Hall Manager: Mr Mick Coomer

Welcome to the Kensington Cat Club show 2014.

Thank you very much for coming to the show and we hope you all have a good day.

You may have noticed that this year's show is under a new team and our special thanks go to the Committee for their support, to Jill Coomer for being our mentor, her husband, Mick, for acting as our Hall Manager, to Jane Keates for arranging our vets and rosettes, and to Ian Macro for all our show paperwork and processing. In addition we give grateful thanks to everyone who has helped leading up to show day, and on show day itself – without you the show could not go on.

On behalf of everyone we would also like to thank Mrs Helen Hewitt for all her work over many years. Our very best wishes for a continued recovery from the horrible accident she had just before last year's show.

So once again, we hope you have an enjoyable day with some satisfying results, catching up with old friends and possibly making some new ones.

Have a safe journey home, and we hope to see you again next year.

Best wishes

June, Kathy and Penni

This show is licensed by the Governing Council of the Cat Fancy and is open to all. Copies of the GCCF Rules are available from the GCCF Office, 5 King's Castle Business Park, The Drove, Bridgwater, Somerset TA6 4AG. Please make sure you read and understand these rules and the schedule before entering the show. **IGNORANCE OF ANY RULE WILL NOT BE ACCEPTED AS EXCUSE OF ITS BREACH**

Exhibits actually received into the show hall are received on condition that the Club shall not be responsible for any loss or damage to exhibits, boxes, baskets or in any other way and thereafter may not be removed before the Show closes without the permission of the Show Manager. Nobody may remove an exhibit from its pen except the owner, owner's representative or show official. Exhibitors may not carry their exhibits around the show hall or hold them in such a way as to upset other exhibits. Exhibitors must be within call throughout the period of the show, except during the time the hall is cleared for judging. The show closes at 5.00 pm, or earlier at the Show Manager's discretion, and no exhibit may be removed before this time. Failure to observe this rule may lead to disqualification and forfeiture of any prizes awarded.

Notes on Veterinary Rejection

Unfit exhibits must be removed by their owners and payment forfeited. If in the Vet Surgeon's opinion it is desirable, all other exhibits from the same cattery/owner thereof shall be debarred from attending the show.

The Veterinary Surgeon's decision is final.

Where an exhibit has been rejected or disqualified by a Veterinary Surgeon, the show managers shall obtain the reasons and accordingly notify the GCCF within 48 hrs. of the show, ensuring that a copy of the rejection form is forwarded to the exhibitors concerned.

The procedure for veterinary clearance is clearly stated in the GCCF Show Rules. However, exhibitors whose cats have been rejected at shows should note the following points:

- a) When sending a Clearance Certificate to the GCCF Veterinary Officer, please include your copy of the rejection slip.
- b) Do not send certificates by recorded delivery as this can cause delays in receipt. If acknowledgement of receipt is required, please enclose a stamped addressed postcard for signature acknowledging receipt.
- c) Exhibitors should not attend shows until they have received a letter accepting and confirming clearance from the Veterinary Officer.

Judging and Judges

Judging will commence at 10.00 am and exhibitors will be asked to clear the hall until 12.30 pm. Judges are empowered to withhold any prize, award or certificate in any class if an exhibit does not, in their opinion possess sufficient merit. Prizes will be awarded from the judges slip only. **THE JUDGE'S DECISION IS FINAL.** An exhibitor may not enter into any conversation with a judge until that judge's engagement is complete.

Countersigning of Certificates

If your Open Class Judge is changed after the closing date of the show, and the replacement Judge has already awarded a Certificate to your cat, another Judge will be appointed to consider your cat for countersignature if it is awarded the Certificate, PROVIDED YOU TELL THE SHOW MANAGER BEFORE JUDGING STARTS. Countersigned Certificates count towards a title or qualification of Preliminary status breeds. If the replacement judge at this show has also been previously booked for a subsequent show, the closing date of which is before the date of this show, then at the subsequent show this judge can be considered as a replacement judge for the purpose of requesting a countersignature.

CORRESPONDENCE

All correspondence must be accompanied by a S.A.E. if a reply is required. Any complaint related to the show must be forwarded to the Show Manager within 7 days of the show.

Amendments to Show Entries

Withdrawal/substitution requests must be received in writing before the closing date. Please check your entry into this catalogue and ensure that the details are correct. Corrections to your entry form may be made on show day up to the close of the show, however corrections which result in a change of class cannot be accepted after that class has been judged. You must inform the show manager immediately if your cat has been entered incorrectly.

Information for Exhibitors

Your attention is drawn to the following notes: -

Ensure that vaccination certificates are readily available at vetting-in to avoid delay and are properly completed and clearly indicate the identity of the exhibit and the owner to avoid confusion which may result in rejection from the show under Section A of the GCCF Code for Veterinary Inspection.

The use of any product, including shampoos, grooming products, or stress remedies which change the cats normal appearance or physical reaction are strictly prohibited under Section 4, Rule 14.

The use of toxic disinfectants, aerosols and sprays within the show hall is prohibited.

The club welcome advertisements but draw to the attention of exhibitors that advertising attendance at future events could lead to disqualification.

Owners are liable for the cost of any veterinary treatments carried out to their cat(s) during their absence from the show hall.

Top-opening carriers are recommended for use at cat shows.

Any cat which cannot be safely removed from its carrier on arrival will not be vetted-in.

Any cat which cannot be safely handled will not be judged for Best in Show.

Cats which are not normally resident with their registered owner should be transferred into the ownership of their keeper if they are to be shown. Exhibitors are reminded that in the event of rejection, all exhibits in the same registered ownership may also be rejected and clearance may be required for both households.

Cats registered on the Reference Register may not be shown in competition, unless they were registered before their breed had preliminary recognition and are now considered as if registered on the experimental register

Cat Welfare Trust

The Cat Fancy's own Charity, established 1988

Registered Charity No. 800719

cwt

The Cat Welfare Trust is the Fancy's own charity, set up by the GCCF in 1988. The Trust Deed was written to enable funds to be used for the widest possible range of activities to benefit cats. Currently the work of cat rescue is undertaken by GCCF Member Cat Clubs and so the Trust has turned to other ways of improving cat welfare.

Three projects have been completed so far, all of which have been funded because the subjects were of particular interest to pedigree cat owners and were not likely to attract commercial funding in their initial stages.

The first of these was a Ph.D. research project to study the preparation of a vaccine for ringworm and was undertaken by Ann Robinson at Bristol University Veterinary School. The second - the Genome Project was undertaken by Dr Matthew Binns of the Animal Health Trust and resulted in the identification and analysis of 211 markers on the feline genome map. The third - a study into feline chronic gingivostomatitis - was carried out by Kitty Healey at the University of Liverpool. Chronic gingivostomatitis is a condition familiar to many cat owners, this is a very painful disease affecting the gums and mouths of pet cats causing inflammation and ulceration and there is currently no cure for this condition. Kitty's research has established a link between this condition and FCV reinforcing the need for regular vaccination. Kitty's thesis summary can be seen on the GCCF website.

The current project is a study being conducted by Bristol University in conjunction with Manchester University and the University of California-Davis into the genes that play a pivotal role in the control of infectious diseases particularly Feline Infectious Peritonitis.

The study should also objectively determine relative levels of inbreeding in various breeds and whether the gene pool is dangerously narrow putting specific breeds at increased risk of inherited disorders and disease susceptibilities. Results of this latter part of the study should supplement the information available to the BACs when they look at their breeding policies and help encourage best practise.

The Trust is dependent on donations from the Clubs and members of the Fancy and so it is easy to see that in order to be able to make grants large enough to make a difference to cats' lives we rely on you for all the financial support possible. Donations and legacies to the Trust will ensure the continuation of this work. Please remember the Trust when you or your club consider welfare donations.

Please send donations to The Treasurer, Mrs Eileen Fryer, c/o GCCF, 5 King's Castle Business Park, The Drove, Bridgwater, TA6 4AG. Further information is also available from the GCCF Office.

You can help us maximise your support by enabling the Trust to reclaim tax on your donations under the Gift Aid scheme. All you need to do is to state that you pay Income Tax and wish the Cat Welfare Trust to treat your donation as Gift Aid.

Did You Know?

Zoflora is safe to use around your pets. It kills 99.9% of bacteria and viruses and eliminates mal-odours which is why it's so effective for tackling germs and smells left from pet soiling.

Answers to frequently asked questions:

Q: Can Zoflora be used around kittens?

A: Response from the Veterinary Poisons Information Service: As long as directions for use are followed and treated areas dried completely before your kitten has access to it. Zoflora is safe and effective to use.

Q: Does Zoflora contain phenol, which would mean it is unsafe to use around pets?

A: While Zoflora does go cloudy in water, this is down some of the fragrance oils being insoluble in water and is not due to the product containing phenol. As a result, Zoflora disinfectant is safe to use around most pets when used correctly.

Q: Does Zoflora get rid of cat urine odour?

A: Yes, wipe the area with diluted Zoflora (we have 15 fragrances to choose from!) and a damp cloth. Zoflora will neutralise the urine odour whilst adding a fresh fragrant scent that will last for 24 hours.

Q: I would like to keep my pet carrier fresh and clean in my car and avoid pet smells in the car. Can I use Zoflora to keep it fresh?

A: Zoflora is a great product for disinfecting pet carriers, not only will it remove 99.9% of bacteria it will ensure all pet odours are neutralised, great if you are storing the carrier in small spaces or using it in the car.
