oriental palette.*

PRELIMINARY STATUS ORIENTAL BREEDS

The breeds in Assessment Classes are still at the earliest stage of recognition by the GCCF. Instead of having an Open Class, each cat is assessed individually against the standard of points for its breed; the judge then decides whether or not the cat conforms sufficiently closely to its standard to be awarded a Merit Certificate.

Oriental Bicolour - Breed Nos. 48, 49

These are bred in all Oriental colours and patterns, plus the pointed (Siamese) versions of these colours and patterns, with both short (48) and semi-long (49) coats. They must have a minimum of one third white, with white on the face, feet and along the underside, up to van distribution of white. The pointed cats all have blue eyes, but the non-pointed cats may have green eyes, one green and one blue or even two blue eyes.

Class 697 Oriental Bi-colour Assessment Adult, Kitten or Neuter

Judge Mrs D M Brown

1088 Mr G & Mrs H Whiston, LEBRETON CHEYENNE PLAINS (48 40) (MN)
06.07.06. Ch Beesiam Madasun (32 3) x Lumax Lovey Lebreton (48a)

SIAMESE AND BALINESE SECTION

The Siamese type is the most elongated of all, but strong and beautifully balanced, with a long svelte, muscular body, fine legs and feet, a long tapering tail and an elegant neck. The head and large ears form a triangle and the oriental eyes slant towards the nose. The coat of the Siamese is very fine, short, glossy and close-lying, while that of the Balinese is silky and flowing. The colour is, of course, highly distinctive, the eyes being clear bright blue and the beauty of the coat lying in the contrast of the darker points and paler body colour.

SIAMESE AND BALINESE ADULTS

The Seal and Blue Point Siamese, the two earliest colours, share a UK Grand class.

The Club's Championship show is held annually on the first Saturday in November. The current venue is Stantonbury Campus Leisure Centre, Milton Keynes, Bucks. The show is open to all Siamese and one of the highlights is the Gallery of Fame which is an exhibition of cats who have made a contribution to the success of the breed. Schedules are available in August by post and on the club website

THE CLUB WEBSITE
www.siamesecatclub.co.uk

The website contains lots of information about the Club, its history and aims. There are items of interest to members and non members. There is a very successful page of members kittens for sale, pictures and results from the latest show, details of how to obtain the current list of Siamese cats at stud. There are member's pages with information about the club's latest activities etc and one for members' own website and e mail details.

Please contact Brigid Oakley for anything to do with the website on 020 8464 8857 or brigid@siamesecatclub.co.uk

HOW WE BEGAN

The Siamese Cat Club was left a legacy for the use of their welfare fund and at the club's Annual General Meeting in 1998 it was unanimously agreed that a Charitable Trust would be set up, using the legacy for the initial funding. This was eventually registered with the Charity Commission and became The Siamese Cat Club Welfare Trust.

The Trust's objectives are- To take in/rescue Siamese cats that are unwanted, abandoned, lost distressed, old or sick and that any action taken will be in their best interest. To provide improved or long term welfare as necessary. In the case of Lost cats, endeavour to reunite them with the legitimate owner. To take in/rescue any companion cat other than Siamese providing they are part of the Siamese family being taken in. All our welfare officers have fostering facilities

OUR WELFARE OFFICERS are-

VISIT OUR WEBSITE at www.siameserescue.org.uk

Updated regularly, it will tell you more about what we do, how we do it and details of the cats we have for homing

There is a Lost and Found list for Siamese and a separate one for Orientals, Burmese etc.

There are pictures, links to Siamese stories and other items, all to do with Siamese welfare

Our Contact page will help you find the Siamese welfare group nearest to your area.

We have a sponsoring scheme to help maintain our cats in permanent care who cannot be rehomed for various reasons. This is called

“Club Row”

The Cat Fancy is made up of many Cat Clubs. Some of these are "area clubs" for cat enthusiasts living in a particular area; these are usually all-breed clubs and often include non-pedigree pets amongst their "breeds". Others are "specialist breed clubs" which cater for a particular breed or group of breeds throughout the country. Many of these clubs have information stalls here today so that members can meet for a chat and potential members can gather information about the clubs and about the various breeds. Many of the specialist breed clubs who are participating in this section have a display of the breeds for which they cater and several of them are exhibiting pedigree cats who were rescued by their Club Welfare group.

NON-PEDIGREE SECTION

Since these cats have no pedigrees they do not conform to any particular breed standard, but do fall into certain categories such as long or shorthaired, plain or "self" coloured (such as black, white or blue), or non-self such as tabbies, tortoiseshell or white marked cats. The essential qualities of these exhibits are that they are happy, much loved examples of the non-pedigree cat who are being shown in sparkling tip-top condition; naturally one looks more beautiful to one person than to the next, but they are all beautiful in the eyes of their owners
