**THE CROYDON SHOW 2008 IS DEDICATED TO  
the memory of**

**JEAN MARGARET GAMBLE**

**11.08.37 – 27.11.07.**

On behalf of the Officers and Committee and the Club, I am pleased to welcome you to the 2008 Show.

This Show is dedicated to the memory of our Late Chairman, Jean Gamble, who worked so hard for this Club for so long. Jean was the Croydon. Jean gave so much to the Club, serving it in many capacities, Committee Member, Hon Secretary, Show Manager, Chairman and Vice President. As well as all of that, Jean was a thoughtful lady, with a great sense of humour and a strong sense of loyalty to those around her. We will miss her so much.

I have the honour of having been voted Acting Chairman of the Club following the sad death of Jean in November. I will do my best to try to follow in her footsteps, but I know I have a hard act to follow.

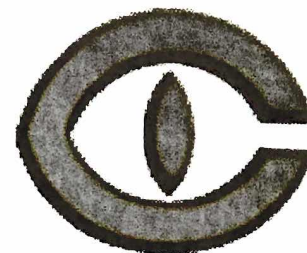

I would like to thank our show management team for their hard work. As well as all the helpers, vets, vet stewards, judges, stewards and table workers for their hard work.

This year I shall be awarding special rosettes to the Cat, Kitten and Neuter of my choice in honour of Jean's memory.

I wish you all a happy and successful day and hope you enjoy the show; remember you all take the best cat home. I look forward to welcoming you all again next year on 14<sup>th</sup> February 2009, our Valentine Show.

**EXHIBITORS** – If your cat has won a Champion, Premier, Grand Champion/Premier, Imperial Grand Champion/Premier or UK Grand Champion/Premier title at a GCCF Show please make your claim to the Office (address above). Please include the cat's name, breed number, sex, breeder's name owner's name and address, together with the names and dates of the qualifying shows and awarding judges' names. All claims are acknowledged and periodically a list of Champions etc. is published in OUR CATS shortly after which medals are sent to the owners from the GCCF office.

Owners of cats achieving the same title under GCCF and GCCF of Ireland Rules may claim 'International' status for that title by writing to the GCCF Office enclosing written confirmation of having gained the title under GCCF of Ireland Rules This written confirmation must be signed by the Secretary and stamped with the GCCF of Ireland's Seal.

**APPLYING FOR A PREFIX** – Breeding prefixes cost £60, prefixes for overseas resident/s cost £70.00 and applicant/s must be a member of a GCCF Affiliated cat club at the time of application. Forms are available from the Office.

**REGISTRATIONS AND TRANSFERS** - Forms for both are available from the Office.

**CERTIFICATE OF ENTIRETY** – All male cats used at stud must have a Certificate of Entirety deposited with the GCCF prior to registration of kittens. To obtain an official Certificate of Entirety download a form from the GCCF website or send a stamped addressed envelope to the office. No fee is charged by the GCCF. We recommend you keep a photocopy for your own records and to show to owners of visiting queens.

**MATING CERTIFICATES** – Section 1 Rule 3d (effective 1 June 2002) When a litter is registered, the application to register must be accompanied by a copy of the certificate of mating unless the person registering the kitten(s) is also the registered owner of the sire. (Rule added 24.10.2001)

# SHOW RULES, PROCEDURES AND REGULATIONS

The show is held under the Rules of The Governing Council of the Cat Fancy and is open to all. A copy of these Rules is obtainable from the GCCF Office at 5 Kings Castle Business Park, The Drove, Bridgwater, Somerset TA6 4AG. These Rules must be read by all, for they are not repeated herein, but will be strictly applied. Ignorance of any Rule will not be accepted as excuse of their breach.

The Committee reserve, to themselves, the right to:

- a) Appoint other judges should those advertised be unable to fulfil their engagement, and to appoint further judges should they be required.
- b) Fix and limit the number of exhibits at the show.
- c) To accept or refuse exhibit entry without giving reason.
- d) Cancel, amalgamate or divide classes.
- e) Publish a catalogue of the show containing information as to the exhibits and names and addresses of exhibitors.
- f) Disqualify cats entered into the wrong classes by exhibitors.
- g) Retain a percentage of the entry fees to cover essential expenses, in the event of the show being cancelled for any reason.
- h) No other animals or pets will be allowed into the Show hall other than exhibiting Cats, Kittens and Neuters.

## NOTES ON VETERINARY REJECTION

Unfit exhibits must be removed by their owners and payment forfeited. If in the Vet Surgeon's opinion it is desirable, all other exhibits from the same cattery/owner thereof shall be debarred from attending the show. **The Veterinary Surgeon's decision is final.**

Where an exhibit has been rejected or disqualified by a Veterinary Surgeon, the show managers shall obtain the reasons and accordingly notify the GCCF within 72 hrs. of the show, ensuring that a copy of the rejection form is forwarded to the exhibitors concerned.

The procedure for veterinary clearance is clearly stated in the GCCF Show Rules. However, exhibitors whose cats have been rejected at shows should note the following points:

- a) When sending a Clearance Certificate to the GCCF Veterinary Officer, please include your copy of the rejection slip.
- b) Do not send certificates by recorded delivery as this can cause delays in receipt. If acknowledgement of receipt is required, please enclose a stamped addressed postcard for signature acknowledging receipt.
- c) Exhibitors should not attend shows until they have received a letter accepting and confirming clearance from the Veterinary Officer.

## JUDGING AND JUDGES

Judging will commence at 10.00 am and exhibitors will be requested to clear the hall at this time until 12.30 pm, whilst the Open Classes are being judged. Judges are empowered to withhold any prize, award or certificate in any class if the exhibits do not, in their opinion, possess sufficient merit. Prizes will be awarded from the Judge's award slip and not from any catalogue or prize card. A Judge's decision is final. An exhibitor may not approach a Judge, nor enter into conversation with a Judge, until that Judge's engagement is complete.

## COUNTERSIGNATURES

In the event of a change of Judge of an Open Class occurring after the closing date of the show, providing the exhibitor informs the show manager prior to judging that a certificate has previously been awarded by the replacement judge, the show manager shall appoint one other judge who shall judge the cat and if the cat is considered worthy countersign the certificate which shall then count towards Champion/Premier status. If the replacement judge at the first show has also been previously booked for a subsequent show, the closing date of which is before the date of the first show and where the actual entry has been made and received before the date of the first show, then at the subsequent show this judge can be regarded as a replacement judge for the purposes of requesting a countersignature.

## CORRESPONDENCE

All correspondence must be accompanied by a stamped addressed envelope if a reply is required. Any complaint related to the Show must be forwarded to the Show Managers within seven days of the show. To prevent disappointment it is recommended that exhibitors enclose a stamped addressed postcard with their entries, to be returned as acknowledgement of receipt of entries.

# The Cat Welfare Trust

PLEASE SUPPORT OUR RESEARCH PROJECTS

The Cat Welfare Trust is the Fancy's own charity, set up by the GCCF in 1988. The Trust Deed was written to enable funds to be used for the widest possible range of activities to benefit cats. Currently the work of cat rescue is undertaken by GCCF Affiliated Cat Clubs and so the Trust has turned to other ways of improving cat welfare.

Three projects have been undertaken so far, all of which have been funded because the subjects were of particular interest to pedigree cat owners and were not likely to attract commercial funding in their initial stages.

The first of these was a Ph.D. research project to study the preparation of a vaccine for ringworm and was undertaken by Ann Robinson at Bristol University Veterinary School. The second – the Genome Project was undertaken by Dr Matthew Binns of the Animal Health Trust and resulted in the identification and analysis of 211 markers on the feline genome map. Both these studies have provided the bases for more specific work within their fields.

We had raised sufficient money by 2003 to offer £50,000 to fund a third project. The chosen proposal was put forward by the University of Liverpool for a study into feline chronic gingivostomatitis. A condition familiar to many cat owners, this is a very painful disease affecting the gums and mouths of pet cats causing inflammation and ulceration. There is no cure for this condition at present.

The money the Trust could offer for this project was barely sufficient to fund a two year Masters degree study but our funding has attracted a scholarship from the University for a three year Ph.D. study and an extremely generous grant from the British Veterinary Association's Animal Welfare Foundation, which has transformed this project into a very comprehensive study. During the second year of the study it is hoped to involve pedigree cat owners, we will keep the Clubs informed. Meanwhile the project has started and the Trustees have had their first progress report from the Liverpool team

The Trust is dependant on donations from the Clubs and members of the Fancy, our only certain funding is £2500 a year from GCCF and so it is easy to see that in order to be able to make grants large enough to make a difference to cats' lives we rely on you for all the financial support possible. Donations and legacies to the Trust will ensure the continuation of this work. Please remember the Trust when you or your club consider welfare donations.

Please send donations to The Treasurer, Mrs Eileen Fryer, c/o GCCF, 5 King's Castle Business Park, The Drove, Bridgwater, TA6 4AG. Further information also available from the GCCF Office.

You can help us maximise your support by enabling the Trust to reclaim tax on your donations under the Gift Aid scheme. All you need to do is to state that you pay Income Tax and wish the Cat Welfare Trust to treat your donation as Gift Aid.

## **INFORMATION FOR EXHIBITORS**

Your attention is drawn to the following notes:

The use of any product, including shampoos, grooming products, or stress remedies which change the cats normal appearance or physical reaction are strictly prohibited under Section 4, Rule 14.

The use of toxic disinfectants, aerosols and sprays within the show hall is prohibited.

Owners are liable for the cost of any veterinary treatments carried out to their cat(s) during their absence from the show hall.

Any cat which cannot be safely handled will not be judged for Best in Show.

No written or printed matter of any kind, other than official notices and award cards may be put onto competitive pens, except with the permission of the show managers. "For Sale" notices are not allowed.

The use of grooming aids in the show hall, other than the use of a clean brush and comb or cloth is prohibited.

No powder or grooming substance may be left in the coat of exhibits.

Using products to enhance the colour of an exhibit is forbidden, and the use of any substance which change a cat's appearance or physical reaction is forbidden and will lead to disqualification, This includes Skulcap and Valerian Compunds and Rescue Remedy.

Exhibits received into the show hall cannot be removed, without the permission of the show managers, prior to the closure of the show. Failure to observe this rule will lead to disqualification and forfeiture of any prize money and awards won.

The show closes at 5.00 pm or earlier at the show managers' discretion.

There will be no early removal passes issued.

## Why offer your Queen a tailor-made answer for Heat, Gestation & Lactation ?

enhanced with  
**L-Lysine**

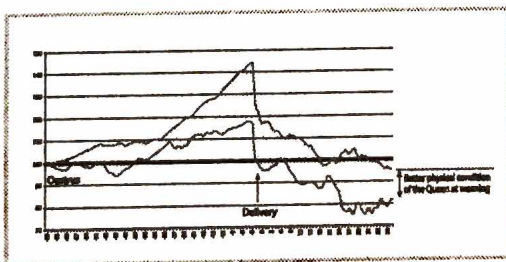

What are the specific Queen's needs during reproduction period ?

1 Queens start gaining weight just after ovulation

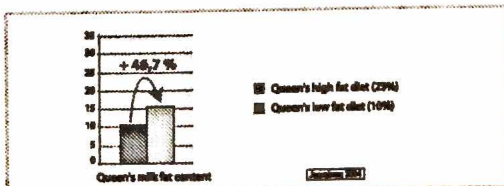

Early fat storage during gestation is beneficial for lactation

2 During lactation, Queens have a tendency to lose weight

Tendency to lose weight in lactation between Norwegian Forest Queens

3 Queen's nutrition influence mother's milk quality

The increase of ingested fat allows an increase of the milk fat content, which is beneficial for nursing kittens' growth

### Queen

Nutrition for gestation & lactation stages

REPRO PRECISION  
the specific gestating needs of Queens with:

- **Betacarotene (30 mg/kg)** an anti-oxidant which contributes to create a proper uterine & hormonal environment for gestation
- **High fat content (23%)** to ensure fat storage during gestation to cover future higher energetic requirements.
- **Arachidonic acid** essential to promote the reproductive cycle in Queens
- **EPA / DHA content**, to cover the needs of gestating Queens & to ensure a proper kitten brain & retina development
- **high folic acid (24 mg/kg) & taurine (0,3%)** content & chelated copper (proper absorption), essential for reproductive cycle.

LACTATION SUPPORT  
sustain a proper lactation of Queens with:

- **A high level of fat (23%) & high energetic content** because the food fat content of Queens has a direct influence on milk fat content during lactation and help the Queen to limit this weight loss.
- **L-Carnitine (50mg/kg)** supplementation during lactation to ensure a proper milk composition without depleting the Queen's own reserve
- **Linoleic, EPA, DHA and arachidonic acid** to provide a qualitative rich milk production.

IMMUNITY BOOSTER  
Reinforce the Queen's natural defences with:

- **A patented complex of synergistic anti-oxidants (Vitamins E & C, taurine and lutein)** reinforces the Queen's natural defences
- **while Mannan-oligo-saccharides** stimulate the production of antibodies in the intestinal mucosa.

L-Lysine and Herpesvirosis

Recent scientific research has led to a major nutritional discovery: L-Lysine, an amino acid naturally present in proteins, can play a key role in controlling cases of herpesvirosis. It has been shown that during the multiplication of the feline herpesvirus, an increased level of L-Lysine acts as a replication inhibitor whereas an increased level of arginine (another amino acid) in the milieu acts as a promoter. Another parallel study involving cats demonstrated that a supplementation in L-Lysine limits the intensity of viral re-excretion and the clinical signs of herpesvirosis.
