The Cat Welfare Trust

PLEASE SUPPORT OUR RESEARCH PROJECTS

The Cat Welfare Trust is the Cat Fancy's own charity, set up by the GCCF in 1988. The Trust Deed was written to enable funds to be used for the widest possible range of activities to benefit cats.

Currently the work of cat rescue is undertaken by GCCF-affiliated Cat Clubs and so the Trust has turned to other ways of improving cat welfare.

Three projects have been undertaken so far, all of which have been funded because the subjects were of particular interest to pedigree cat owners and were not likely to attract commercial funding in their initial stages.

The first of these was a Ph.D. research project to study the preparation of a vaccine for ringworm and was undertaken by Ann Robinson at Bristol University Veterinary School.

The second - The Genome Project - was undertaken by Dr Matthew Binns of the Animal Health Trust and resulted in the identification and analysis of 211 markers on the feline genome map.

The most recent - a study into feline chronic gingivostomatitis - was carried out by Kitty Healey at the University of Liverpool. Chronic gingivostomatitis is a condition familiar to many cat owners, this is a very painful disease affecting the gums and mouths of pet cats causing inflammation and ulceration and there is currently no cure for this condition. Kitty's research has established a link between this condition and FCV reinforcing the need for regular vaccination.

The fourth project will be a study to be conducted by Bristol University in conjunction with Manchester University and the University of California-Davis into the genes that play a pivotal role in the control of infectious diseases particularly Feline Infectious Peritonitis.

The study should also objectively determine relative levels of inbreeding in various breeds and whether the gene pool is dangerously narrow putting specific breeds at increased risk of inherited disorders and disease susceptibilities. Results of this latter part of the study should supplement the information available to the BACs when they look at their breeding policies and help encourage best practise.

The Trust is dependent on donations from the Clubs and members of the Fancy and so it is easy to see that in order to be able to make grants large enough to make a difference to cats' lives we rely on you for all the financial support possible. Donations and legacies to the Trust will ensure the continuation of this work. Please remember the Trust when you or your club consider welfare donations.

Please send donations to The Treasurer, Mrs Eileen Fryer, c/o GCCF, 5 King's Castle Business Park, The Drove, Bridgwater, TA6 4AG. Further information is also available from the GCCF Office.

You can help us maximise your support by enabling the Trust to reclaim tax on your donations under the Gift Aid scheme. All you need to do is to state that you pay Income Tax and wish the Cat Welfare Trust to treat your donation as Gift Aid.

CHAIRMAN'S WELCOME

A warm welcome from the Lincolnshire Cat Club to everyone attending our show, which once again we are running in parallel with that of our friends the Humberside Cat Club.

The show last year worked well - just one or two minor points to modify - and from the feedback we recieved, exhibitors were happy. Please do not be afraid to let me know of any problems.

Please DO NOT touch the exhibits. No cats are to be removed from the show hall without the consent of the Show Manager.

Many thanks to our Judges, Stewards, Vets and Section Managers, plus the backroom staff who do a great job.

Thank you Exhibitors, without you we would not have a show.

Have a nice day and a safe journey home.

Stan Mumby
Chairman, Lincolnshire Cat Club

HOUSEHOLD PET SECTION

This section is divided into two categories :

Non-Pedigrees are unregistered cats of traditional "moggie" appearance.

Pedigree Pets are of known full-pedigree or half-pedigree background, or of unknown background but with pedigree appearance. Their pet names are used, without breeding prefix or breed number.

All Household Pet entries which are over 6 months of age must be neutered.

Household Pets are judged primarily on their condition, grooming, temperament and personality.

Almost all pedigree cat shows include a Household Pet section. New exhibitors are always welcome, and we encourage enquiries from those interested in showing their cats.

SHOW MANAGER'S WELCOME

On behalf of the Humberside Cat Club, a very warm welcome to everyone attending our show, which again this year shares the venue with the show held by our friends the Lincolnshire Cat Club.

We hope this will be a fabulous day, and may I wish you all good luck. We have tried to look at all aspects of the day to ensure it runs smoothly, but if there is anything (good or bad) that you need to let us know about then please don't hesitate, either come and find me at the Show Manager's table or drop me a line afterwards, whichever you prefer. We have used feedback from last year's show to enhance this year's event.

Your support for this twin-show venture has been overwhelming, both in encouragement and in the number of cats you have all entered. Many thanks for all this.

We are planning to hold the event again next year, at a venue that is new to us and indeed to the Cat Fancy. The Newark Showground is a lovely venue, with lots of space and parking, easy access and good natural light. We hope you will want to join us again. Make a note of the date : July 14th 2012.

HOUSEHOLD PET SECTION

This section is divided into two categories :

Non-Pedigrees are unregistered cats of traditional "moggie" appearance.

Pedigree Pets are of known full-pedigree or half-pedigree background, or of unknown background but with pedigree appearance. Their pet names are used, without breeding prefix or breed number.

All Household Pet entries which are over 6 months of age must be neutered.

Household Pets are judged primarily on their condition, grooming, temperament and personality.

Almost all pedigree cat shows include a Household Pet section. New exhibitors are always welcome, and we encourage enquiries from those interested in showing their cats.
