## *WELCOME*

It gives Lynda and me the greatest pleasure welcoming you to today's 28th Birman Championship Show – the highlight of the Birman year! Whether you are an Exhibitor, Breeder, Judge, Steward, Vet, Table-Worker, Club Member, Helper, Trade or Charity representative, or purely an interested visitor, we want you to thoroughly enjoy your day – and that most certainly includes the 148 fabulous felines unquestionably charming their way into each of our hearts throughout the day! We would especially like to welcome our guest of honour, the Lady Mayoress of Rugby, Councillor Gwen Hotten, who will be judging our photographic competition later in the day, and presenting prizes to some of our winners.

Today's entry is the highest our Club has achieved since 2005 and some 65% higher than last year. Within the current economic climate, many Clubs are suffering considerable decreasing numbers of entries, so our Exhibitors and Trade warrant the highest praise for this year's wonderful support in this, my inaugural Birman show as your Show Manager. It makes all the hard work so worthwhile!

Apart from our beloved Birmans, I know our members and visitors will be delighted to have the opportunity to meet and chat to the owners/breeders of those mischievous Ragamuffins and majestic Maine Coons we have here today, including the Supreme Exhibit from 2008, the gorgeous multi-titled Dairymaine Sarnia Cherie, and of course the famous "Blue Peter" cats, the very handsome "Socks" and "Cookie". We also have a magnificent entry of Household and Pedigree Pets here today for everyone to admire.

We hope that, after you have had the chance to look around, you will take a few moments to select your favourite cat in the Hall, the one winning the most votes will take home a "People's Choice Rosette" and a selection of Cat Food. Voting forms are in your Vetting In envelope, or given out to visitors with entry tickets. We will also be drawing the numbers of 3 lucky pens to each win £28 in cash – do listen out for this!

If you achieve a "Red Card Day" with your exhibit, we are marking this by awarding a rosette as a special memento, but you must come and claim this from the Show Management Team – so keep your vetting in envelope handy!

My sincerest thanks go to Jim Warrender, our Hall Manager, who has achieved an excellent variety of merchandise for you to buy, to Nicky & Mark Butler and Carole Kemp for their enthusiasm and local knowledge, publicising the show so well, to Ian Macro of Crispus Computing for all the show paperwork, working tirelessly and often into the night to complete all my seemingly unending requests, to Bella Penning for their expertise, Lindsey Crosier of Bows4Shows Rosettes for the remarkable rosettes, Stuart Russell of The Print Factory, for our unique full colour catalogue cover, Ellie Naudo for her lovely Best in Show drawings, and to our many many supporters whose sponsorship and generosity helps so much in ensuring today's Show stands upon its own four feet financially!! I have listed many of them in the catalogue, as an acknowledgement of our appreciation, and hope I haven't missed anyone out. Last, but by no means least, my wonderful husband, John, who has been an absolute inspiration, keeping me on the straight and narrow and never once complaining about the amount of time I spent shut away in the study, with our own Birmans naturally assisting me!

It only remains for Lynda and me to wish you and your lovely felines a truly fabulous and enjoyable day, may the best cats win, but always remember, at the end of the day, we each take the very best cat/s home with us!

## **....THE BIRMAN LEGEND ....**

The majestic Birman is known as the Sacred Cat of Burma and it has one of the most colourful histories of any variety of cat. Legend says that centuries ago in the temple of Lao-Tsun lived the high Kittah priest, Mun-Ha, with his faithful white cat, Sinh. One night raiders attacked the temple striking Mun-Ha down leaving him dying.

Sinh turned to face the statue of the golden goddess, Tsu-Kayn-Kse, as he lay with his dying master. As he looked at the goddess with the sapphire blue eyes – his white body turned golden and his yellow eyes turned blue. His legs turned the colour of soil, but his paws which rested on his master's body remained sparkling white.

All the other one hundred temple cats had undergone the same transformation as Sinh. Sinh would not leave his master's side and refusing all nourishment, he died seven days later taking Mun-Ha's soul to paradise. Birmans are still revered in Burma, where many people believe them to be reincarnations of dead priests.

*There is some mystery surrounding the actual origins of the Birman, which the Legend fails to explain, perhaps only the Birman knows the truth – should you question them, the only reply you will receive will be a discerning look from their soulful sapphire blue eyes, and the secret will remain eternally theirs. However, legends usually carry certain elements of truth .....*

## PLEASE SUPPORT OUR RESEARCH PROJECTS

The Cat Welfare Trust is the Fancy's own charity, set up by the GCCF in 1988. The Trust Deed was written to enable funds to be used for the widest possible range of activities to benefit cats. Currently the work of cat rescue is undertaken by GCCF Affiliated Cat Clubs and so the Trust has turned to other ways of improving cat welfare.

Three projects have been undertaken so far, all of which have been funded because the subjects were of particular interest to pedigree cat owners and were not likely to attract commercial funding in their initial stages.

The first of these was a Ph.D. research project to study the preparation of a vaccine for ringworm and was undertaken by Ann Robinson at Bristol University Veterinary School. The second - the Genome Project was undertaken by Dr Matthew Binns of the Animal Health Trust and resulted in the identification and analysis of 211 markers on the feline genome map. The most recent - a study into feline chronic gingivostomatitis - was carried out by Kitty Healey at the University of Liverpool. Chronic gingivostomatitis is a condition familiar to many cat owners, this is a very painful disease affecting the gums and mouths of pet cats causing inflammation and ulceration and there is currently no cure for this condition. Kitty's research has established a link between this condition and FCV reinforcing the need for regular vaccination.

The fourth project will be a study to be conducted by Bristol University in conjunction with Manchester University and the University of California-Davis into the genes that play a pivotal role in the control of infectious diseases particularly Feline Infectious Peritonitis.

The study should also objectively determine relative levels of inbreeding in various breeds and whether the gene pool is dangerously narrow putting specific breeds at increased risk of inherited disorders and disease susceptibilities. Results of this latter part of the study should supplement the information available to the BACs when they look at their breeding policies and help encourage best practice.

The Trust is dependent on donations from the Clubs and members of the Fancy and so it is easy to see that in order to be able to make grants large enough to make a difference to cats' lives we rely on you for all the financial support possible. Donations and legacies to the Trust will ensure the continuation of this work. Please remember the Trust when you or your club consider welfare donations.

Please send donations to The Treasurer, Mrs Eileen Fryer, c/o GCCF, 5 King's Castle Business Park, The Drove, Bridgwater, TA6 4AG. Further information is also available from the GCCF Office.

You can help us maximise your support by enabling the Trust to reclaim tax on your donations under the Gift Aid scheme. All you need to do is to state that you pay Income Tax and wish the Cat Welfare Trust to treat your donation as Gift Aid.
