Tel: 01278 427575 Fax: 01278 446 627

**EXHIBITORS** – If your cat has won a Champion, Premier, Grand Champion/Premier, Imperial Grand Champion/Premier or UK Grand Champion/Premier title at a GCCF Show please make your claim to the Office (address above). Please include the cat's name, breed number, sex, breeder's name, owners names and address, together with the names and dates of the qualifying shows and awarding judges' names. All claims are acknowledged and periodically the Title lists are published on the web site shortly after which medals are sent to the owners from the GCCF Office, if they have been ordered when claiming at a cost of £15 per medal (payment with order).

Owners of cats achieving the same title under GCCF and GCCF of Ireland Rules may claim "International" status for that title, by writing to the GCCF Office enclosing written confirmation of having gained the title under GCCF of Ireland Rules. This written confirmation must be signed by the Secretary and stamped with the GCCF of Ireland's Seal.

**APPLYING FOR A PREFIX** - Breeding prefixes cost £75, for overseas residents/s the cost is £100 and applicant/s must be a member of a GCCF affiliated cat club at the time of application. Forms are available from the GCCF Office or online.

**REGISTRATIONS AND TRANSFERS** - Forms for both are available from the office and online.

**CERTIFICATE OF ENTIRETY** - All male cats used at stud must have a Certificate of Entirety deposited with the GCCF, prior to registration of kittens. To obtain a Certificate of Entirety, send a stamped addressed envelope to the office or alternatively it is available online. **No fee is charged by the GCCF.** We recommend you keep a photocopy for your own records and to show to **owners of visiting queens.**

**MATING CERTIFICATES – Section 1 Rule 3d (effective 1 June 2002)** When a litter is registered, the application to register must be accompanied by a copy of the certificate of mating unless the person registering the kitten(s) is also the registered owner of the sire. (Rule added 24.10.2001) The owner of the stud cat must provide a Certificate of Mating to the owner of the queen upon collection of the queen. (amended/effective 29.10.03)

**PUBLICATIONS** - Price lists and Club Secretaries' address lists are available on receipt of a stamped addressed envelope. The following are available by post from the office:-

## **PLEASE SUPPORT OUR RESEARCH PROJECTS**

The Cat Welfare Trust is the Fancy's own charity, set up by the GCCF in 1988. The Trust Deed was written to enable funds to be used for the widest possible range of activities to benefit cats. Currently the work of cat rescue is undertaken by GCCF Affiliated Cat Clubs and so the Trust has turned to other ways of improving cat welfare.

Three projects have been undertaken so far, all of which have been funded because the subjects were of particular interest to pedigree cat owners and were not likely to attract commercial funding in their initial stages.

The first of these was a Ph.D. research project to study the preparation of a vaccine for ringworm and was undertaken by Ann Robinson at Bristol University Veterinary School. The second - the Genome Project was undertaken by Dr Matthew Binns of the Animal Health Trust and resulted in the identification and analysis of 211 markers on the feline genome map. The most recent - a study into feline chronic gingivostomatitis - was carried out by Kitty Healey at the University of Liverpool. Chronic gingivostomatitis is a condition familiar to many cat owners, this is a very painful disease affecting the gums and mouths of pet cats causing inflammation and ulceration and there is currently no cure for this condition. Kitty's research has established a link between this condition and FCV reinforcing the need for regular vaccination.

The fourth project will be a study to be conducted by Bristol University in conjunction with Manchester University and the University of California-Davis into the genes that play a pivotal role in the control of infectious diseases particularly Feline Infectious Peritonitis.

The study should also objectively determine relative levels of inbreeding in various breeds and whether the gene pool is dangerously narrow putting specific breeds at increased risk of inherited disorders and disease susceptibilities. Results of this latter part of the study should supplement the information available to the BACs when they look at their breeding policies and help encourage best practise.

The Trust is dependent on donations from the Clubs and members of the Fancy and so it is easy to see that in order to be able to make grants large enough to make a difference to cats' lives we rely on you for all the financial support possible. Donations and legacies to the Trust will ensure the continuation of this work. Please remember the Trust when you or your club consider welfare donations.

Please send donations to The Treasurer, Mrs Eileen Fryer, c/o GCCF, 5 King's Castle Business Park, The Drove, Bridgwater, TA6 4AG. Further information is also available from the GCCF Office.

You can help us maximise your support by enabling the Trust to reclaim tax on your donations under the Gift Aid scheme. All you need to do is to state that you pay Income Tax and wish the Cat Welfare Trust to treat your donation as Gift Aid.

## **Chairman's Welcome**

May I extend a warm welcome to everyone attending the GCCF's 34<sup>th</sup> Supreme show and hope you will enjoy all the atmosphere of what is the Premier Show in the GCCF's calendar.

Today's Supreme Show is the pinnacle showcase for those cats where the ultimate aim is to achieve the title of Supreme Exhibit, a coveted title to be proud of, awarded to the exhibit considered to be the best example of what we are attempting to achieve within the Cat Fancy in 2010.

This year, to celebrate the GCCF's centenary, it was decided for the first time that special qualification would not be required for entry. This has met with mixed reactions; some seeing it as a negative that potentially lowered the quality of the exhibits taking part; however, from the Supreme Show Committee's perspective, it was a way of ensuring that no one was excluded from participating in what is our special show in a very special year for the GCCF, our celebration of 100 years as the premier registration body for cats in the UK. It was an ideal way of uniting everyone in a common cause.

Last year for the first time we had Pedigree Pets in Competition; this year we have initiated, as result of removing the qualification requirement, classes for kittens from the age of 4 months. These will hopefully bring a new wave of potential winners to our show and give our viewing public a chance to see the ever popular kittens that have so much appeal. If the idea of having younger kittens present proves successful we may look at continuing this element in future years, however, the qualification requirement for adults and neuters will revert back after this year's show.

The logistics of organising a show of this size are enormous; our show manager and her team are to be commended for all their efforts to ensure everything runs as smoothly as possible. Of course the GCCF Supreme Show would not be possible without the cats, kittens and neuters entered in competition. These are the true stars of the show and what we are all celebrating here today, so you, our exhibitors, deserve a huge "thank you" for your support which has resulted in an increased entry this year, taking our total number of exhibits to a gratifying 1196!

On the subject of thanks, I would like to offer my personal appreciation to everyone who has assisted in any way to ensure the Supreme Show's success; from the show management team, our hall manager, the numerous vets, stall holders, table workers, the ring supervisors and their teams, our judges and stewards, the ancillary staff, an endless list of people whose individual contribution is vital! All of you are integral to the show's success and your efforts are greatly appreciated. Last but not least, I would like to thank all the visitors to our show; we all hope that you enjoy yourselves and remember your day among the cream of the Cat Fancy for a long time to come.

On a final note, this will be my last year as Chairman of the GCCF; my term of office ends in June 2011. May I say it has been a great privilege working with so many like minded individuals who have been tireless in their efforts to ensure the continued success of the GCCF, particularly in this our Centenary year. I hope you will all join with me in wishing our organisation a very happy and successful 100<sup>th</sup> birthday and for its continued success and development through the next 100 years

May you all enjoy your day!

**John H Hansson**

# AWARDS AND SPECIALS

## GCCF CERTIFICATES

### **Supreme Best in Show: Supreme Certificate**

*This will give the title, for all time, of Supreme Champion/Premier. The Certificates awarded to the Supreme Adult and Neuter will count as a Challenge/Premier Certificate if the cat is not yet a Champion/Premier, but will count as a Grand Challenge/Premier Certificate if the exhibit is a Champion, Premier, Grand Champion or Grand Premier. It will count as a UK Grand Challenge/Premier Certificate if the exhibit already holds a UK Grand Challenge/Grand Premier Certificate. For a Provisional breed exhibit the certificate will count as an Intermediate Certificate. The Supreme Kitten will also be awarded a Certificate to commemorate the win, but this will have no other value. The honour of winning Supreme Exhibit will not count towards any title.*

### **Best of Variety: Supreme Best of Variety Certificate**

*This will count as a Challenge/Premier Certificate if the exhibit is not yet a Champion/Premier, but will count as a Grand Challenge/Premier Certificate if the exhibit is already a Champion/Premier or Grand Champion/Premier. For a Provisional breed exhibit the certificate will count as an Intermediate Certificate. A Best of Variety Kitten will also be awarded a Certificate to commemorate the win, but this will have no other value.*

### **Grand Champion / Premier Classes: UK Grand Challenge/Premier Certificate**

### **Champion / Premier Classes: Grand Challenge / Premier Certificate**

### **Pre-Champion / Premier Classes: Challenge/Premier Certificate**

### **Provisional Status Breed Adult & Neuter Classes: Intermediate Certificate**

### **Assessment Classes: Merit Certificate**

*In the event of the class judge having already awarded a similar Certificate to the winner, the Show Manager will appoint one other judge to judge the cat and countersign the Certificate if the cat is considered worthy.*

*This award will count towards Champion/Premier/Grand Champion/Grand Premier status as appropriate. A countersignature will not be sought if the exhibit has already been awarded three Intermediate Certificates from three different Judges or four qualifying Merit Certificates from four different Judges.*

**Household Pets (Non-Pedigree & Pedigree):** *Supreme Master Cat Certificate which counts as an ordinary Master Cat certificate towards its title. Supreme Grand Master Cat certificate which counts as an ordinary Grand Master Cat certificate. UK Grand Master Cat certificate (unique to the Supreme Show). Exhibits winning two UK Master Cat certificates under two different judges will be entitled to use the title of UK GRAND MASTER CAT. There will be two overall BIS winners, for the Supreme Non Pedigree Exhibit and the Supreme Pedigree Pet Exhibit.*

# CATALOGUE

Ever since the first cat show was held in 1871, fanciers have had standards of excellence to aim for. At first there was minimal mention of the shape of the cats, the breeds differing mainly in coat length and colour, but the standards evolved, the breeds changed gradually and cats today are bred in a dozen distinct shapes.

Despite the differences in shape (or "type") essential to the various breeds, no standard of points calls for extreme deviation from the basic mongrel cat shape and size, and deformities are severely penalised in all breeds, so that today's cats still move, feed and breed naturally.

## PERSIAN SECTION

The breeds in this section are all Persian in type, varying only in their coat colour, markings and eye colour or, in the case of the Exotics, their coat length. They are big, solid cats with a cobby body, sturdy legs, a short tail and a broad round head with a short nose, small ears set wide apart and large round eyes; the effect is one of roundness and substance, enhanced by the beautiful coat which should be long, dense and silky in Persians, dense and plushy in Exotics.

### Classes 1 - 3 Cancelled - No Entries

#### Black - Breed No. 1

One of the earliest long-haired breeds, this Persian cat is distinguished by the magnificent contrast of its deep orange or copper eyes and its lustrous raven black coat.

# SEMI-LONGHAIR SECTION

*This section contains those longhaired breeds which are not of Persian type. The coat is usually less dense than that of the Persian and the head and body are rather longer than those of the Persian longhairs.*

## SEMI-LONGHAIR ADULTS

### Birman

*This is one of the earliest semi-longhair breeds to be recognised. Although, like the Persian, it should be massive and well-rounded, the body, legs and tail are a little longer than in the Persian and the ears slightly larger, while the nose is straight and of medium length. The eyes are almost round and must be a deep blue. The coat is long and silky. The unique characteristic of this breed is its white feet, the front feet having white "gloves" to cover the toes and the hind feet white "gauntlets" covering the paws and tapering up the back of the leg to the hock.*

### Seal-Point Birman - Breed No. 13c1

*The Seal-Point has seal brown points and a golden hue to its pale beige body.*

**Maine Coon - Breed No. 64**

*This semi-longhaired breed of medium foreign type originated in the USA, and is bred in a wide variety of colours, often with white markings. Maine Coons have a rugged outdoor appearance with a natural long coat which lacks the fluffiness of the Persian, but are slow to mature to their final large size. This breed is more rectangular than the Norwegian Forest Cat and the head shape is less angular.*

### Norwegian Forest Cat - Breed No. 67

*This large but elegant semi-longhaired breed originated as an outdoor working cat on Norwegian farms and its appearance should reflect this heritage. It is slow to mature, sometimes taking up to four years to develop fully, and has a distinctive double coat, but coat colour and pattern are irrelevant. The cats here are descended from imported stock, with no outcrosses to other breeds.*

**PRELIMINARY STATUS SEMI-LONGHAIR BREEDS**

*The breeds in Assessment Classes are still at the earliest stage of recognition by the GCCF. Instead of having an Open Class, each cat is assessed individually against the standard of points for its breed; the judge then decides whether or not the cat conforms sufficiently closely to its standard to be awarded a Merit Certificate.*

**Siberian - Breed No. 82**

*The Siberian, as its name suggests, originated in Russia and is another Semi-Longhair of moderate type. It is bred in any colour except cinnamon, caramel, fawn and apricot, any pattern, including pointed, with or without white.*

**Class 326 Cancelled - No Entries**

**Turkish Vankedisi - Breed Nos. 13w, 13w bl, 13w od**

*Originating from the same part of Turkey as the Turkish Van, the Vankedisi is identical to this breed, with the same amber, blue or odd eyes, but with no coloured markings: its coat is pure white.*

**Ragamuffin - Breed No 60**

*The RagaMuffin is a large SLH breed, well balanced both in personality and physical characteristics. Their characteristic sweet and gentle expression results from the size, shape and setting of their expressive eyes and puffy whisker pads. A substantial cat with boning consistent with its size. They reach full maturity at approximately four years of age. Females are substantially smaller than males. They are muscular and heavy with a fleshy pad on the lower abdomen. RagaMuffins have coats of almost every colour and pattern, including white tipped tails. RagaMuffins are bred to be sociable, affectionate, cuddly 'teddy bear' companion cats.*

**Tabby British Shorthairs**

*In the British Tabbies the markings show up clearly on the short coat. The classic tabby pattern, with its "butterfly" marking on the shoulders and "oysters" on the flanks, and the mackerel pattern with thin unbroken lines running vertically from the spine are judged together. In the Spotted the markings consist of numerous clear spots of dark colour on a paler background, with no unbroken lines on the body or legs. In all except the Black Silver Tabbies and Spotties the eye colour is copper, orange or deep gold.*

## FOREIGN SECTION

*The Foreign section encompasses twelve separate shapes of cat, further subdivided by coat and colour. They have a lithe elegance, intermediate in type between the chunky solidity of the Persians and British Shorthairs and the elongation of the Siamese and Orientals. They all have short coats except the Tiffanys which are included in this section because they are part of the Asian group.*

### FOREIGN ADULTS

#### Russian Blue - Breed No. 16

*This breed has a long, graceful body and legs with a fairly long tail and a medium length head with a short straight nose making a distinct angle with the forehead. The "Russian" look is created by the large ears set on top of the head, the prominent whisker pads either side of the nose and the almond-shaped, vivid green eyes. A distinctive feature of this breed is its short, fine, velvety dense, clear blue coat which stands up from the body and shows a beautiful silvery sheen.*

**Korat - Breed No. 34**

*Another breed of medium foreign type with a blue coat, which is glossy and close-lying but short to medium in length, with silver tipping. The type differences between this and other breeds are that the back is gently curved and the head is heart-shaped when viewed from the front; the ears are large and set high and the nose has a slight downward curve. The eyes, which are particularly large and luminous, are a brilliant green, although an amber cast is acceptable in younger cats.*

**Classes 502 & 503 Cancelled - No Entries****Abyssinian**

*The Abyssinian is of a similar medium foreign build to the Russian, but with a very different expression, the ears being set wide apart on the gently curved, medium wedge head, while the large oriental eyes are amber, hazel or green. The coat is very short and fine, each hair having two or three bands of colour on it, thus giving the breed its distinctive ticked appearance.*

**Classes 519 - 520 Cancelled - No Entries****Devon Rex - Breed No. 33a**

*The Devon Rex is quite unlike any other breed of cat. The slender body is of medium length, the tail and legs are long, especially the hind legs, and the elegant neck tends to emphasise the head; this is wedge-shaped with full cheeks, a short muzzle, a strongly marked stop to the nose and large oval eyes. The big wide-based ears are set rather low on the head and the whisker pads are noticeable, particularly since the whiskers are crinkled. The coat, which may be any colour of any pattern, is very short, fine and soft and its waviness helps create the unique character of this breed.*

### PRELIMINARY STATUS FOREIGN BREEDS

*The breeds in Assessment Classes are still at the earliest stage of recognition by the GCCF. Instead of having an Open Class, each cat is assessed individually against the standard of points for its breed; the judge then decides whether or not the cat conforms sufficiently closely to its standard to be awarded a Merit Certificate.*

#### Russian White, Russian Black - Breed Nos. 16a14c, 16a15

*These breeds are the white and black equivalents of the Russian Blue, with Russian type, the same vivid green eyes and the same distinctive coat texture.*

# BURMESE SECTION

The Burmese is another breed of medium foreign type, neither as cobby as the British nor as elongated as the Siamese, but highly distinctive. The tail tapers only slightly and the head has a gently rounded look to its blunt wedge, with a distinct nose-break. The medium size ears are set well apart and tilt slightly forward and the gently slanting eyes, neither round nor oriental, vary in colour from chartreuse, through the ideal golden-yellow, to amber.

## BURMESE ADULTS

### Brown Burmese - Breed No. 27

The colour of the Brown Burmese is a rich, warm seal-brown, marginally darker on the mask and ears and fading slightly to a lighter shade beneath.

**BURMESE CAT CLUB BENEVOLENT FUND**

Registered Charity No 1094488

The Burmese Cat Club is noted for its welfare work and maintains a Benevolent Fund for the immediate relief of Burmese cats in need. The Benevolent Fund was granted charity status in November 2002. The Rescue and Rehoming Service helps a significant number of needy cats each year and one of them is here today on Club Row.

KUBLA is a neutered cream boy who is now about 18 months old. He came to us as a kitten with extensive skin lesions which later tested positive for MRSA. After many months of treatment he was finally tested negative and able to go to a new home where he is today, living happily with an elderly burmese girl who adores him. Please come and say hello to Kubla and find out more about our welfare work.

Welfare of the Burmese cat is the Club's prime concern and we have a regionally constructed rescue and rehoming service helping about 400 needy cats each year. This is dependent entirely upon private donations and any help and support you can give in order to pay for boarding and veterinary costs will be greatly appreciated. If you feel able to help please send donations to the Hon Treasurer making cheques payable to The Burmese Cat Club Benevolent Fund. Cats in emergency situations are housed in suitable accommodation established across the country and available through our network of Regional Advisers.

We also have a Register for Lost and Found and abandoned Burmese and our co-ordinator is Mrs Yvonne Bruckel, telephone 01452 520653.

For more information on all our services please visit the website where you will find contact details of your local Burmese Regional Adviser

## ORIENTAL SECTION

*The Orientals have the elongated foreign type of the Siamese, with the same elegant length of head, neck, body, legs and tail and the very short, glossy coat, but lack the gene which restricts the colour to the points. They are recognised in ten self colours and seven tortie colours, together with their silver versions, in a variety of patterns giving a total of over two hundred different colour schemes. The section also includes the Angora, the Oriental semi-longhair.*

### ORIENTAL ADULTS

*The Foreign White, Oriental Black and Oriental Blue are judged against each other for the UK Grand certificate.*

Breeder: Mrs L Viggers

**Mrs D Harper**

**Classes 735 - 737 Cancelled - No Entries**

**Oriental Cream & Oriental Apricot - Breed No. 37f, 37fn**

*The Cream is the dilute version of the Red with a cool cream coat, preferably free from tabby markings. The presence of the dilute modifier gene (which produces the Caramel colour) converts Cream to Apricot - a hot cream with a metallic sheen which becomes more noticeable as the cat matures. Both colours have green eyes.*

**Class 738 Oriental Cream or Apricot Pre-Champion, Male**

884 Mrs M Freeman, SOLARUS MAILLOT JEUNE (37f) 10.08.09.  
Gr Ch Seido Slipstream (29c) x Solarus Funnyhoney (37y)

**Oriental Spotted Tabby - Breed No. 38**

*Apart from its Oriental type, the essential of this breed is its well defined spotted tabby pattern. All colours, including the tortie spotties and the silver versions of all seventeen colours are judged together. The eye colour is green, although it may be less vivid in the Red, Cream and Apricot Spotties.*

Mrs M Kalal

**Classes 745 & 746 Cancelled - No Entries**

**Oriental Ticked Tabby - Breed No. 45**

*The Ticked Tabbies are found in the same colours as the other Oriental Tabbies, including the silver versions, but instead of having a clear tabby pattern the coat should be evenly ticked all over the body, with tabby markings showing only on the face, legs, tail and "necklace".*

**Class 747**

**Oriental Shaded - Breed No. 43**

*The Oriental Shaded is an agouti cat in which the pattern colour is restricted to half or less of the hair length, the lighter undercolour becoming more extensive with maturity, although many show a broken tabby pattern on the surface, especially as kittens. Both standard and silver Shaded are accepted in the full Oriental colour range, all with green eyes.*

**Class 749**

**Classes 750 & 751 Cancelled - No Entries**

**Oriental Smoke - Breed No. 42**

*This non-agouti Oriental breed may be any of the accepted Oriental colours, including the tortie colours, with a near-white undercoat which is seen when the hair is lifted. The eye colour, as usual, is green.*

**Class 752**  
892

**Oriental Longhair - Breed No. 62**

*This breed differs from the Oriental shorthairs only in its coat length. It is found in the whole range of Oriental colours and patterns and, like the Balinese, has a silky flowing coat, lacking the thick undercoat found in many semi-longhairs and quite unlike the long, thick coat of the Persian.*

**Oriental Bicolour - Breed Nos. 48, 49**

*These are bred in all Oriental colours and patterns, plus the pointed (Siamese) versions of these colours and patterns, with both short (48) and semi-long (49) coats. They must have a minimum of one third white, with white on the face, feet and along the underside, up to van distribution of white. The pointed cats all have blue eyes, but the non-pointed cats may have green eyes, one green and one blue or even two blue eyes.*

The Club's Championship show is held annually on the first Saturday in November. The current venue is Stantonbury Campus, Milton Keynes, Bedfordshire. The show is open to all Siamese and one of the highlights is the Gallery of Fame which is an exhibition of cats who have made a contribution to the success of the breed. Schedules are available in August by post and on the club website

### THE CLUB WEBSITE (INCLUDES ONLINE KITTEN LIST)

[www.siamesecatclub.co.uk](http://www.siamesecatclub.co.uk)

The website contains lots of information about the Club, its history and aims. There are items of interest to members and non members. There is a very successful page of members kittens for sale, pictures and results from the latest show. There are members pages with information about the club's latest activities etc and one for members own website and e mail details.

Please contact Brigid Oakley for anything to do with the website on 020 8464 8857 or [brigid@siamesecatclub.co.uk](mailto:brigid@siamesecatclub.co.uk)

### VISIT OUR WEBSITE at [WWW.SIAMESERESCUE.ORG.UK](http://WWW.SIAMESERESCUE.ORG.UK)

Updated regularly, it will tell you more about what we do, how we do it and details of the cats we have for homing

There is a Lost and Found list for Siamese and a separate one for Orientals, Burmese etc.

There are pictures, links to Siamese stories and other items, all to do with Siamese welfare

Our Contact page will help you find the Siamese welfare group nearest to your area.

We have a sponsoring scheme to help maintain our cats in permanent care who cannot be rehomed for various reasons. This is called

# SIAMESE AND BALINESE SECTION

The Siamese type is the most elongated of all, but strong and beautifully balanced, with a long svelte, muscular body, fine legs and feet, a long tapering tail and an elegant neck. The head and large ears form a triangle and the oriental eyes slant towards the nose. The coat of the Siamese is very fine, short, glossy and close-lying, while that of the Balinese is silky and flowing. The colour is, of course, highly distinctive, the eyes being clear bright blue and the beauty of the coat lying in the contrast of the darker points and paler body colour.

## SIAMESE AND BALINESE ADULTS

The Seal and Blue Point Siamese, the two earliest colours, share a UK Grand class.

## **"CLUB ROW"**

*The Cat Fancy is made up of many Cat Clubs. Some of these are "area clubs" for cat enthusiasts living in a particular area; these are usually all-breed clubs and often include non-pedigree pets amongst their "breeds". Others are "specialist breed clubs" which cater for a particular breed or group of breeds throughout the country. Many of these clubs have information stalls here today so that members can meet for a chat and potential members can gather information about the clubs and about the various breeds. Many of the specialist breed clubs who are participating in this section have a display of the breeds for which they cater and several of them are exhibiting pedigree cats who were rescued by their Club Welfare group.*
