WELCOME

We would like to welcome you all to our 29th Birman Cat Club Championship Show, and hope that you have a wonderful day with us!

As well as 80 Birmans in competition (sadly, down on 2011!), we have an excellent entry of Household and Pedigree Pets for you all to admire, and we are delighted to welcome several exhibits from the Assessment Breeds in the SLH Section – the delightful Ragamuffins and Short Haired Somalis. Thank you to all those who have supported today's show.

We are also delighted to welcome the most titled – well certainly in the GCCF world (!) – Birman to the show on exhibition today, namely Ron Mlynek & Dennis Hayward's:

UK & IMP GR CH AND OLYMPIAN GOLD, UK & IMP GR PR MLYWARD SASSAFRAS

"Sassy" graces the front cover of the catalogue as last year's Overall Best in Show winner and is the first female of any breed to achieve the much coveted Gold Olympian award, and what a year to do it, with the Diamond Jubilee and London Olympics. We will be celebrating with her later in the day.

Also on exhibition today, we have four magnificent Maine Coons and welcome back the famous Ragdoll "Blue Peter" cats, the very handsome "Socks" and "Cookie", with their adoring human slaves, Chris Powell and Allen Wells. Do please take the time to admire them all.

Do please support all of our Stall Holders (Christmas Gifts?) and then take a few moments to select your favourite cat in the Hall, the one winning the most votes will take home a "People's Choice Rosette" and a selection of goodies. Voting forms are in your Vetting In envelope, or given out to visitors with entry tickets. We will also be drawing the numbers of 3 lucky pens to each win £29 in cash – do listen out for this! If you achieve a "Red Card Day" with your exhibit, we are marking this by awarding a rosette as a special memento, but you must come and claim this from the Show Management Team – so keep your vetting in envelope handy!

My sincerest thanks go to all our supporters for their generous sponsorship and to the team of people "behind the scenes", who have all played a big part in today's event. Here today enjoying the fruits of their labours are: Jim Warrender, Hall Manager, Nicky & Mark Butler and Carole Kemp, and Alistair Balharrie of Hollymoon Birmans, who will be snapping away with his camera during the day. Working tirelessly in the background were Ian Macro of Crispus Computing, Derrick and Pina Meakin of Bella Penning, Lindsey Crosier of Bows4Shows Rosettes, Stuart Russell of The Print Factory, and Ellie Naudo who drew the fabulous Best in Show drawings. My mentor for show management work is Lynda Ashmore, who is always there on the end of the telephone, no matter what query I had! Thank you Lynda. Last, but by no means least, I couldn't have done any of this work without the untiring support of my husband, John, or indeed our own Birmans who kept me company during the wee small hours when completing one of the many many jobs that need to be done to ensure today runs as smoothly as we all hope!

It only remains for Lynda and me to wish you and your lovely felines a truly fabulous and enjoyable day, may the best cats win, but always remember, at the end of the day, we each take the very best cat/s home with us!

....THE BIRMAN LEGEND

The majestic Birman is known as the Sacred Cat of Burma and it has one of the most colourful histories of any variety of cat. Legend says that centuries ago in the temple of Lao-Tsun lived the high Kittah priest, Mun-Ha, with his faithful white cat, Sinh. One night raiders attacked the temple striking Mun-Ha down leaving him dying.

Sinh turned to face the statue of the golden goddess, Tsu-Kayn-Kse, as he lay with his dying master. As he looked at the goddess with the sapphire blue eyes – his white body turned golden and his yellow eyes turned blue. His legs turned the colour of soil, but his paws which rested on his master's body remained sparkling white.

All the other one hundred temple cats had undergone the same transformation as Sinh. Sinh would not leave his master's side and refusing all nourishment, he died seven days later taking Mun-Ha's soul to paradise. Birmans are still revered in Burma, where many people believe them to be reincarnations of dead priests.

There is some mystery surrounding the actual origins of the Birman, which the Legend fails to explain, perhaps only the Birman knows the truth – should you question them, the only reply you will receive will be a discerning look from their soulful sapphire blue eyes, and the secret will remain eternally theirs. However, legends usually carry certain elements of truth

CELEBRATING A RED CARD DAY TODAY?

***As a memento of your special day,
please come and see the Show
Management team to collect a
special rosette.***

The Magical Bank

Imagine that you had won the following prize in a contest:

Each morning your bank would deposit £86,400.00 in your private account for your use. However, this prize had rules, just as any game has certain rules. The first set of rules would be:

1. Everything that you didn't spend during each day would be taken away from you.
2. You may not simply transfer money into some other account.
3. You may only spend it.

Each morning upon awakening, the bank opens your account with another £86,400.00 for that day.

The second set of rules:

1. The bank can end the game without warning; at any time it can say, "It's over, the game is over!"
2. It can close the account and you will not receive a new one.

What would you personally do?

You would buy anything and everything you wanted, right? Not only for yourself, but for all people you love, right? Even for people you don't know, because you couldn't possibly spend it all on yourself, right? You would try to spend every penny, and use it all, right?

ACTUALLY, THIS GAME IS REALITY!!

Each of us is in possession of such a "magical" bank. We just can't seem to see it. **THE MAGICAL BANK IS TIME!** Each awakening morning we receive 86,400 seconds as a gift of life, and when we go to sleep at night, any remaining time is NOT credited to us. What we haven't used up that day is forever lost. Yesterday is forever gone. Each morning the account is refilled, but the bank can dissolve your account at any time **WITHOUT WARNING.**

WELL, what will you do with your 86,400 seconds?

Aren't they worth so much more than the same amount in pounds? Think about that, and always think of this:

Enjoy every second of your life, because time races by so much quicker than you think.

So take care of yourself and your Birmans, and enjoy life!

Cat Welfare Trust

The Cat fancy's own Charity. established 1988

Registered Charity No. 800719

cwt

The Cat Welfare Trust is the Fancy's own charity, set up by the GCCF in 1988. The Trust Deed was written to enable funds to be used for the widest possible range of activities to benefit cats. Currently the work of cat rescue is undertaken by GCCF Member Cat Clubs and so the Trust has turned to other ways of improving cat welfare.

Three projects have been completed so far, all of which have been funded because the subjects were of particular interest to pedigree cat owners and were not likely to attract commercial funding in their initial stages.

The first of these was a Ph.D. research project to study the preparation of a vaccine for ring-worm and was undertaken by Ann Robinson at Bristol University Veterinary School. The second - the Genome Project was undertaken by Dr Matthew Binns of the Animal Health Trust and resulted in the identification and analysis of 211 markers on the feline genome map. The third - a study into feline chronic gingivostomatitis - was carried out by Kitty Healey at the University of Liverpool. Chronic gingivostomatitis is a condition familiar to many cat owners, this is a very painful disease affecting the gums and mouths of pet cats causing inflammation and ulceration and there is currently no cure for this condition. Kitty's research has established a link between this condition and FCV reinforcing the need for regular vaccination. Kitty's thesis summary can be seen on the GCCF website.

The current project is a study being conducted by Bristol University in conjunction with Manchester University and the University of California-Davis into the genes that play a pivotal role in the control of infectious diseases particularly Feline Infectious Peritonitis.

The study should also objectively determine relative levels of inbreeding in various breeds and whether the gene pool is dangerously narrow putting specific breeds at increased risk of inherited disorders and disease susceptibilities. Results of this latter part of the study should supplement the information available to the BACs when they look at their breeding policies and help encourage best practise.

The Trust is dependent on donations from the Clubs and members of the Fancy and so it is easy to see that in order to be able to make grants large enough to make a difference to cats' lives we rely on you for all the financial support possible. Donations and legacies to the Trust will ensure the continuation of this work. Please remember the Trust when you or your club consider welfare donations.

Please send donations to The Treasurer, Mrs Eileen Fryer, c/o GCCF, 5 King's Castle Business Park, The Drove, Bridgwater, TA8 4AG. Further information is also available from the GCCF Office.

You can help us maximise your support by enabling the Trust to reclaim tax on your donations under the Gift Aid scheme. All you need to do is to state that you pay Income Tax and wish the Cat Welfare Trust to treat your donation as Gift Aid.
